COOL AND THE GANG
DR. S.T. FRIEDMAN

UFO'S
MYTH AND MYSTERY
CHILDREN
AND
YOUTH

In October the First Statewide Conference on Physical Education for Children and Youth was held on the Ithaca College Campus. Nearly 1000 administrators, educators and students attended.

The Conference opened with a special appearance by Jean Kennedy Smith, sister of the late President John F. Kennedy and representative for the Joseph P. Kennedy Jr. Foundation for the Mentally Handicapped.

The group attended demonstrations and lectures for a week by noted educators. One of the activities, (pictured on these pages) was a wheelchair basketball game in which students at the college manned wheelchairs along with handicapped children for a very exciting experience.
THE GLASS MENAGERIE

This has been a year of renovation at Ithaca College. Among those included in the renovations was the Ithaca College Bookstore which was previously located in the Union. It has now moved to the area between the East and West Towers which was formerly the Pub. Since its move the bookstore has acquired many new things. Among them a new name, The Glass Menagerie. The store has also acquired a small deli, a photography section, a larger assortment of paperbacks and magazines and many other items. According to some, there is only one drawback, "It's further to walk."
"TREATS FOR SENIORS"
In the past, it has been a tradition for the Seniors to donate money to a Senior Scholarship fund. This money is given to seniors who in their last year find that for some reason they will not be able to complete their education. This method of donation has not been very successful recently and this year’s Senior Class has implemented a new method for obtaining these funds. In January the Senior Class opened a franchise of Penny Lane Candy at the newly renovated Union Desk. Students are able to purchase Licorice, Tootsie Rolls, Chocolate, various types of peanuts and bubble gum. If fully utilized by students, the candy shop is expected to make anywhere from $200.00-$500.00 a week. This would mean that a minimum of $100.00 a week would go into the scholarship fund. At this point it seems as if the Senior Scholarship fund may be quite large.
Oracle is the Senior Honor Society. The purpose is to recognize students who demonstrate high standards in scholarship and through participation in extracurricular activities. This year 135 seniors were honored with membership.
The purpose of the Speech and Hearing Association is to stimulate interest among college students in the field of speech and rehabilitation. To encourage professional growth in providing a learning experience that is not offered in formal study. By offering the opportunity for social and professional leadership, and providing stimulus the Association hopes to inspire high planes of achievement in academic and clinical activities.
The United Christian Fellowship is the Protestant community on campus. The fellowship sponsors weekly worship services and participates in community action projects off campus, such as the Elmira flood relief effort.
NEWMAN COMMUNITY

THE SNACK BAR

The Society of Clio is the organization which affords History and Social Studies Majors the chance to meet and discuss topics of historical interest. The Society also elects representatives to all History faculty committees, giving majors a significant voice in the decisions of the department.
AFRO-LATIN SOCIETY

The Riding Club is composed of interested riders of all skill levels from beginners to advanced riders who have ridden most of their lives. Some of the functions of the club are: holding various clinics, holding shows for Ithaca College Riders, obtaining speakers and movies and forming a team to represent Ithaca College at Intercollegiate shows. The team which represents the school is chosen from the most capable members of the club. The shows are equestrian in nature. This means that the riders are judged on the way they look mounted on the horse and how they handle the horse rather than how the horse looks. Despite our lack of proper facilities this year our team did very well. Out of 12 teams we came in fifth for the year. Hopefully we will improve in the future.
The Ski Club was designed to promote recreational skiing. Members of the club have the opportunity to travel and interact with others. The club was started in the fall of '72.
STUDENT ACTIVITIES BOARD OF DIRECTORS

STUDENT ACTIVITIES BOARD
Front Row: R. Berlage, News Director, J. Kosian, General Manager, T. Tompkins, FM Program Director. Row 2: B. Nicholson, AM Program Director, J. Searles, Sales Manager, R. Paolangeli, Faculty Advisor.

WICB/AM broadcasts exclusively to the IC campus and programs popular progressive music. WICB/FM Programs entertainment and information to the entire city of Ithaca and vicinity. WICB AM/FM is entirely student run. Students work with programming, production, sales, news, and on the air talent.
Two Chemistry research teams under the direction of Dr. Robert Pasternack and Dr. Glenn Vogel join to proclaim "Porphyrin Power". Porphyrins, chemical compounds essential in a number of biochemical processes, are the focus of extensive research.
SAACS is a professional organization that strives to develop and maintain a program beneficial to both its members and the college community. This year SAACS sponsored seminars in "New Vistas in the Health Professions".

Ithacan, Cayugan Disband

TIME AROUND

There are, according to our information, less than 250 students entirely independent except in the Ithacan, Cayugan newspapers in this country. And now there is one less. The Ithacan, independently incorporated since 1948, will cease publication following this issue.

This one cannot be blamed on Job Hall. This year the Ithacan has received more cooperation and assistance from the administrators of this college than it could ever have expected. No, the problem, sadly enough, lies with you, the Student Body.

For eight long weeks the Editorial Board of this newspaper has implored the students of Ithaca College to get involved in their STUDENT newspaper. We ran advertisements in our pages. You didn't answer. Even. We acceded you in the Student Union, in Friend's Hall, in your dorms and asked you to write, to sell advertisements, to help type in lay-out a newspaper. You smiled, shrugged, and said "I'm too busy." Or you laughed and asked "Are you crazy?" And some of you said "Sure, I'd love to help out" and you never came. A few of you did come, did write, did sell ads—and we couldn't thank you enough. It was your help that kept us going.

Five or ten students, however, depending on the particular week, have been doing 90% of the work involved in publishing a weekly newspaper. About five of us are working out of school because 50-90 hours a week. The Ithacan doesn't leave much time for study. And where are these students who are indignant when the Ithacan comes out later on the same day that you come home?

We wonder what caused the state of affairs. Our first impression is to look at ourselves and try to understand what we did wrong. Perhaps we made the mistake of thinking there are still students who are concerned with the tragedy of indenturing, or the political integrity of South Africa. But if you didn't like our political orientation or the content of our copy, why didn't you write something—perhaps we would have printed it. Why didn't you get involved? As much as we disagree with the basic philosophies of Mr. Pals of the Editor, Department, we can't help but respect him and thank him for acknowledging our existence by taking the time to write lengthy comments to us.

It is our assumption that the apathy of late in regards to The Ithacan is only another manifestation of the general apathy which characterizes much of the student body of Ithaca College. And perhaps we should not limit this prognosis to I.C. One-third or more of the Student Congress here is composed of representatives who were never elected. There was no reason to hold elections among them when they were the only students interested in the job. When it comes time to appoint or elect students to various Congress and campus committees, the Congress Chairmen, at a meeting of that body, finds himself compelled to literally beg people to join one committee or another. How many of you even voted in the last Congress election? Is anything important save that after dinner dance, some good music, and maybe a little studying if you have the time?

Let us not limit our discussion to newspapers and Student Congresses. A small group of dedicated students have spent many weekends helping disaster victims in the Elmira area following the flood there this last summer. Why were there not hundreds more willing to give up some time to visit fellow human beings in need? Why did the Free Lunch Federation, the button of political activity on this campus, have only two persons in attendance at its first official meeting of the year? Why, on a college campus—which is supposedly the "center of enlightenment"—is there almost no communication between black and white "communities?" And why is much of the small amount of communication which takes place between these two groups unilaterally negative and hostile? Have you ever thought about this?

The Editor of the I.C. yearbook (who also filled the position of Copy Editor for The Ithacan) will tender his resignation to Student Congress on Tuesday night. It is expected that her entire staff will follow suit. Do you have a right to complain? What have you done for the Cayugan? What did those who complained about last year's yearbook do to make it better? And what about those organizations who last year refused to accommodate the yearbook staff (35 people) and got these pictures taken and then complained when they did not find their photographs in the book?

What are the roots of this social apathy which seems to have engulfed just about all of us? Perhaps the pain, the bitterness, the numbness, the "quiet" years. How can we chart our parents for a lack of social concern? How can we berate them for their concern with money, with alcohol, with suburban mate-swapping? Consider for a moment how you would react if Mom and Dad stopped sending you generous allowances every week. Check out the Vaut or the Somewhere Else on a Friday afternoon or A Salty Dog on a Friday evening. Walk down the hall in your dormitory, on any floor, and catch the scent of ounce after ounce of marijuana as the smoke filters out from beneath every door. What makes us so different from our parents? What gives us the right to call ourselves a concerned generation?

Ithaca College students, Cornell students, students in general—you blew it! You threw a temper tantrum for ten years and when you didn't get your way immediately you gave up. When Lyndon Johnson and Richard Nixon didn't end the War, you chose to forfet it. When the poet of the nation didn't get rich quick you chose to forget them. When blacks and whites, yellow and reds didn't come together as one, big, happy family you chose to forget each other. And since Ithaca College isn't the paradise that you'd like it to be, many of you, even as you go on living here, have chosen to forget Ithaca College.

There are a few people on this campus who have not forgotten all these things. Certainly we at The Ithacan are not going to slip into a hole and forget our responsibilities as individuals to the varying societies of which we are a part. We will be found at Job Hall, at Student Congress and Community Council meetings. We will be working with the Free Lunch Federation, the Rest of the News, and anyone else who CARES. We will be actively concerned with Ithaca College, Tompkins County, the United States, Indochina, and the rest of the world. But we will not continue to forfet our educations, trim our health, and deny ourselves any kind of a personal life in order to publish a newspaper that only a small minority of you deserves. As President Franklin D. Roosevelt once said, "Never before have we had so little time in which to do so much."
Pi Kappa Delta is the National Honorary Forensic Fraternity. The purpose of this organization is to stimulate progress in and to further the interests of intercollegiate speech activities and communication in an effort to provide functional leadership training for life and at the same time encourage a spirit of fellowship, brotherly cooperation and incentive for achievement.

ITHACA COLLEGE PUBLIC THEATRE

The Ithaca College Public Theatre’s purpose is to give all interested students and faculty an opportunity to perform and work on productions throughout the year, outside of the Drama-Speech Department. The auditions are always open and, once involved in a production, one becomes a member. The organization is run by a Board of Directors comprised of students and a faculty advisor.

This Spring we completed our second season of productions. Since our founding in January 1972, by David Freiberg, John Kroner and Tom Demenoff, the ICPT has presented seven shows and has formed a touring variety show of 15 called “The Friends and Lovers”. The most memorable productions were “A Tribute to Hair”, “Canterbury Tales”, “The Boys in the Band”, “Bye Bye Birdie” and a nightclub show “An Evening of Entertainment.”

STUDENT CONGRESS ELECTIONS
Every Spring Student Congress Elections are held. This spring was no different in that respect. In other respects this election was different. Pictured on these pages are the candidates and the students who attended one of the many debates held by the two parties. This year more active campaigning was done than ever before. Both parties seemed alike in many respects and this made voting a difficult task. Although participation in the campaign was high, voter turnout was relatively low. The Election was won by Kenny May (Student Body President-Innovator Party; Cindy Miller-Vice President Student Affairs-Innovator Party; Terry Brookings-Vice President for Student & Campus Relations-Innovator Party; and Don Senderwitz-Vice President for Business Affairs-New Horizons Party.

Service to others through music
Sigma Alpha Iota is a professional music fraternity for women. We strive for the betterment of music on campus and the community.

SIGMA ALPHA IOTA
Phi Alpha Theta is a national history honor society. Eligibility is based on overall academic achievement with special emphasis to excellence in history. It's the largest of accredited honor societies, with chapters established on the campuses of nearly 340 four-year degree granting colleges and universities in 45 states. The Ithaca College Xi-Chi Chapter was started in 1969 and has been steadily growing. Activities include a regional conference, scholarships and a paper contest which is open to members.
Rho Chapter of Delta Mu Delta, National Honor Society in Business Administration was installed at Ithaca College on May 3, 1966. It is a fraternity to which membership is based solely on scholarship and character.

The blue bus pictured on the opposite page is a familiar sight on the Ithaca College campus. However many people are not aware of the purpose of the bus and merely see it parked on a lot near the Speech Pathology Department.

The unit was designed by T. Walter Carlin, Ph.D. and manufactured by the Gerstenslager Company, is approximately 33 feet in length. Of this, 27 feet is usable space, divided more or less equally into four areas. Two of these areas are a reception area consisting of a desk, typewriter and seating space for four persons and an otology area consisting of a great deal of storage space for medical supplies, a rotating chair with head rest and a sink. The room is designed for use by an otologist. A testing room which is sound treated is the third area. The room is insulated and isolated mechanically as far as possible from the body of the Unit. Last, but not least, is the instrumentation room housing a Peters 2-channel diagnostic audiometer equipped with air and bone conduction pure tone and speech facilities as well as sound field facilities. This audiometer is standard in its potential for performing small increment sensitivity index, loudness balance testing and all other standard diagnostic tests. Also in the instrumentation room is a Grason-Stadler E8000 Bekesy Audiometer, a Madsen Acoustic Bridge and a complete averaged electroencephalic audiometry complex.

The Unit itself was a gift to Ithaca College from the Gebbie Foundation of Jamestown, New York. The instrumentation aboard was purchased by Ithaca College at an expense of approximately $20,000. The Mobile Unit has been in service since September 1970. As many as 345 people have been screened in one day.

At present, the Unit rents for $300 a single day or $500 for two days back-to-back. The hours of utilization are determined by need and response rather than by the clock. The Unit itself must be viewed as a tool to be utilized in a total rehabilitation program in those areas where it can be of most service to each individual sponsor.

FROM THE EDITOR
I would like to thank all those who helped make this book possible. This year an abnormal amount of problems arose for the Cayugan, and through it all a core of people helped us through them. My very special thanks to Sandy Rockwell, Bob Bonnell, Jan Gatti, Pam Moyer, Joe Gilroy, and Bill Celano. Without the help of these people, there would be no yearbook.

One of the most important problems this year was that an entire section was lost in the mail... the Sports Section. Although we were able to replace a few of the team pictures, the majority of them were irreplaceable, and therefore did not get into the book. I would like to extend my sincerest apologies to those on these teams, and to the entire school of Physical Education, and I know that the rest of the Cayugan staff joins me. I do not feel that the book is complete with such an important area of campus life eliminated.

I hope you will all enjoy your '73 yearbook. I enjoyed putting it together.

Sincerely,
Larry Van Deusen
Editor

P.S. Good Luck '74 CAYUGAN!!
