done to make a board, for the purpose of supplying news of all
college activities as they occur,

Miss Mary Campbell
New Assistant Librarian

Ithaca College has added to its staff a new assistant librarian, Miss Mary Campbell, to take
the place of Miss Angela McDermott, who left recently to join WAVES.

Miss Campbell is an alumnus of Ithaca College class of 1936. During her four years here Miss
Campbell was a member of the Delta Phi sorority of which she has
held the office of secretary. She is also vice-president of Theta Alpha Phi, secretary of her senior
class and a member of Oracle society.

Since her graduation Miss Campbell
7
has taught school in Erie and has done some business work.

Soph's Out-Pull Frosh
In Answer To Challenge

After the I. C. booters had thor-
oughly subdued the Red Raiders of Cortland a couple of Saturdays
ago, the mighty sophomore class
engaged in a terrific "tag-off-war" with the lowly frosh. Naturally, as President Jim Downey puts it,
the sophs emerged victorious.

Sophs Out-Pull Frosh in Answer To Challenge

The dance will be climaxed by
the comedy, according to most
students, was enacted by the four
men during their screening ex-
namination and also while singing
their dancel "Lament!"

A significant highlight of the show was the grand finale which made it very obvious that the col-
lege student is, after all, intensely
aware of the world today.

Here are a few comments from
three of our students.

Carrie Wolf Phi Ed junior says
"That's off to Mary Ann Reave and Howie Johnson for their outstand-
ing performance. Hats off also to Private Bernie Smith who un-
doubtedly earned the Scampers' award. His music was the key
spot throughout the show.

Glenny Hohn showed her ability to put a song across with her ren-
dition of "A Penthouse In Heaven."
Private Wink Corwin's 4-F pater
song and the accompanying dance
was something really to make one laugh.

However, I cannot say as much for the dialogue. Some scenes

Music Prof Among Draftees To Leave

They say that one can prevent a cold by staying away from drafts, but there seems to be one draft around here that's pinning more people down than has ever been done before. George Driscoll has been standing by the closed window for some time now but as he and everyone else knows sometime or other will throw an induction notice through the blasted window-pane and before you know it, you're caught.

Upon interviewing Mr. George, I found out quite a few interesting things that I'd like to pass on to you readers. First of all, he's an Ithaca man from the start and that start was on September 23, 1913. He got all his preliminary education in the Ithaca Public Schools, and as he said, his main interests were in French and Music. Of course, all his high school teachers wanted him to study French, but his musical background was too strong, since he had been a pianist of considerable reputation even in high school.

He entered Ithaca Conservatory in the fall of 1929 and as in the fall with most I. C. students, he got himself into everything the school had to offer, including scamps, orchestra, and as he said, his main interests were in French and Music. Of course, all his high school teachers wanted him to study French, but his musical background was too strong, since he had been a pianist of considerable reputation even in high school.

As the days gallop past on soundless hooves, leaving little mark of their coming and going, they bring us more and more news concerning those men that once trod our campus and then too, they give us news concerning those men that once trod our campus and are now scattered, and you suffering and enduring the hardships of war. And as time gives it impetus, that which began as a line has grown into huge volumes, crowding one mind with a score of names, faces, and memories of things now past.

Letters like those that follow are gratifying... they make us proud of our minute efforts to aid morale and provide pleasure for our men, and they too, they give us a considerable lift.

CPL. JOHN W. STONE, 1st Lieut. U. S. Army Air Corps informs us that a candidate for Field Artillery, Second lieutenant in the Army Air Forces, has been set for Saturday, December 5. It is here that pilots are sent for their final phase of training which culminates in a commission in the Army Air Forces. The Sinfonians will play at the College Men's Headquarters for Formal initiation at the house for standing pledges. The congratulations go to Bernard Shifflin and George St. Peirro, Jr. After the initiation was concluded we had a formal dinner and theatre party.

Kappa Gamma Psi also extends congratulations to all persons who took part in Scampers. You did a fine job.

Word has reached us that Ralph Roudi and Joseph Broccardo will be in town this weekend for the Junior Prom and house dances. Welcome back brothers.

TENTS and DECKS

Fraternally Yours

Phi Mu Alpha

Well, Uncle Sam's Eagle took five for me last Wednesday, we wish brother Cushman, Smith, Myers, Sherman, and Bollinger (class of 43) the best of luck in their new position.

Speaking of the army, we heard recently that Brother Cluck was writing you with the idea in mind that he has accepted as a bombardier.

You will be doing a great service to Ithaca College alumni by continuing our contact with campus activities, even though only the means to a press make it possible.

The last line makes it apparent that no one on the campus has been writing to John.

Here is a communiqué from little AL SMALL. "Received the copy of the ITHACAN and it was swell to see the good old paper, I would appreciate it very much if you would send me one every other week. At the present time I am at Scott Field and expect to remain here for some time. I am in charge of the correction program which has about 1000 men, I give them exercises and plan the rest of the program. Also give work in exercises to about 6000 other men during the day. This goes on 7 days a week plus an intramural program, so you see I am quite busy. But let me tell you, the training I received at 1-C sure did qualify me for the job. When you give marching and calisthenics to a group of 200 for an hour and a half you are thankful for your background. AL FORMICHIELLA and JOHN J. O'NEIL are at the Army Air corps base in Nashville, TN. Al has been accepted as a bombardier.

Here's a short but pleasant note from PVT. TURNER CARLTON, U. S. Naval Hospital, Ward P, Parris Island, S. C. "Thanks very much for the ITHACAN, I'm looking forward to the old school. It's only when you are away from it that you realize how much you enjoyed being there. For the time being I'm laid up here in the hospital with a bad cold. At the present time I am at Scott Field and expect to remain here for some time. I am in charge of the corrective program which has about 1000 men. I give them exercises and plan the rest of the program. Also give work in exercises to about 6000 other men during the day. This goes on 7 days a week plus an intramural program, so you see I am quite busy. But let me tell you, the training I received at 1-C sure did qualify me for the job. When you give marching and calisthenics to a group of 200 for an hour and a half you are thankful for your background. AL FORMICHIELLA and JOHN J. O'NEIL are at the Army Air corps base in Nashville, TN. Al has been accepted as a bombardier.

PVT. MIKE MCKILLIP writes "I have some news for you. My orders come through today, am shipping out to Ft. Sill, Okla. as an officer candidate for Field Artillery. It happened all in the last two days. Have to be there the 16th and expect to leave tomorrow so you hadn't better write till you hear from me. I'll be in the same state as Charlie Baker, so I hope I'll get to see him. Now instead of being in this Bay Scout Camp, I'll get to see what the real Army is like. . . . also get a chance to play baseball with a cannon. Wish Regards to all."

CLARENCE F. VrANA, 1st Lieut. U. S. Army Air Corps informs us that "at present I am located at Philadelphia, Pa. I expect to be here for the next few months, but of course no one is sure where he will be in these times. I have been in the Army Air corps for the past two years and have had some very interresting experiences. Except for the time I spent in the hospital at Mitchell Field due to an airplane accident I have been very much on the move. I am sure the ITHACAN will be of considerable interest to all Ithaca graduates in the service. I am looking forward to a happy reunion with all my friends and classmates of Ithaca College. I am sure this will be in the very near future."

If you have any news that might interest the readers of the column, don't hesitate to contribute. We will lack several addresses and new changes of address. Do your bit and cooperate.

Tape and Limment

The soccer team’s record for the past season was below the 500 per cent mark but the final 3-2 victory over Cortland made the season a success. Coach Yavits was greatly satisfied with the showing of the entire team and made particular comment about the “heads-up” play of the forward lines. The players themselves highly commended Captain Jim McMahon for his leadership and endless “drive” that played such an important role in the sec­
cer campaign. Never let it be said that the soccer team lacked the spark supplied by a real leader.

Basketballs are buzzing around the gym these afternoons. Since the first call of practice last Wed­nesday Coach Yavits has been rounding the varsity and freshman squads into shape. Both squads seem to have a wealth of material but with such a short period of practice nothing definite can be said about the first team choices. Frank Usko and Bob Carlton are sure to be valuable performers as long as they remain in school, but graduation will limit their services. Frank and Bob were both key men on last year’s team that won all but three of its games. It will be a tough series for these men along with filling the spots left vacant by Mike McKillop and Turner Carlson who graduated last June.

During the first week of practice the club reviewed fundamentals on a short scrimmage sessions. The long period of practice was Coach Yavits’ main prepa­ration of the “cut-up.”

Last week, along with the soccer squad, the ‘42 edition of our football team faded out of the picture . . . closing the season with a 12-7 defeat at the hands of Hart­
collage. The season’s record was about the worst in the his­
tory of the college according to the win and loss column. However good coaches and trained physical educators consider more than just “winning.” This year our football coaches and players worked under extremely difficult conditions. First of all the material was a limited one and a great deal of responsibility was placed upon the freshman football candidates. Second, time and time again key players were forced to miss practices because of draft or enlistment problems. Thirdly; the team traveled for all of its games and received no moral support while performing. Let’s hope the traveling will be less this year and that the uniforms will be better. Let’s hope this year’s team will be a bigger success than last year’s.

Theies Ed girls have had a rest for a change. “Weather too cold for field. No class until further notice.”

Have you noticed all the prac­tice teachers hurrying back for the Prem? Be sure to don your loveliest dresses, and have loads of fun.

**Harriet Wolf**

Harriet Wolf's career has been an interesting and admirable one from her start in life right up to the present day. Born on August 18, 1921, in New York City, and there she lived and went on to graduation at Hastings-on-Hudson. This is still her home.

Hattie's high school years are years to be proud of. She was representative of Delta Phi on the Newman Club. She also objects to the "uniformity with which college girls dress." He prefers no make-up.

"Personalities that are so tangible they cannot get along with themselves or anyone else are very helpful if they are not 'always trying to act,'" says R. Fernando Allegra, Bowling Green State university graduate from Chile.

"They should be themselves, instead of trying to imitate any young girl or young man," explained a 24-year-old South American explained.

Also, the American speaks of "The Hatt Wolf Home of various community workers. The teacher will be more

Dr. McGaw Leaves To Join U. S. Army

November 14, 1942, will be a long remembered date for a great number of Ithaca college students, for at that time Dr. Charles J. McGaw was called to serve with the U. S. armed forces. Dr. McGaw came to Ithaca College in 1940 as assistant professor of English. However, dramatics had been his main interest since childhood and at which time he worked, acted, and produced his own "backyard drama." His interest in drama continued through high school and furthered when he entered the University of Michigan. While attending the University he major- ed in play production and speech. He soon became a member of the Comedy Club at Ann Arbor. After finishing his work at Ann Arbor, Dr. McGaw became the supervisor of Drama at the Michigan high school where he directed such plays as "The Importance of Being Earnest," "Pride and Prejudice," "Alice in the Country," and many others.

Dr. McGaw worked at the Royal Oak Civic Theater and the Bloomfield Heights Civic theater in Chicago. Just before taking his graduate work, he played with the Jessie Bonstelle Civic theater in Detroit, Mich. While there, he played with such stars as Jane Crow and Ran Peters. After playing in these various theaters, he returned to Ann Arbor to complete his education, receiving both his master's degree, and his doctorate.

One of the professor's hobbies is to collect original prints of famous people of the theater, and the photographs of their tombstones.

**Potpourri**

COLOGNE . . . $1.00

Potpourri has all the sweetness about it of yesterday... and all the excitement of today. No wonder this roses and spice fragrance is one of the favorite scents of all America!

A delightful cologne... now beautifully packaged. $1.00.

"Facts about wartime"

"I never saw a fighting man who didn't cherish the very thought of a pause with Coca-Cola. That goes for workers in factories, too. Ice-cold Coke is something more than the drink that answers thirst. It adds the feel of refreshment. "In war, Uncle Sam restricts the supply. But there's still enough for many refreshing pauses."

SCAMPER'S COMMENTS

There is no necessity for applause at the conclusion of this show, but the general enthusiasm is high.

The greatest highlights are the "Myth of Manaquotio", the "A.F. Boys", and the Grand Finale. We hope we have shown what may happen to students here. Although there has been about a 25 per cent drop in overall enrollment in Britain, scientific and technical departments of the colleges are crammed full of students. Obviously, the drop has occurred in liberal arts courses.

And obviously, these same courses will suffer in America. Officials in the Office of Education here believe that American arts colleges haven't done all they should to cope with that inevitable situation. These officials feel that some educators are slow to recognize the inevitability of the drop-off in enrollment and, consequently, are slow to prepare for it.

THOMAS L. SULLIVAN

The Humble Reporter—Only a reporter? That's all I am. Only the fellow who chases after news from dawn to midnight. Only the man who is entrusted with the truth of what took place and presenting it vividly in story form. When news is inaccurately reported, suppressed, or distorted, the people flound- er in the darkness. They form false opinions and the result is disastrous. The reporter who knows what to look for, and can write an honest, firsthand account of what he has experienced, renders a valuable service to society. Straightforward reporting makes clear thinking possible, and is the basis of sound judgment and wise action. Only a reporter! Need anyone be ashamed of so honored a profession? Everyone must look to the humble reporter for a true account of events of social significance and as long as he does a good job, society rest on a firm foundation.—David Boyd.

Canada Lee, brilliant young Negro actor and star of the New York stage hit, "Native Son," is heard on the Wednesday "New Horizons" series of Columbia network's "School of the Air of the Americas" November 18. The program is heard at 9:15 AM, EWT, 2:30 PM, CWT, 9:30 AM, MWT, and 1:30 PM, PWT.

Lee is to portray the role of Henry Christophe, hero of Haiti, who as that country's leader defied the rule of Napoleon in America and maintained the independence of Haiti.
