I.C. Bombers Face Brockport Sat’day

The Ithaca College Bombers face Brockport State in their second game of the season, Saturday, October 1, at 2 p.m. on South Hill. Last year, the Bombers defeated Brockport 22 to 11. Friday, at West Chester State Teachers College in Pennsylvania, the Bombers were defeated by a score of 19 to 18.

There are nine new members on the Ithaca College eleven. Prior to the game at West Chester, Ithaca coach Dick Lyon stated that although this year's team is critically small there is a lot of potential and a need to substitute heavily for size.

Bill Scores Touchdown
Quarterback Chidy's short pass to Gary Hill was good for the Bombers' lone touchdown. Bob Valentine took another Brady pass over for a touchdown.

W. C. Rams Keep Lead

"Keep it Simple
Make It Fun"
FroshCampMotto

Sunshine and blue skies prevailed over Frosh Camp, 1960 as 175 freshmen and 25 counselors attended the I.C. camp site for these days.

Directors

Directors of Frosh Camp were Pat Beyer, a senior in Physical Education, and Bill Coeman, a sophomore in Radio-Television.

Master of Ceremonies, Alan Gusheau, had freshmen and counselors shouting the motto XERMID, keep it simple, make it fun throughout their stay.

Student-Faculty Relations

Dr. Humeston spoke to the new students on the differences between college and high school courses and goals. Mrs. Helen Hood and Dr. Earl E. Clarke stressed the importance of good student-faculty relations.

Later the incoming students had a chance to meet with President Howard I. Dillingham, other members of the faculty, and pasters of the Ithaca churches.

Among the planned activities for the camp was an evening of skits performed by the Frosh and also a Saturday night dance.

I.C. RECEIVES $2,400 GRANT FROM KODAK

Ithaca College has received a$2,400 direct grant from Eastman Kodak Company.

Direct grants are given by Kodak to privately supported colleges and universities that are of the number of graduates of each institution who joined Kodak five years ago and are presently employed by the company.

These grants are designed to help schools compensate for the differences between the actual cost of education and the amount these graduates have paid in tuition and fees.

The grants also serve to recognize the role graduate students in these institutions are playing in the company's business.

This year's grant to Ithaca College is based on William V. Alexander, class of 1960.

Throughout American education, there is a growing concern for what has been labelled by some as student apathy. Basically what is meant by the term is lack of concern; indifference to what appeals to the interests, and the lack of commitment to action. For example, certain thinking individuals are wasting away their talents and sparks of originality in groups without structure. These are fluid discussion groups in which there is no commitment to action, even if conscious is reached. These individuals are wasting their time, putting everything around them in relation to themselves. Their obvious talents are being wasted. We suggest that these people become a part of organizations that will benefit them and their classmates. Collective action is becoming the byword for effectiveness, and unfortunately as it may be, individual action is only effective insofar as it is followed by further individual action on the part of other individuals.

Last year's class meetings were attended by a very small group of interested, well-intentioned people, who were willing to act. But action did not evolve due to the lack of student participation. Previous meetings should have been held in the Snack Bar. Another heartbreaking example of student apathy occurred last year's Spring Weekend preparations. The event set a precedent for future WEEKENDs. However, because of the lack of student participation on all levels, the possibility of following that precedent is improbable.

Apathy also extends into the classroom. It is a sad fact that the grade C dictates study habits of the vast majority of the students. Is the attitude of doing just enough to get by good enough or should something more be expected? Apathy is a creeping, all-engulfing phenomenon which as we have pointed out has raised havoc with our upper-classmen. The incoming freshmen must be aware of this. We for one do not wish to see any apathy involving you. The only way to avoid this is by action on your part. Infuse your youthfulness and enthusiasm into school activities. Give them life, and give us a new life!
