Exam Week Given Trial; Academic Subjects Scheduling

Dean Clarke Pioneers Policy To Eliminate Past Confusion

For the first time in recent years an examination period will be established from January 23 through January 25. Its purpose is to give the students more time to prepare for finals in an effort to eliminate past confusion. In addition, examination time is a better use of the students' time, which will allow a longer period for grading and evaluation.

Dean Clarke states that the plan is on a trial basis only. The determining factor for its permanence will lie in whether it fulfills the task of eliminating past confusion and conflicts. If, after a fair trial, the program proves unworkable, it will be dropped.

The accepted plan, under the auspices of Dean Clarke, was worked out with cooperation given freedom to off-campus contacts. The Dean contacted the faculty in order to determine the faculty attitude regarding a final week.

After receiving their wholehearted cooperation, the plan then proceeded to make arrangements for a tentative, successive schedule. A schedule of academic examinations was set up in prospectus form and finally approved by Dr. Job. This schedule became the basis for the time arrangements of mid-term tests. Individual instructors of special subjects were then requested to set a time as near as possible in order to avoid conflicts with the academic schedule.

It is the hope of the administration that both the faculty and students will cooperate in this program. The long awaited answer to the problem involves in past midterm periods.

ideo Sponsors Song Books of 1950 Scampers

Published by Broadcast Music Inc.

Above you see the title of this year's SCAMPERS review. It is also the title of a very good book that is being sponsored by IDeO to help make a pub for and of SCAMPERS for Ithaca College.

"The caliber of the music of previous SCAMPERS shown by past years has been excellent, and it is equally true of this one. IDeO is striving to foster, publicize, and preserve for posterity the talents of Ithaca College students, like Fred Manning, president of IDeO."

The Broadcast Music Inc., publisher of the copyright, has secured the rights from SCAMPERS to use the title of This Week For Sure and will print the songbook. The booklet will include in the rear more and more of the songs composed for the 1950 SCAMPERS show by Ithaca College students. It will be about the size of a regular song book, and between its blue and white covers will be a complete list of the cast of This Week For Sure, plus other information.

REQUIEM MASS TO BE PRESENTED IN BOYNTON JUNIOR HIGH SCHOOL

New Hours For Girls; Dorms and Dining Hall To Remain Open Thru Recess

During a recent meeting of the W.C.C., changes were made concerning hours for the girls which are to take effect January 30. It was decided that the following hours may stop at nine o'clock on Saturday nights.

Seniors will have eleven o'clock permissions, Monday through Thursday, and freshmen will have ten o'clock permissions.

Changes in the hours which will take effect next September are as follows: The freshmen will have nine-thirty permissions all year; the sophomores will be allowed ten o'clock and must remain out until ten-thirty; and the seniors will again have eleven o'clock permissions.

Vacation Accommodations

The dormitories and the dining-hall will be open during the semester vacation to accommodate the girls who will remain in Ithaca. Breakfast will be served at a late hour which will be posted by the dining-room. The girls may have twelve o'clock permissions Wednesday, Thursday and Friday nights of vacation. Dean Taylor wishes to commend the girls who returned by car from our last vacation and hopes that 100% cooperation will be established on this break.

A new method of giving off-campus times for the girls has been adopted. More detailed announcements by the beginning of the school will be in the pages of the Future of Students and the Dean of Women.

The success of the co-recreation program depends upon the slightest cooperation of the entire school. The Girls' plan is under the direction of Professor Bibe.

Co-Recreation Program To Be Inaugurated January 31

In an effort to promote closer association among the various departaments of Ithaca College, a co-recreation program will be inaugurated on January 31 by the Mu Chapter of Phi Epsilon Kappa. The activities are scheduled to take place in the Arcade Street Gym every Tuesday night at 7 P.M.

The entire program is under the direction of Mike Buonanno who will be assisted by students who are adept in handling the preferred activities.

The schedule of these activities is as follows: From 7-8 o'clock apparatus sport. This includes exercise on side horses, high and parallel bars. During this same period instruction in wrestling, fencing and tumbling will be given.

From 8 to 9 in the play activities period. Badminton and volleyball will be performed by Oratorio groups. The entire time will be sung in Latin, and a semi-decree will be heard in the quartet parts. This group is under the direction of Mike Buonanno.

The accepted plan, under the auspices of Dean Clarke, is in accordance with an announcement by the Board of Trustees. It is a matter of sports letter-men.

New Channel, Feb. 8-9; Gomez To Speak

With present and former major league stars on the faculty, the Annual Ithaca College baseball clinic will be held Wednesday, Thursday, Feb. 8 and 9. There will be no charge for high school and college coaches attending the clinic.

The leading stars of the School of Health and Physical Education and the varsity composed of former major league stars will include Vernon (Lefty) Gomez, former pitcher of the New York Yankees, Brooklyn Dodgers, and now a minor league manager; Ken O'Dea, former National League catcher; Bill Jurges, former shortstop for the Giants and the Chicago Cubs; Frank Connolly, former first baseman for the Pittsburgh Pirates; Al Todd, former catcher for the Pirates; and 1950 All-American catcher; Bob Shag, former catcher for the Yankees and a member of the Memphis Chicks; and Ben Light, former manager of the Memphis Chicks.

The clinic will provide practice time for the members of the varsity baseball team. The clinic will provide practice time for the members of the varsity baseball team.

NEW MEMBERS OF ADELPHI AND OFFICERS AT INITIATION BANQUET

School Repairs Will Not Deter Relocation Plans

For the benefit of those who have been wondering about the repairs and the facilitating which many parts of the school has been getting in the past couple of weeks this should be of special interest. There have been comments passed since the re-decorating started questioning the possibility of downtown Ithaca remaining a permanent site for the College. The sincerity and interest shown by the faculty and student body toward obtaining a new location has not altered nor been in any way affected. It is not the intention of the student body to leave Ithaca.

It is a fine thing that at last the conditions of our buildings are being turned into more comfortable places in which to work. It is surprising how a new coat of paint on the same old walls can lift a students morale and make him more anxious to work.

Limestone and redecorating the Green Room of the Administration Building alone, cost 2,500 dollars. The hallway, also in the Administration Building was painted and improved for 900 dollars. Most of the offices in all the departments, along with furniture for the lounges and an establishing of a listing room in the Music Building will be improved next. Dean Taylor's office is now undergoing redecoration in line with this same program.

One of the biggest problems, and the one which I would like to deal with, was the problem of inconvenience. Although this program of streamlining the school does not end at the bottom of all grapes, it certainly encourages the student body to feel that progress is being made. This can be the start of a display of fireworks ending in a grand barrage of improvement.

Journalism Class A Gift From The Gods

Among the new classes originating next semester, there will be a section in journalism. This class is open to all students and it is hoped that many will take advantage of its values. A knowledge of this field may be of great use to future teachers, coaches, radio and drama professionals and public relation workers.

The course will be based upon the needs of the students and shall move forward to meet the student interest in reporting to organization and make-up. The course encourages everyone to attend, but all members of the staff should sign up at all possible. This course offers a solution to the organizational and journalistic problems that beset the Ithacan.

In the past, it has taken years of training, doing things the hard way, for students to become acquainted with this modern art. The staff, from the editors to circulation will benefit and IC may take pride in future issues.

Are These The Answers

Student attendance at college dances is very low. Why? What can be done to improve the situation for the college? How can the college make the dances more enjoyable and interesting? What should the college offer to attract more students to the dances?

Make The Gym Comfortable

Arthur Breehan, President of Student Government, has been a vocal advocate for improving the gym in recent weeks. He believes that making the gym more comfortable will encourage students to attend more dances. What steps can the college take to make the gym a more pleasant place to visit?

School Spirit Important

Poor planning is one thing that students have been complaining about this semester. It seems that the college is taking little interest in organizing these dances. Why not organize them properly? What are the steps to take to improve the situation?

Close Shop At One?

It seems that one of the problems with these dances has been the poor attendance. It's hard to have fun when there are only a few people present. What can be done to encourage better attendance?

Veterans Take Note

Veterans who registered for the fall term and have decided to withdraw at the end of the fall semester or those who wish to discontinue their G.I. Bill benefits for the spring term, must report to Mr. Devericks office before January 25th so that they may be processed accordingly. Veterans who are leaving Ithaca College and expect to continue their education elsewhere will need to obtain a V.A. Form 71905 from Mr. Devericks office.

If "you want something done, go ask the busy man." So often that statement resounds from the halls of the universe as an explanation of why some tasks are not accomplished and others drag slowly on in the wake of the forger. Behind that statement stands the real problem of responsibility. It takes time and effort unless he is responsible for the action taken. It is easy to dream of action and creation but difficult to attain.

Radio at Random

By Dick Koss

The Of One Blood series which were so successful last year, will be presented again this year from February 5 to March 26. The first broadcast is programmed in conjunction with National Brother hood week. The Of One Blood broadcasts are sponsored by the City Council of Churches, the Ithaca Kiwanis Club, the CURW, and the Ithaca Kiwanis Club.

Ithaca Kiwanis Club is pleasant entertained by a recent performance presented to them by master Dave and Archie. The Kiwanis Club has been pleasing entertained by recent performances put on by the Ithaca Kiwanis Club.

Eric of Morris Levy, freshman, fervently telling a well proportioned Cornell student that he likes the Ithaca Kiwanis Club. The Ithaca Kiwanis Club has been pleasing entertained by recent performances put on by the Ithaca Kiwanis Club.

BIG JOHN SAYS
By John Wilson

It has been my objective to delve intimately into the inner workings of the symphony orchestra in this column, and I hope that these humble efforts have been in sorts educational. We have, herein, the guest quartet from Piccolo to Percussion, and my opinions on the merits of their program. I would like to note, for all our "Classical Intelligence," to say a word about the music so loved by the commoners, that is to say, the masses. Be Bop, as Bop. (From the sparsely attended non-music students who stray this way, Be Bop is a style of music, somewhat like the word, Jazz, Dixieland, Chicago, etc.). Some of the great names in Be Bop are of course Konkrie,
Wayne King, Samuel Kaye, Kenneth Roberts, and oh, a whole host of others.

Now it is interesting to note that Jazz is basically on the grand scale of music, appreciated and accredited in my recency of surveys is that in Bop the spelling of these chords is slightly different. Take, for instance, the I chord. To us classicists that means I-3-5; but to the popular music musicians, a 1 chord in C major for example, would be spelled C G, B, E. This may not be true in one singular, indicating the very earthliness of it all, is to have the piano player play the chords on one note, say "Selling Nellie Home," while the tromper, Sax, and Mellophone play "Lover," and "Lincoln Portrait" respectively, simultaneously.

I was approached the other day by a student of Physical Education who very nicely asked me "Why in #@* don't you write something in your column which is intelligible to someone besides a #@* classical music lover?" I think I am ever ready to cement a feeling of pride in the private and public schools. I am very pleased to say that I am ready for permanent licensing. I have always admired men of physical prowess; in fact back in New Orleans, which is my home, I have always admired such men. I do hate to explain these, many a time I would grab the puck, run around end, down the court, and hit the goal for two points, (or whatever the compensation is for kicking a goalie), with good blocking from the opponents. This will, I hope, dispel the ugly rumor that a Music Ed. doesn't know from sports . . . .

In fact this whole article is a digression from what I should be doing. Why don't you come back after exams? Who knows? We may even regain sanity later?

CAST FOR NOAH
Rehearsal; Play Directed
By Mrs. MacLeod

The director of Mrs. Beatrice MacLeod, rehearsal will begin Monday for Andrew Osby’s "Noah," which is a musical which will be directed and produced by John Bates, Cornell professor and author of "Highway to the Stars." The owners of the Bohemian have already set the date for the production. "Noah" will be presented in the little theater and will run in the green room where they have marked the walls with make-up stairs and marked the floors with scuffed shoes and rubbers. By the time "Mach Abo About Nothing" comes up, one can expect to see autographs on the dressing room walls. Smoking rules have been ignored in all the rooms. The cigarette ashes are being pressed into the new boards. The answer to this nasty affair is to carry your own ash tray and use it depositing—burned down. I cannot plead too much with anyone for the work done in the Drama Department building. I can only say that you ask for it, it is yours, do with it what you will. The Temple of the Bohemian, however, even the Boulethian has to draw the line somewhere.

WITJ CHANNEL
(Continued from page 1)

Dr. Daniel Speaks
To Radio Students

Dr. Franklin Daniel, chief of the radio division of the U. S. Office of Education was a guest speaker Monday afternoon at a class in station administration at the Ithaca College Radio Workshop.

Dr. Daniel, who has visited 31 countries while making a study of the facilities, described those of the United States as the best of any nation. He said that American College radio is showing increased interest in the establish­ment of 10-watt FM educational stations similar to the one Ithaca College has. The Federal Communications Commission is considering making it possible for these educational stations to use third channel frequencies instead of first or second channel, at higher salaries in order to cut down on the expenses of opera­tion.

MRS. SARGENT ASSIGNED
PUBLIC RELATION DUTY

On January 30, Mr. Sargent will be relieved of his teaching schedule in order to devote his time to field work for the College.

His primary responsibility will be to act as a public relations counselor to any student who is interested in attending IC.
