W.S.G.A.

The women students of the college are allowed a large measure of self-government, and every girl who registers becomes a member of a democratic body known as the Women's Self-Governing Association.

Dean Powell, the guiding hand, supervises the work of the board of eight members who are elected each spring. These eight members are the representatives of the student body who meet each week to discuss problems of misunderstanding, campus regulations, and possible amendments to the Constitution which would be for the common good.

Each woman student has as much power in this organization as any other, the board is merely a means of executing the needs of the majority. At least once a month, the presidents of the respective women's houses meet with the board. On these occasions the board can become acquainted with problems and problems are shared.

In defense against the rules which would be for the common good.

U. S. Army General of the U.S. Army Tuesday changed the title of Dr. Winn F. Zeller, for the past four years Director of the Department of Drama and Chairman of the Academic Division. Since the declaration of war he has also served in the semi-official capacity of Military Service Counselor, exploiting service opportunities and the various military reserve plans for Military Service Counselor, exploiting service opportunities and the various military reserve plans for the peace and for the war effort.

In speaking to the freshmen last Tuesday evening, Dr. Job emphasized the importance of making of life all that is possible and, in these times especially, of putting forth every effort to do what you are most capable of doing to aid your country.

To many young men, who have been wondering if going to college was a worthwhile effort in these times, Dr. Job said: "Those young men who are now entering college should be proud and happy that they are able to make their contributions to the war effort by gaining a college education."

He said that we should not only prepare for war, but for the peace which will follow and "Business as usual" is the best contribution which can be made to this program.

President L. B. Job

A telegram from the Adjutant General of the U.S. Army Tuesday changed the title of Dr. Winn F. Zeller from Director of the Department of Drama and Chairman of the Academic Division. Since the declaration of war he has also served in the semi-official capacity of Military Service Counselor, exploiting service opportunities and the various military reserve plans for the peace and for the war effort.

Dr. Zeller came to Ithaca College in 1938 as Acting Director of the Department of Drama. The next year he was named Director of the Department, and a year ago was added the responsibilities of Chairman of the Academic Division. Since the declaration of war he has also served in the semi-official capacity of Military Service Counselor, exploiting service opportunities and the various military reserve plans for the peace and for the war effort.

Dr. Zeller served for two years as Associate Professor in English and Director of the Post Theatre at The Ithacan... (Continued on page 4)
Football

Practice for the '42 football season will get underway at Percy field this week, according to the latest report from Head Coach Bucky Freeman. Altho a schedule has already been arranged it is not certain whether all games can be played. The question of adequate transportation and the fact that several schools of Ithaca college calibre have dropped the sport for the duration leaves doubt in the minds of the coaches. One example of the latter is the case of Thiel college one of the few teams in the country that was undefeated and unscored upon, with the exception of the lone touch-down scored by the I. C. Bombers. Another factor causing the coaching staff much concern is the probable absence of many veteran stars due to the accelerated program which will take them out of town to teach. According to Coach Freeman, "the slack will have to be taken up by the incoming freshmen."

In all probability some of the veteran campaigners will again see service this year. Included is (Continued on page 4)

Coach Doe Yavits predicts that his '43 season soccer team will be "much better than last year." Despite the fact that players like Keeler, Carlton, Fay, and Gallagher will be out of practice teaching and such stalwarts as Watkins, Seavey, Danny Murphy and Mickey Maguire have been lost to the armed services, there will be plenty of material on hand to produce an effective club", the coach said.

He pointed out that along with the large group of experienced players that were here for the summer session he would have Halstead, Fitzgerald, Stone and possibly Uhr who played under him during the past season.

An attempt will be made to maintain a freshman team. A schedule has been arranged for the first year men, altho the problem of transportation for both the freshman and varsity club still exists.

Practice for both clubs is scheduled for this week on the new field at Meadow Lark lane.

Dr. Zeller Leaves
(Continued from page 1)

Whittier College, Whittier, Calif.
His graduate work was completed at the State University of Iowa, where he specialized in creative literature under direction of Professor Norman Foerster and in theatre production with Professor E. C. Mabie. Dr. Zeller and Mrs. Z. first met backstage at a Univ. of Iowa play, in which the doctor and a wig, in the production for which Mrs. Z. served as stage manager. Before going to Ithaca, Dr. Zeller did undergraduate work at Berea College, Ky., where he worked his way through school by teaching physical education and editing a newspaper.

With regard to leaving Ithaca College, Dr. Zeller said: "Ithaca has become a vital part of me, and I hope that in some way I have been a useful part of Ithaca College. But long before America entered this war, I felt that without a democratic victory, all our educational institutions are meaningless. I have sought to contribute whatever service to the armed forces I could and while regretting that life and those fellow-workers left behind, I shall go eagerly to the new, harder job ahead. I'm confident that those who take over in my place will find good foundations on which to build an ever-finer Ithaca College."

No plans have been announced as to the faculty arrangements which are necessitated by Dr. Zeller's leaving, but there is every assurance that the Drama Department will function as usual.

Lt. Arthur Sorrel Killed In Plane Crash

Second I. C. Grad to Lose Life in Service

Word has been received here of the death of Lt. Arthur Francis "Sonny" Sorrell, 27, of Plattsburg, States Army Air Forces. According to the telegram received by his parents on Monday, Aug. 24, 1942, the former I. C. graduate "was killed in an airplane accident in the Southwest Pacific theater Aug. 16, not in enemy combat."

His squadron was the first to span the Pacific ocean in formation flight, arriving at Clark field in the Philippines previous to the declaration of war. He was among those to follow Douglas MacArthur after the evacuation of the American forces from the Philippines to Australia.

Lt. Sorrell was the second I. C. graduate reported to have lost his life while serving in the armed forces since the beginning of the conflict. Earlier in the summer it was reported that Norman Lancaster lost his life as the result of an accident that occurred during pre-flight training at Langley field, Va.

Ithaca for medical care rather than consult the clinic, he is at liberty to do so. In this case, however, the medical service is not included in the Infirmary fee.
