The student staff of the Ithaca College yearbook, The Cayugan, has announced that it will dedicate the 1964 edition to Laurence S. (Larry) Hill, who is celebrating his 50th year as dean of the School of Health and Physical Education.

After 16 years as the first director of the Ithaca school, Dean Hill came to Ithaca in 1929 to organize the Summer Session of the Ithaca College. In 1929 there were half of them young women. Taught by members of the Cornell courses at Harvard University, the program was quite different from the organizational difficulties encountered when Ithaca began to offer intercollegiate sports as student travel and sport.

Pointed out "because of the new and international importance of most foreign student leaders who are trained in different forms and purposes were the most significant feature of the Conference," the resolution noted that the Institute of Education had been under international cooperation for the past 100 years.

At Ithaca there was increased recognition of the fact that many of the problems of intercollegiate education are not merely "practical" in terms of different social, economic, and political circumstances. But most of them came to realize that the context of student problems differs greatly because of differences in educational factors.

Therefore, while practical cooperation still forms the basis of international cooperation, complex problems which confront students will be considered. It is a point that they consider students as such and decisions taken are of a non-partisan nature. This is similar to the policy that NSA follows in its consideration of domestic political tongues.

A motion of the Scottish Union of Students, the Conference established a representative committee to continue cooperation with such inherently tricky problems and to approach appropriate problems in the plenary room. NSA's William H. Miller, president of the American Association of University Professors, was elected chairman of the group which met for three days.

In its reports, the "commission called upon all participating nations to reach a common position in such issues as education, culture, and research."

"An admission to Soundatura will be free and the public is cordially invited."

Feeds! Feeds! Feeds!

Last fall, Ithaca College students found that something new had been added to the tuition fee. Activity books which entitled students to attend activities were passed out, and $10 was col-

lected from each student for each of the books. At first, it seemed a good idea; more students turned out to watch a variety of activities. But as time went on, more students are finding that they are paying for events that they cannot possibly attend. Some people know they have to spend money on events that would have cost them 1/4 of that sum. It isn't that they don't wish to use up all their tickets, it just that they can't. With many people, that $10 a semester could have been used for things that are more necessary than a football game or a play.

Since some people are seriously the money, and nothing more can be done about it as far as they are concerned. But there are students that may have to spend that $20 again next year after, and after that...

More with people wanting to go to school, it seems that it is becoming more difficult to pay to go. For those people, who have little money and have to scrape together money to pay tuition, and book fees, that extra $20 is be coming a problem.

Perhaps the answer might be to have various sets of activi-
ties for another are students that may have to spend that $20 again next year after, and after that...

The air is crisp and cool as you stand on top of the marquee and there it is—your name in lights. You walk down Schubert's way to the stage door and enter your dressing room.

Now, you have removed your coat and cap, and the great main is ready to go on. As you sit there before the mirror, your life begins flashing before your eyes.

The first play in high school, the one-act plays I: no clearings? Take room for bridge or bull session. And, in the dining car, you can go for more and you wolf it down.

As you look at the telegram on the wall and again your mind is in a whirl. The pleasant hours of sunlit stage space with both hands outstretched contentedly.

Suddenly you realize where you are; it's opening night! You tend a little and light a cigarette. The house is Toward the back, all at once, you're in a casting off, then another, and another. And, of course, you're feeling very apprehensive.

"Placces please," that was the audience you walk through the door, down the hall into the wings. Your leading lady meets you there, in nervous, but not worrying.

This is not her first time. You take your place on stage. "Warming up" your voice until you feel ready to go. Then you take your "lady" by the arm, and your "horse", and you smile.

Suddenly the audience you are about to address is the great main is ready to go on. As you sit there before the mirror, your life begins flashing before your eyes. You walk through the doors, down the hall into the wings.

The Mad? Mad Hatter’s Ball

Wonderland calling Ithaca... Wonderland calling Ithaca...

Important message from the March Hare:
It’s not too late for a very important date.
There’s time to ask, to ask that certain mate.
It’s not too late, too late.
March the twentieth, twentieth of March for all.
The Mad Hatter will have a Ball, a Ball,
The Mad Hatter’s—Hatter’s Ball.

Hotel Clinton, the Clinton Hotel will be the place.
To take, to take your favorite see.
On March the Twentieth, the twentieth of March for all.
It’s not too late, too late, for the Mad? Mad Hatter’s Ball.

The price is right, just right for all.
Par for two, for two in come to the ball.
The price, the price is two dollars per couple; As evening, an evening of fun for you and your mate.
The gals she gals get underella hours.
From ten to two till the bell rings to the tower.
It’s time to come, to come to the Mad Hatter’s Call.
For what? For what.

The Mad Hatter’s Ball! We’ve got the best, the very best for you.
A semiformal is, is just about due.
The Blue Notes is the band, the band,
And the music, the music will be grand.
I’m late, I’m late, I’ve got to find my mate,
That’s it! That’s it! Remember to hold that date.

The tickets, the tickets, get from Delta Phi Gala,
So gather together, together gather all your best pals,
And buy your tickets, your tickets today, today.
I’m in a hurry, a hurry, so don’t delay, delay.

Delta Phi Delta

IC Bombers Defeated By Fairleigh Dickinson; 78-60
by Herb Burkholder

KUTSHERFORD, N. J. — The Fairleigh Dickinson College basketball team roared to its 10th victory in 17 contests Friday night, defeating Ithaca 78-60, at the Fairleigh Dickinson College. In the first half, the visitors came within two points of knotting the score, but the second half saw their hopes dashed forever. The score was: 14, 38, 57, and 78.

The third session the visitors came within two points of knotting the score. At the start of the third session, Ithaca was 12 points behind. The Fairleigh Dickinson team, led by Granville Roe, high scorer for Ithaca, broke the game wide open with a 10-point burst that sent Ithaca to the floor in a tailspin. Roe's 25 points in the third session were a career high for him.

The game opened with a bang, with both teams scoring 11 points in the first 20 minutes. The visitors then added 10 more at the start of the second half, and Ithaca was in the ball game pounder, has been a consistent winner in the former weight divisions, has been continually working out blocking, casting problems, floor plans and everything else that is involved in directing a show. This semester is the result of last semester's work, with each student directing at least one one-act play.

Two weeks in the time limit placed on rehearsals with most of the acting being done by sophomores and freshmen. These shows are open to all, and there is no admission charge.

**One-Act Plays Being Presented By Directing Class**

Every Fri. afternoon until May 2, two one-act plays will be performed in the Green Rooms at 4 P.M.

These plays are a part of a project being done by Mr. C. H. Roe. The directing class. Since last season, when the students of the directing class chose the plays they wished to direct, each student has worked out blocking, casting problems, floor plans and everything else that is involved in directing a show. This semester is the result of last semester's work, with each student directing at least one one-act play.

**IC Wrestlers Top Alfred in Close Match**

The I.C. grapplers beat Alfred by 28 to 26 score. Six days later new Coach Herb Brothers was taken on Buffalo State, and beating them by a 28 to 19 count. The very next evening, Ithaca met Lock Haven, but did not fare as well in the latter match. The final score was 21 to 31 with the Bombers on the short end. Before the season's opening the Ithaca squad has been continually harassed by injuries: the most recent, being co-captain, Jim Ho, and 26½, a promising newcomer. Stohrer is looking better every day, due to ailing silver-winged Air Force jets.

The Ithaca College Bombers lost the second game of their weekend road trip Saturday night to a taller and speedier CCNY squad, 78-66, on the New Yorkers’ home court. Coach Cupp Wood’s boys gave the City quintet a long run for its money before finally rolling over and playing dead defensively in the final three minutes of the contest.

CCNY in regressing to its eight-win in 15 outings, proved to be a poised team with the happy ability to turn on the heat when it had to.

In the second quarter, after IC had tied the score at 25-all, the Beavers poured it on to jump ahead by 6 points, 31-25 with 3 minutes remaining in the stanza, to slash the Beaver lead to 66-59. Roe, then dropped one-handed push effort from the corner to draw within five points.

Jerry Domershick and Mervyn Hoataling scored six times at the free throw line. Byrne extended the members and their lustiest Bravo! to the members and cast of Scampers of 1954 on a job well done . . . .
