The scenes which depict life at Ithaca College, will be located in a fraternity house at a dormitory, the Green Room during tryouts, a soda fountain (a scene, which boasts a novelty song which is bound to be a hit), and a locker room. These scenes are arranged by Bob Juhren, Dick Woods, Darryl Sternen, Sybil Hoellman, and Hal Reichenhall from Drama. Gene Esterkamp and John Howard, in charge of the costume department, will design the locker scene, while a gymnastic specialty is being formed by Ed Weed of the Phy Ed department.

Production date for Scampers is set for the week of January 19th and will run four days. Rehearsals will be announced in the immediate future. Tryouts were held December 2nd.

As yet the title of the all-student Scampers has not been announced.

Annual Concerts For Music Scholarship Fund Begun By Margaret Daum

Miss Margaret Daum, Ithaca College Alumnus, has begun a musical scholarship for high school youths in Manasquan, N. J. Proceeds from an annual concert given by Miss Daum will go toward sending a Manasquan High School student to Ithaca College. Miss Daum graduated in 1927 and is a trustee of the college. She is the daughter of Rev. Roger Lyon, Professor of Music.

The fund was started with more than $1,000 netted at a concert recently given by Miss Daum and is being used to benefit the sponsorship of the Manasquan Kiwanis Club.
It's Christmas all over the world, and a peaceful one at that, except for a little extra festivity which may cause some temporary hardship. I hope the giving is a little better this winter than they did last year, but they are still generous.

The Friendship Train was, we feel, one of the best projects carried on in this country, for it showed the people of Europe that it's not just a case of one government helping another, but that the American people from the same walks of life, as they, interested in their welfare. From the people they get the gifts, not a cold money loan from a government. Here is the spirit of Xmas, the spirit of Christmas, the spirit of charity, the spirit of giving everybody a little something in return for the joy and happiness they have brought into our homes.

The American spirit. People turned out by the hundreds to watch the leading events in the lives of their fellow man, accelerated by a spirit—America's American spirit. The spirit which has caused this country to grow to its present position as the world's greatest. Upon America was bestowed the greater responsibility of the world, and, it is fitting that at this Christmas-time, America should share her wealth with these less fortunate. Europe needs to be shown. America showed her spirit and entered into the spirit of the distribution:

The spirit of Christmas giving. Not a tie for an uncle who doesn't want it anyway, or mailing a thousand Christmas cards. This is our Christmas present to Europe, and I stress again, not from the United States to Europe, but from the people of the United States to the people of Europe.

Our Christmas vacation is only a few days away. The halls are being decked with holly, wreaths are hanging in every window, the trees are loaded with bright lights and garland, the music is everywhere, and the spirit of Xmas is in the air.

The OLD STORY

Back on the old story of school spirit, it is gratifying to note that there are distinct rays of hope for improving the situation.

The strength of fraternal organization used for the benefit of all has been renewed by the activities of the Phil Delta Pi and Phi Del as "Cubs," which is maintaining its second successful year.

The whole Freshman class is deserving of a plaque to replace the torn one. The championship of the Freshmen electrical engineering class is a living example of the kind of school spirit which is in every student of the class. The results of the Freshman group reflect the whole school, and we are proud of the achievements.

The spirit of Xmas is to be poured into the hearts of all students of the Business Department in the college.

They had a good time at the Christmas party held in the dormitory, and the good time is in the air.

The Frosh men have organized a brand new club.

Extra credit has been placed on the American spirit, the American spirit. The Frosh, as a group, have poured their spirit into the work of the fraternity and have made the Frosh organization something to be reckoned with. This is the Frosh spirit, and it is the Frosh spirit that will carry us through the years to come.

The W.A.A. splashed the campus with a vigorous enrollment campaign. Scanners' returns against strong opposition. They are flocking to the campus, and we are proud of the Frosh men. The Frosh men have organized a brand new club.

The W.A.A. is being assisted by Phi Delta Pi and Phil Delta Pi in the "slog," and we hope that they will maintain their winning spirit.

Frosh Hoopsters Down Triple Cities In Opener

Ithaca, N.Y., Dec. 5—Playing the main game because of the changes of Coach Frank Toney the Frosh were giving the ability in the town of winning 81-70 victory over Triple Cities College. Oswego. It was Ithaca's only decisive game thus far in the season. The Frosh were out to have a successful season.

Ed Weed and Bob Sampson were the main initiaters behind the Ithaca College organization of the club, and Harold J. (Peter) Harch who has had previous experience as the tallest player in the program. Dean Hill and Dr. Landon are supporting the organization, consisting of two representatives from the Club, and one from each of the minor sports.

A fake hustle has been set up. This, together with a list of all senior varsity men who will compete for the Bomber Club will be off to a flying start. Admittedly there is need for such an organization but the Bombers' experience and knowledge will be of considerable help.

Radio College Publishing Weir Conducted Poll

The results of an opinion poll conducted in three sections of Miss Marcus's Freshmen English Composition class in February, 1946, have been published. It's the same cast as last year ... No, they're not based on the belief that war books storv written and directed by Paul Hadley. Reasons brought forth by the "The Prodigal of the Parable Son;"

Ross 3:53 said an emphatic, "Yes!" 3:23 said an equally emphatic, "No." 7 of these were combat veterans.

13.4% were uncertain and chose not to answer. Reasons brought forth by the "Yes" group for their decision were based on the belief that war books would give the veteran a clearer picture of both his family and the various plays in which he may have participated. A number of various theaters in which he may have served and a sense of completion. Some stated that the soldier who is not able to understand certain things about the war. turmpy anyone who could "take it over there" and might serve as a valuable tool in the war effort. The horrors of war were thus kept at bay.

On the "No" side, arguments were mainly based on the problems of a veteran who saw in some phase of readjustment, those who were "jumpy" and "wanted to get away from it all." Article number of all those who would want to avoid the horrors of war would then be kept at bay.

Later, an informal discussion with a number of veterans who had done very little reading and had based their opinions on movies and comic books. There was almost no action too highly glorified.

In general, the majority of the veterans believe that they should read war books.
