Lectures Conducted For Seniors In Little Theatre

Instruction Given To Future Teachers

For the past week seniors in the college have been in attendance at lectures conducted in the Little Theatre, led by Dr. Leonard B. Job. The discussions have been conducted in proper procedure in the interest of teaching positions for Dr. Job handled the first meeting on Monday and gave some interesting suggestions concerning the prospective teacher's method, and conduct of themselves in the presence of investigating superintendents of schools.

On Wednesday, the group was addressed by Mr. Humstone of the Interstates Teacher's Agency of Syracuse, N. Y. Mr. Humstone spoke of instances in his career as a teacher's representative, and also offered many helpful suggestions. On Friday, questions relative to Mr. Humstone's remarks were to be presented, and discussions growing out of these suggestions to be the order of the meeting. The benefits from these meetings should be invaluable to the June graduates.

Freshmen Repertoire Group Completes First Semester

The ending of the first semester brought to a very successful conclusion the first season of the newly established Freshmen Repertoire Group. This group under the excellent direction of Mr. William Dean presented "The Maker's Past," "Dust of the Road," and "Nextt," both locally and on the road.

The Group, inspired by their unusual success, are now undertaking a New Year's Tour of the Island Homeland," by Oscar Wilde. This play has been cut and has been modernized, and is now being successfully cast.

If this play is well done as well as the other acts, Mr. Davis plans to have it for road shows during the spring season.

Mr. Dean and the freshmen are to be congratulated on the success of their unusual undertaking.

"Robin Hood" To Be Opera Presentation

Cast To Start Diligent Rehearsals Next Week

Rehearsals for this year's opera, "Robin Hood," have been begun tonight and will soon take place on the stage, following the last performance of "Lilies of the Field." Members of the cast include: Lyman Congdon, Wilmer Moyer, Robin Rogers, Kermit Goff, Kenneth Baumgartner—Little John, John Burnes—Shuft—Luke Marigold, Howard Weiss—Friar Tuck, Sara Olesker—Almea, David Margareta Juggling—Nellist. Their interpretation of himself was splendid in many of the lines are sacrificed to it.

The settings are good and in many of the scenes, the costumes are excellent. The story of the play is unimportant and the two characters, the wily in its witty repartee, and the compared to one another in the course of the three acts, the chorus breaks up and forms groups such as Milkmaids, Tinkers, Peasants, and Guards.

"Robin Hood" is a new opera to be performed by the Ithaca College Little Theatre Stage. However, its newness will not abate its popularity, if, as is different in many ways from the preceding productions, it will carry its charm's, creates a fresh mood in the presentation of itself, and serves such melodrama as will run over and again in the minds of the audience.

In the course of the three acts, the chorus breaks up and forms groups such as Milkmaids, Tinkers, Peasants, and Guards.

The exact dates for the performances are not definite, but is it supposed that the opera will finish a week following our return from spring vacation.

New College Outline Proves Successful

College outlines are a definite aid to the improvement of qualities of students using them, a poll concluded by the Bureau of Educational Surveys, New York City, shows.

The poll, covering a period of several months, embraced 1,220 students in 233 institutions of higher learning; 9 students from Ithaca College were included in the poll.

By far the largest number of students reported grade increases from fair to good, following the use of these study helps. A second large group reported increases in grades from failure to passing. In a College 25 per cent of students receiving failing grades reported fair A ratings.

A large number of opinion among the students was that by stating the outline as a guide, those outlines simplified study, enabled them to follow the course untangles these outlines and as a means of getting the subject together in an organized and systematic way. Quite a few expressed the belief that outlines were very helpful in following the text (Continued on page 4).

Since the last issue of our paper, the String Quartet has moved from the first floor of the Coll. to the basement. This change in the con
venient period for the refreshments and smoke in the lobby as it were, that is customary.

By the way.

In mentioning this, we have not given way to a sense of the more the merrier, pro

very numerous. From the perform

ance angle, it is a study in itself. It is a separate branch and should be looked at as such. No one is aware of what has been tried.

Student response has been so en

thusiastic from this professional display, that we should make a favorable forward movement in its inclusion in our curriculum, consid

ering it as much a part of our school life as choir, band, orchestra or solo work. It is up to us to grasp those things, which we need and want, while we are in such an obvious position to do so. Therefore—Why not?

THE UP-BEAT

BY J. P. DE VAUX

There are several things occurring in the field of American privacy. One is the growth which is taking place of small and national societies. This is an observation made by some of the experts and hopefully there will be more. How many enjoy this and would like to know more about it? That's the message of this year's Up-Beat.
TO ST. FRANCIS PROVE SUCCESSFUL

In Russia there are Soviets and women go to work; in Germany, the Nazis 'round the households lurk; in Spain, two drastic forces down each other's children down; in China, both Two-Lung fights to keep his house, and in Japan, the war-lords cry, "Are we man or mouse?" Poor England has more troubles 'cause the Arabs want a home; and in sweet America, my native land, we are so propaganded that we don't know where to stand.

Independent Buyer

one of many tobacco experts who smoke Luckies

"I OFTEN invest $2500 a week in tobacco—$2500 of my own hard-earned cash," says Mr. Barnes. "So you can see that the only way I've stayed in business 10 years is to know tobacco. "Now I know Lucky Strike tobacco and it's top-grade. That's why I've smoked Luckies for eight years now. "Lots of other independent buyers, auctioneers, and warehousemen I know smoke Luckies for the same reason."

Yes, sworn records show that, among independent tobacco experts like Mr. Barnes, Luckies have over twice as many exclusive smokers as have all the other cigarettes combined.
