Lloyd R. Meeker, Jr., has been appointed to the newly created post of assistant director of admissions at Ithaca College. The President announced recently.

Meeker has been Sports News Director for the radio-station of the college. He is a representative of the radio station WTKO, since he opened the station in 1950. From July 1955, until his position with WTKO, he was an admissions counselor at Ithaca College.

Meeker, a former resident of Geneva Falls, was graduated from Ithaca College in June, 1955. While an undergraduate, he was president in college activities: President of Student Council; was elected to Theta Alpha Phi, national dramatic fraternity; co-ordinator of Fresh Camp, and had roles in many College Theater dramatic productions.

Activities Books Available

ALL students who have not received their Activities Book can pick them up by taking them to the Business Office to be typed and mailed to them.

Roy D. Colle, a native of Morrisville, is another new instructor in Ithaca College. He is a graduate of the University of Pennsylvania and the City College of New York in 1956. He was a member of the Brooklyn College last six years.

College Places High In National Tests

During the course of the school year 1955-56, Ithaca College administered the Modern Language Department, the Civilization Testing Program, and the Sophomore Testing Program.

The results for Ithaca College in these tests are high and average in relation to other schools competing in the American Association of Collegiate Schools.

In the College Accounting Testing Program, Ithaca College was placed 15% above the national average and in the American Association of Collegiate Schools.

In the Sophomore Testing Program, Ithaca College was placed 10% above the national average and in the American Association of Collegiate Schools.
Welcome to I.C.!

The Ithacan Staff most eagerly welcomes all freshmen and transfers to Ithaca College. On behalf of the students of all departments, we welcome you not because of some time honored tradition that demands that we do so, but rather because we sincerely desire to have you among us. You are that influx of strength and new ideas to which we all contribute developmental improvement and fine the college. Not too many months ago, we lost from our ranks a group of fine individuals that constituted most of our solidarity. Now these individuals are the nation's gain and our loss. Yet, there is no need for alarm or pessimism for now you are among us! We look to you to revitalize our ranks, to provide us with purposes, of desire to succeed and, most zealously, your faith in the future. Now that you are among us, we have responsibility to the college, to the students, and yourselves. It should be your decision to fill these vacancies in our ranks ... to prepare for that time when you will be the leaders of the society of Ithaca College.

Elections

In this year of the Presidential election when everyone is keyed up about campaign issues and the candidates, it seems apropos to say a few words about elections on the college level.

Although some students at I.C. are able because of chronological age to enjoy the voting privilege in the coming national elections, a good many have not yet attained the minimum voting age. We feel, however, that in elections during the course of the college year, consequently, we should all be conscious of election procedures and elections, in general.

The Ithaca College elections at fall short, as they do on a national level, in taking advantage of the voting prerogative. It seems pretty unnecessary to repeat the time-worn phrase that since our forefathers won the right of self-government by war, voting has now become both a privilege and a duty. Everyone of college age should realize by now, in spite of this, organization and especially class elections are conducted with so few voters in attendance that there is very seldom a number even approaching a majority. Of course, some students are interested enough to attend a class election, but many become so digustcd by the way an election is conducted that they vow never to attend another. Therefore, I believe that electoral procedures should be improved before better attendance can possibly be expected.

When attending an IC election, one immediately notices a dearth of rules for procedure. If there are any such rules, they are not strictly followed or at least observed. Nominations as made for no apparent reason other than popularity and elections are held immediately after the nominations with no time allotted for campaigning. The net result is that the students wind up with a slate of officers whom they probably didn't have no desire to work with. Nominations for offices are made for no apparent reason other than popularity and elections are held immediately after the nominations with no time allotted for campaigning. The net result is that the students wind up with a slate of officers whom they probably didn't have no desire to work with.

This type of election has no place in a democratic form of government. Who can do something to guarantee democratic elections at IC? Every student should want to do something, but the Student Council has the power to govern and conduct elections. The Student Council should be aware of this problem. Therefore, the next issue of the Ithacan will contain recommendations to the Council for conducting better elections at IC.
Standing on the Corner Watching... How did you find the campus of Ithaca College when you first arrived here? Chances are you had to ask someone. You might have stood in front of the administration building. You have not yet chosen your choice of guides. It seems fairly logical that the simplest solution to the problem would be to post readable signs. Every building owner or connected with the college should be designated such. A little publicity of this sort wouldn't hurt. I.D. • E.O. or some other

Students taking Modern Far Eastern Policy or American Foreign Relations will find it helpful to know that there are six volumes in the library pertaining to local governments in New York State. The reports on these governments were written by the students who took this course in the year 1956.

There are many papers dealing with local governments in both large and small cities that are cataractous and bound in volumes for further research. The main use for the binding of these volumes was appropriated by the Ithaca College Library Fund.

The Alumni Fall Homecoming News
Mrs. Lilian Vail, Alumni News Secretary, has announced that the Alumni Fall Homecoming Weekend will be held from November 8-11 this year. Highlights of the weekend will be a luncheon on Saturday, November 10, honoring Dr. Job, President of Ithaca College.

At the alumni branch held on April 14, 1956, Dr. Job announced his resignation from the presidency effective February 14, 1957. At the association meeting following the brunch, alumni voted to honor Dr. Job at the luncheon on November 10, 1956, held at time of Fall Homecoming. Plans are being made for every class to provide at least one member who graduated under Dr. Job's presidency.

I.C. Buys Facilities
From Government
The Ithaca College dining hall has joined with other parts of the school in a face lifting project with new equipment. The large addition to the kitchen has been made to accommodate the dishwasher purchased from Sampson Air Force Base. The facility is closed down its activity. This dishwasher along with a potato peeler were inexpensively purchased, but Ithaca College obtained them as second-hand at an educational disposal price.

In addition to these dining hall facilities, our Sampson was purchased to be converted to an official Ithaca College transportation vehicle.

Graduate Record Examinations Will Be Administered at Four Nationwide Sessions During 1956-57
Princeton, N. J., Sept. 14: The Graduate Record Examinations, required of applicants for admission to a number of graduate schools, will be administered at examination centers throughout the country four times in the coming year. Educational Testing Service has announced. During 1956-57 more than 9,000 students took the GRE in partial fulfillment of admission requirements of graduate schools which prescribed it. This fall candidates may take the GRE on Saturday, Nov. 1, 1957, at the dates are Jan. 19, Apr. 27, and July 6. ETS advises each applicant to inquire of the graduate school of his choice which of the examinations he should take and on which dates. Applicants for graduate school fellowships should ordinarily take the designated examinations in the fall administration. The GRE tests offered in these nationwide programs include a test of general intellectual ability and advanced level tests of achievement in various subject matter fields. According to ETS, candidates are permitted to take the Advanced Test and/ or one of the Advanced Tests.

A Bulletin of Information, in which an application is inserted, provides details of registration and administration as well as sample questions, may be obtained from college advisors or directly from Educational Testing Service, 20 Nassau Street, Princeton, New Jersey, or P.O. Box 7266, Los Angeles 27, California. A completed application must reach the ETS office at least fifteen days before the date of the administration for which the candidate is applying.

Freshmen Warned
To Wear Beanies

The other day as this writer was walking down West Buffalo Street he spied what appeared to be a blue felt object protruding from the right rear pocket of a bald-headed freshman. Upon closer inspection it was discovered that this blue felt object was a beanie. Now every intelligent freshman knows that the right rear pocket is not the place for a beanie to be worn but according to custom and tradition should be worn on the head. This is a most serious offense.

However, it is generally agreed that here at Ithaca College discipline is lax if not all. Punishment for these crimes is both varied, unusual, amusing and eternal. Evidently, it was not within the realm of this particular freshman's knowledge that the wearing of the beanie is a hallowed and glorious tradition. Usual punishment in cases of this type range from mild rebukes to severe reprimands and brainwashing.

However, brainwashing is not allowed at this institution, so therefore it is contemplated that a modified trial by court without benefit of jury or defense counsel will take place.

Freshmen are required to display the beanie at the usual location until such time as the date for the Fresh Rolleis is announced. It has come to the attention of this writer that all future violators will be duly exposed and prosecuted. It will be the policy of the Ithacaan to publish the names of all violators in its next issue, and it would behoove all upperclassmen to cooperate with us in this venture by reporting all discrepancies to officials of this paper.

Appropriate disciplinary action will then be announced.

Newman Club Extends Thanks

Civil Service Announces Examinations

The United States Civil Service Commission has announced an examination for filling Accountant and Auditor positions in various Federal agencies in Washington, D.C., and vicinity. Some positions may also be filled in foreign countries and in the Panama Canal Zone. The entrance salaries range from $4,250 to $13,600 a year.

To qualify, applicants must have had appropriate experience or a combination of education and experience. No written test is required. Further information and application forms are available at many post offices throughout the country, and at the United States Civil Service Commission, Washington 5, D.C. Intended persons should ask for Announcement No. 66. Applications will be accepted by the Civil Service Commission until further notice.

Law School Admission Test Will be Given Four Times This Year

Princeton, N.J., Sept. 18: The Law School Admission Test required of applicants for admission to a number of leading American law schools, will be given at more than 100 centers throughout the United States on the mornings of Nov. 19, 1956, Feb. 18, Mar. 4, and Aug. 10, 1957. During 1955-56 over 11,000 applicants took this test, and their scores were sent to over 100 law schools.

A candidate must make separate application for admission to each law school of his choice and should inquire of each whether it wishes him to take the Law School Admission Test and when. Since many law schools select their freshman classes in the spring preceding their entrance, candidates for admission to next year's classes are advised ordinarily to take either the November or the February test, if possible.

The Law School Admission Test, prepared and administered by Educational Testing Service, features objective questions measuring verbal aptitudes and reasoning ability rather than acquired information. It cannot be "crammed" for. Sample questions and information regarding registration for an administration of the test are given in a Bulletin of Information. The Bulletin (in which an application for the test is inserted) should be obtained four to six weeks in advance of the desired testing date from Law School Admission Test, Educational Testing Service, 25 Nassau Street, Princeton, New Jersey. Completed applications must be received at least ten days before the desired testing date in order to allow time to complete the necessary testing arrangements for each candidate.

Civil Service

The United States Civil Service Commission has announced an examination for Geophysical (Exploration) for filling positions in the Geological Survey, Department of the Interior, and various other agencies in Washington, D.C., and throughout the United States. Some positions may be filled in United States Territories and Possessions, and in foreign countries. The entrance salaries range from $2,670 to $11,813 a year.

Appropriate education and experience are required. For positions paying $2,670 and $4,250, education alone may qualify; for written test is required. Further information and application forms may be obtained at many post offices throughout the country, or from the Bureau of the Budget, Room 329, Post Office Building, Washington, D.C. Applications will be accepted by the Board of U.S. Civil Service Examiners, Geological Survey, Department of the Interior, Washington 25, D.C., until further notice.
