Scampers Breaks Tradition; DeBenedicts Musical Slated

SCAMPERS, Ithaca College’s annual student production, this year will be a musical. The novel of the same name, published in 1900 by Wares, was taken after the group had the opportunity to examine both the "book" show and a variety of music as had been written for contribution to this year’s Scampers. It should also be pointed out that there was a time when "book" shows were the accepted practice. As singing, dancing, and acting are interested, as indicated below. Those interested in doing technical work should consult the person in charge. Those interested in directing or producing the show as a whole, or in organizing a specific type of show, should consult the director of the production of the "book" show. The program, sponsored by the student body includes only past members of the faculty advisory board. The show to be produced this year is "The Life of an Artist," which will be directed by a world-famous performer. It will also be directed by a member of Reese Markewich’s quartet, who will also direct. The show will be presented on the NBC series, "Great Choralists of America." These three broadcasts will each be of eight minutes duration, and may be heard by local listeners over stations that are affiliated with NBC. These include stations WBAI in Brooklyn, WOR in New York and WNYC in New York. These shows will each be written to feature the talents of individual students or additional performers, and will be broadcast over stations that are affiliated with these broadcasts. These shows will be presented by the group of the "Great Choralists of America," which is the goal of this year's Scampers.

Annual Christmas Concert Dec. 18th

The Ithaca College Choir, directed by Mr. Donald B. Bube, will hold its annual Christmas program at 8:15 p.m. Wednesday evening, December 18, in the Little Theater. Both modern and traditional carols will be presented by the 50-voice mixed choir. These will include such numbers as "The Kentucky Wassail Song," "O Come, all Ye Faithful," "Deck the Hall," and "God Rest Ye Merry Gentlemen," the latter being arranged by Warren Benson, Assistant Professor of Music at Ithaca College. The evening’s performance will contain works by Schenck, Sweeney and others. (Continued on page 2)

Dr. Glen R. Olds To Speak Tomorrow at 2nd Annual Religious Emphasis Day

He is a fellow of the National Council on Religion in Higher Education, a member of the commission on Student Personnel of the American Council of Education, and a number of numbers of national and state organizations. He has spoken extensively in the Universities of America and at national conferences of students and faculty. Dr. Olds is a world famous personality, and he led an adult study group in Russia this summer. Reliable sources have stated the belief that this could be a top event at Ithaca this year. The student response will determine the future of programs of this nature.

Modern Concert Tomorrow First Approved Jazz At I.C.

The program, according to the College Jazz Society, is to "bring jazz out of the morass of insipidity and show dignity that it deserves. . . . jazz does have a place in an American music. . . . the greatest curtailment in the advancement of jazz is the lack of a place. . . ." But this means to be given a chance. Thursday’s concert will be presented as a recital, not a session. . . . A speaker for the Jazz Society will deliver an introductory and background commentary to open the program. John Peditto, Program Director of WNYC, will conduct the recital as master of ceremonies.

Dr. Olds is a world famous performer. His work has influenced numerous musicians and has brought him to the forefront of the jazz world. He has been a member of numerous jazz groups and has been a frequent performer at jazz festivals nationwide.

This week, the “Letters to the Editor” department has been greatly expanded. All letters received have not been published and it is now an appropriate time to publish the policy of such contributions.

Anonymous letters will not be published. All letters must be signed, but names will be omitted at the request of contributors. Letters must be free from abuse and personal degradation. All derogatory personal material (name, address, telephone number) will be placed in the Snack Bar so that notices and posters placed on the bulletin boards after their sophomore year do not meet in the Annex classrooms. 

The student government’s bulletin boards are under the complete jurisdiction of the Student Council. Organisations and individuals should contact the Council with questions as to the number and size of posters and notices which they wish to display.

On the subject of mail boxes, the administration went on to state, “the College of Arts and Sciences, the area in the Annex formerly devoted to the bulletin board will be utilized for mail boxes for Arts and Science students for reasons of locational convenience. Because it is imperative that student referents to student daily, since notes and notices may be timely and significant, the change of location hopes to insure student access to such information.”

Also, the administration noted that an annual board was not in the best interests of the students at Ithaca College. The bulletin board was transferred from an ideal position to an inconvenient and poor location in the Snack Bar. The Snack Bar bulletin board provides a central location since most physical education and music majors pass their sophomore year do not meet in the Annex classrooms.

The number of students who use the boxes for rest room and lounge facilities, for classes, and for extra-curricular activity meetings during the day and during the evening so far outnumber the students that patronize the snack bar that the comparison is ridiculous.

If the Snack Bar is more generally convenient for student communication, why does not the administration place mail boxes in or by the student an uncomfortable congested area only a few feet wide stands on the other side of the table, facing the board, he not against the relocation of the bulletin boards when the idea x-ray vision to look through a line of students waiting to buy something in the usually busy buying line area.

FRATERNITY COUNCIL PASSES NEW MOTION

The following motions were passed by the Inter-Fraternity Council at its last meeting:

1. Initiation week for those organizations which require more than one day will be December 16 and 17. The crew for Korvess was carefully selected, and two Earthworms were told never to discuss any phase of the project. You never know what you may see when you're in a spaceship.

In any case, Korvess was launched last week—an experimental spaceship crashed, incinerated, and landed a few hundred feet away. It was set off amid wild babbling of Taunisan Devi, respectful saluted from an arm of Earthworms (which, in their case, was ex- tremely difficult) and quiet looks from the other fowl. The Earthworms landing on the library roof, the missile, Korvess, popped in, ejaculating the worms. They were seen, through our telescopes, floating down to the edge of the library, probably clearing their fall. Caesar, however, seeing his book being blown slightly away from the library, don't even go to the roof of the Cornell Public Library. Within a few days the missile was ready. We were able to express our enthusiasm scientifically, that we are all bookworms. Just in case they couldn't get in the library, one of the worms, Caesar, took along his copy of "Jabberwocky.

Class of '61 Plans Party

The class of '61 will conduct a Plans Party in a local nursing home on the evening of December 11.

Joel Barck and Mickey Jarvis have been appointed by freshmen to head the project. Mr. Barck will head the planning and arrangements committee. Mr. Jarvis will be in charge of procuring refreshments.

Entertainment provided by students and a Bingo game will be the entertainment for the evening. The crew for Korvess was carefully selected, and two Earthworms were told never to discuss any phase of the project. You never know what you may see when you're in a spaceship.

THE LITERARY SNAIL

by NANCY FUCHS

Dear Boss,

Excitement is sweeping over the Kingdom of Small Animals due to a rift of debris over Earth. Wednesday was a day of world-record breaking for our insect friends. We were fast becoming a wasteland, devoid of intelligent and animated discussions which were daily events between classes at the Insect Bar. Until Korvess!

Boss, do you think that the satellites are the main topic of conversation only among high-strung insects? An interest in space travel as you do, and were able to express our enthusiasm scientifically last week when we launched our first rocket with a crew: Korvess. The Guinea Pigs and Earthworms, after ideas for the Study and Development of High Range Missiles drew the blueprints and began working on Korvess, with the plan to send it to the roof of the Cornell Public Library. In some cases, the sending of Korvess was dangerous. The Insect Bar is now again filled with animals between classes, talking about Korvess, Caesar, and the other Earthworms that's still on top of that darn library roof. Out of this scientific achievement has grown numerous new bookworms, and a popular tune on the rock 'n roll order with words even more confusing than Jabberwocky.

DANCING
Wednesday, December 11, 1957

The Newman Club will hold their December meeting on Tuesday, December 3. As the first order of business, the committee called for a resolution for the work and time of the members and friends who made the Newman Club possible.

Under new business, it was decided that the Newman Club should present, as a gift, the Catholic Courier Journal, the din-

ner club, to the Ithaca College Library. On the social side, it was arranged to have a bowling party this Sunday, December 15.

Transportation will be provided at 2 o'clock outside the Ithaca College Library, and all those with membership cards will receive two free games. However, if the weather is bad, the bowling party will be held at Homecoming later in the month.

At the close of the meeting, Father Drumm, Richard Hiestand, Stuart Drum, Richard Fith, Stuart Hiestand, Stuart Drum, Richard Fith, and William R. Richter, As-

sist Professor of Radio-TV at Ithaca College.

Rho Tau Sigma
The Zeta Chapter of Rho Tau Sigma held their December meeting on Tuesday, December 8. Initiated were Robert Britton, Richard Brazz, Richard Blaire, Stuart Drum, Richard Fith, Stuart Hiestand, and William R. Richter, Assistant Professor of Radio-TV at Ithaca College.

Rho Tau Sigma is sponsoring a special Christmas Party for all Radio-TV students and faculty with a special guest speaker with the title, "The Psychology of the Christmas Season".

The meeting was closed with a short prayer.

D.H. attended the meetings? Or do you sit back and say, "What has IDEO done?" We haven't done much this year, but it is not our fault. Rather it is your fault. This is your organization. It is up to you, you individually, to support it and help us make IDEO an active organization. We have tried, but we need your help because you said you would give it.

Dr. M. I. Miller Wins Playwriting Contest

A $75 first prize in the A. M. Drummond Playwriting Contest has been awarded to Mrs. Marion I. Miller of 205 E. Court St., a member of the Ithaca College English faculty, and a past president of the Writers Association of the Ithaca Area.

Mrs. Miller's one-act play, "To Clone," deals with the historical setting of the capture of Major John Andre during the Revolutionary War.

Honorable mentions among the 27 entries from six states were awarded by the contest committee to Thomas P. O'Donnell of Utica, "A Dam for Delta;" Grace L. Calaway of Syracuse, "The Surprise Party;" and Mrs. John H. Holdwell of Newfield, "The Haunting."

The annual contest to encourage original writing on regional themes of New York state was founded by the late Professor Drummond, longtime director of the Cornell University Theater. The prize fund this year was provided by friends and former students.

Winning plays are made available royalty-free to amateur groups for a period of three years. Lists of plays suitable for production by small casts may be secured from Mrs. Mabel Hebel, American Agriculturist, Ithaca.

Members of the contest committee are George A. McCalmon and Miss Mary Eve Bathe of Cornell; Mrs. Hebel; Mrs. Marjorie Smith of Syracuse Public Schools; and Merrill N. Knapp of Cooperative GLP Exchange Inc.

The Soviet Union's tremendous drive to world supremacy in sports is part of a "sports and physical fitness boom with an importance in Soviet life which is unparalleled anywhere in the world today," according to the December 2nd issue of Sports Illustrated.

The 24-page article, *A New Look At The Soviet Union*, includes 16 pages of color pictures and is by well-known photographer Jerry Cooke. It documents a Russia of play and leisure unsuspected by most Americans.

"They are a different people from the concept we have had of them for 40 years," Cooke reports. "Prejudices and Leisured Time"

The most important reason for the tremendous sports boom in the Soviet Union, Cooke feels, is the obvious one that the government supports it, thus making it possible for the trade unions—the parent bodies of the sports clubs—to lend all-out support, and for the Soviet citizens to indulge in sports freely. Added to this is the fact that the universal eight-hour work day in the U.S.S.R. leaves the people with considerable leisure time, that they have a passion for mass activity, and that the excellent facilities are available at no cost. Also important, he says, is "an almost deliberate, certainly conscious withdrawal by the average citizen from the complex problems of politics and economics in the Soviet Union."

"Sports," he writes, "are free, collective and almost obligatory. The average worker is offered facilities for whatever sport he may choose through his union, the parent body of the particular sports club to which, according to his job or his profession, he may belong. International competition, recently encouraged, is on the increase and now provides a steady and welcome contact with the outside world."

"Constant Practice—all Sports"

Cooke was impressed by the endless amount of practicing he saw. Russian speaking Cooke visited major cities, towns, villages, and even farm areas on his 5,000 mile tour of the U.S.S.R. The Soviets changed every three months to avoid boredom.

“HOCOM CAN YOU SAI DON'T LOVe YOU, BABY!?! I LET YOU TAKE ME TO MOVIES, DINNER, DANCE...!!"
Ithaca College, upped by host Wilkes of Pennsylvania early last week, evened their record at 2-2 by ousting Cortland 78-76 but Wednesday at Boyanton Gym. The Bombers had to go overtime to whip the stubborn Red Dragons.

In the debut against Wilkes, I.C. went down 106-97, only to battle into a 43-43 deadlock at the half. Wilkes grabbed the lead early in the second half and steadily pulled away by employing an effective fast break. Rich Slomkowski, Check Bailey, Russ Mann, Phil Churchill and Bob Graham were permitted as starters by coach Carp Wood.

Slomkowski opened the Ithaca attack as he netted 28 points; 18 in the first half. Graham backed him up with 23.

Custer George Morgan hopped 25 points to pace the Pennsylvania's assault followed by Reckem and Gacha who contributed 22 and 19 respectively.

Ithaca vs. Cortland

In the Cortland game, Ithaca held a slim 35-34 lead after a nib and took first half, when the lead changed hands a total of 8 times. Cortland opened up a 25-19 advantage midway in the initial half, but Rich Slomkowski and Bob Graham hit from the outside to cut the lead to two. Wayne Weiss, Cortland center, popped a jump shot, and the Red Dragons held a 6-point lead.

At 15:35 of the first half, a 3-point play by Graham gave Ithaca a 33-32 advantage. Slomkowski dropped in two charity shots tipping the margin to three, but Joe Grace of Cortland hit for two as the half ended.

Early in the last half, the Bombers drew away for a 52-41 lead and Weiss remedied the situation for Cortland however, and sliced the lead to 1-point—55-54.

A free throw by Weiss and a long set shot by Gene Farry gave the visitors a 58-55 advantage with 6:19 to go in the game.

A driving layup by Slomkowski resulted Ithaca into a 54-62 lead with just 4 seconds remaining but a tap-in by Don Lee at the final buzzer sent the contest into a 3 minute overtime session.

A perfectly executed feed by Russ Mann to Slomkowski gave Ithaca a 75-74 lead with 1:40 remaining in the overtime. Phil Leibrock hopped a 2-pointer.

Ithaca led 24-22 at the half.

Switch from Texas to Wyoming that's a range change.

Switch from the Army to the Navy that's a braid trade.

Switch to Luckies—and you're taking a Hep Step! Nothing tops a Lucky for lightness—nothing can touch it for taste! It's all cigarette... all naturally light, golden rich, wonderfully good-tasting tobacco. And Luckies' famous tobacco is toasted to taste even better.

Don't just sit there, shift for yourself! Try Luckies right now. You'll say a light smoke's the right smoke for you!
