**Coed Displays Fine Technique in Ties. Night Violin Recital.**

On Tuesday evening, November 13, Mr. Coad gave a recital of violin music on the stage of the Little Theatre. The program was composed of: Concerto Sonata in E. Major, by Mozart, with violin and orchestra; Romance by Tchaikovsky, with soloist; and a Serenade for Violin and String Quartet by Beethoven.

Mr. Coad, a student of the music department, has been studying the violin for several years under the guidance of Mr. Donald Tower, who is a noted violinist and teacher. Mr. Tower speaks about "always a place for the student to improve and grow." The recital was well received by the audience who appreciated the fine technique displayed by Mr. Coad.

**Little Theatre Boards To Be "Trod" As In Days Of Old.**

In one of the most instructive and enjoyable assemblies held here in quite some time, Dr. Donald Tower spoke on the subject of "The Fountain of Youth." Dr. Tower, who is known throughout the country for his work in the field of drama, gave a talk that was both entertaining and enlightening.

Dr. Tower spoke of the importance of drama in our daily lives and how it can be used to bring about a greater understanding of the world around us. He also discussed the techniques used by great directors such as Stanley Kubrick and Orson Welles.

Dr. Tower's talk was well received by the audience, who were left with a greater appreciation for the art of drama.

after the ball had been put in play. While special mention must be given to Spinks, Merk, Herrmann, and Window, the entire team deserves the credit of the win. It demonstrated once more the accuracy of teamwork and the ultimate outcome when it is properly handled.

The next game that the soccer team will be asked to answer was a different story, and when the ball was blown, the score was Ithaca-1, Temple-2. The Temple team played small ball of kickers was responsible for the defeat.

Mild and yet they satisfy

how do you do that?

Well, to start with, we take tobacco from our own Southland — mild ripe tobacco with lots of natural flavor but no harshness or bitterness.

THEN AS A SECOND STEP—

We blend this home-grown tobacco with spicy, aromatic Turkish tobaccos from across the seas. These Turkish tobaccos, you may know, have a flavor and fragrance entirely different from our own.

AS A THIRD STEP—

These tobaccos are cross-blended—welded together—the best way we've found to get a more pleasing flavor and a better taste in a cigarette.
