Student Scampers Of 1939
To Usher in Junior Week-End

There is one time in the school year that all students work together. This time being during the production of plays by the Drama Department. This year Scampers will be presented Tuesday and Wednesday, January 22 and 23, by eight different fraternities of Ithaca College.

The college fraternities are sponsored by the Senior Honorary Organization, Theta, under the general chairmanship of Donald Nelson. The purpose of such plays is to give the students a chance at a first time in the year for the fraternities to furnish a loan fund for worthy causes. The admission is one dollar, which is all that is charged. The number of students working makes it possible for the student body to be asked to pay 32 cents. The funds will go to make up this student loan. Two plays will be sold to all those supporting Scampers. Both will be presented at the same date in the college gymnasium.

Various fraternities and sororities were assigned a task for their co-operation in planning dances, quarter小时 and other events. The date will be set on January 24. Then the definite date for the Prom. Don’t forget, it is the junior class that must start working to think about starting a theme for the Prom-weekend.

New Repertory Band
Under Kessler Plays First Concert

Gap BRided Between Repertory Band and Concert Band

—The Ithaca College Repertory Band, under the direction of Philip Kessler, is to be in concert last Sunday evening. For the benefit of those who do not understand its significance, let us explain that it was formed to bridge the gap between the concert band and the repertory band.

While the repertory band is for those students who desire to be taken to the college band, the concert band takes care of those who are above this standard and are preparing themselves for the concert band.

The repertory band, as the name implies, is endeavoring to acquaint as many members as have a broader range of experience with music.

The audience there was contentment, and the programme was not only interesting but enjoyable. The programme was made up of popular music, and altogether it showed a lack of balance between various sections of music. The programme included pieces of the following characteristics:

1. Operatic Piece
2. Band Piece
3. Light Music
4. Concerto
5. Overture

Such a programme in its entirety was a great success and the performers were highly commended.

New Director Added To Faculty of Drama Department

Tomorrow Johannes Reich—director, producer, and former associate of the world-renowned Max Reinhardt—a man to many students of dramatics, is expected to take over the direction of the Drama Department. Mr. Reich is a man with high prestige in the field of dramatics and theatre technique.

Prior to his work with Mr. Reich, Mr. Pratt studied in Vienna's Hochschule für Weltkultur and both literature and theatrical art in the University of Vienna. He was able to manage total membership to his many activities, and he is indeed a talented pianist with ten fingers. In addition, his studies in Vienna were supplemented by two years of practical training in the world's greatest musical and dramatic art.

Mr. Pratt will be the directing arts in and addition to being the director at the Alhambra Institute of Modern European drama and the technique of dramatic art. Mr. Pratt's method of work in the field of dramatics has been highly commended.

If you have a question you would like asked of any particular group—class, fraternity, sorority, or group of fraternities. If it is sufficiently interesting to the student body, we shall use it in this week's issue. Do you prefer questions relating to present issues or the present one, or a new article on some particular subject?

ANSWERS

Betty A. Brown: I think our alma mater is quite beautiful. To be sure, how many people would learn it and should it be used? Could you please provide examples of using it?
