An amendment to the cut system adopted at a recent faculty meeting will go into effect at the beginning of the second semester.

According to a statement released by President Howard L. Redlingham, the amendment reads: "Any student who has been suspended in an unreasoned absence the number of times a class meets per week may expect to be sent to his dean's office or disciplinary action may be taken by the faculty member concerned."

Under the present cut system, if a student exceeds the allowed number of cuts, he is sent to his dean's office.

The amendment will enable the faculty member concerned to determine whether a student is endangered by excess "cuts" and to take whatever action he deems necessary.

The amendment not only simplifies the present system but also gives a more direct association of professor-student correspondence. It will enable the faculty member concerned to determine the disciplinary action.

Tributes Paid To Jimmy Franklin, College Custodian, Who Died Dec. 24

By JOE GILLAN

"One of our most respected employees...he always did his job and did it well."

"Courteous...helpful...almost never missed a day of work in 14 years at Ithaca College."

"A friend to everyone."

There are a few of the tributes that have posthumously been paid to James, "Jimmy", Franklin.

Jimmy, as he usually was called, died suddenly Dec. 24 in Tompkins County Memorial Hospital. He was 60 years old.

Jimmy had been a custodian for continuous employees of the Buildings and Grounds, and County Memorial Hospital. He was one of our most respected employees...he always did his job and did it well."

A friend to everyone." Dr. John R. Clarke, Dean of Students, said earlier this week.

"If there was a job to do, Jimmy did it and did it well. We'll miss him."

David Cowan, superintendent of Buildings and Grounds, and Jimmy's immediate supervisor, described him as "courteous...helpful and friendly."

"Jim was one of the longest continuous employees of the building," Cowan said.

"He was almost never absent from work. Everyone in our department held Jimmy in high regard."

"Jim's chief responsibility for the past eight years was up-keep of the College Arm."

"The Annex was Jimmy's."

"He was a faithful servant than Jimmy Franklin," College President Howard I. Dillingham said Monday.

Jimmy was a member of the Calvary Baptist Church of Ithaca and the Standard Bearers Club. He also was a former member of the Elks Club.

A native of Louisiana, Jimmy had lived in Ithaca for about 15 years.

Besides his widow, Mary, he is survived by three daughters, Mrs. Rosal Blackburn of Ithaca; Mrs. Ruby Lee Jones of Berne, N.Y. and Miss Olivia Peggie, of New York City; two sons, Johnnie, a bus driver for Ithaca College, and Willie, of Oak Hill, Calif.; an aunt, and 21 grandchildren.

Funeral services were held Dec. 28, and Jimmy was laid to rest in Labrador Cemetery.

JIMMY FRANKLIN

Latin American Study Planned

Ithaca College will conduct a travel-study tour through six countries in Latin America from July 2-Aug. 16, 1961.

The objective of the course in "Latin American Civilization" is to study the historical, educational and socio-economic factors which have contributed to the development of the countries visited.

To Leave from New York

The group will fly from New York, visit Miami, Guatemala, Panama, Ecuador, Bolivia, Peru, and explore the land of the Incas. For two weeks the group will attend the University of San Marcos in Lima, Peru.

The students will be in the charge of Dr. Charles R. Worth, who was a member of the University of California Botanic Garden's second expedition to the Andes. The students will be in the charge of Dr. Charles R. Worth, who was a member of the University of California Botanic Garden's second expedition to the Andes.

Arrangements for the tour are in charge of Dr. William M. Gryphon, director of graduate studies at Ithaca College.

TO ATTEND PARLEY

Dear Editor:
I would like to complain about the terrible school spirit here at Ithaca College.

The attendance and spirit at various activities here (especially basketball) is quite low. A lack is supplied for transportation to and from the basketball home games but very few students bother to take advantage of this.

I think the bus schedules for home games should be posted on the bulletin board in front of the administration building.

The basketball team is undefeated this season and I think it's time that they were given some support by the rest of the student body.

Sincerely,
Jim Cohen

THREE WAYS

DAI CANAYAN JOHN GEORGE DAVE SHAW

Another year has gone by and it is time again to make New Year's Resolutions. As long as I hear the following are not made by anyone who has a real life, they will cross the social consciousness here.

A Resolution is a formal statement of determination to rectify any error or faults familiar to the individual. The resolutions are made in the spirit of one's physical or mental makeup. In short, it is a promise to change anything that no longer fits your routine. It is a promise, that can be enforced by yourself and like a bandage that's not worn over a wound, it becomes infected.

There are several resolutions that all would benefit by, for followings:

For example, there are too many people that do not face the world realistically. It has been said that on the day of the greatest danger is living in the abandonment of the search for reality.

Another condition that exists in the world is the lot of the indifferent. An indifferent person is too busy to think or it must be peaceful to fit on the pointed edge of a forage, for any length of time. However, there is a greater need in participating in revolutions, for it is the way of destruction and deteriorating.

Ignorance is still a third condition in the world. We are overpowered many, this germ breeds whatever it is given a foothold. How many of you are familiar with the electoral college proceedings necessary to elect the President of the United States? How many of you know the relation between the President and the President of the Communist world, as far as economic systems are concerned? How many of you read a daily newspaper? Once a week, once in a week or even more? What are the consequences are great to say the least.

A student once told a professor that when he graduated from college, he was going to live. The professor sharply retorted with, "What do you think you are doing now?" Life is not a valve that can be turned on and off at will. It does not begin to flow automatically when a diploma is issued. Too many people are and are impatient and patient in the arts of anything just stay in their rooms and sleep. What was college established for, if not to study human relationships?

These above ideas are only a few that can be rendered here. Once all are being said, the resolutions and kept, their worth will be proved. Remember 1960 is being a black year for education and you still have a chance.

John Garo

POET'S CORNER

I shall sit at my desk doing nothing

While the doors to those reflections on

Afterschool, spring and autumn terms

Close on the approach of dusk.

Winter winds have breathed through my shirt

Stepping up my pulse and contrasting

All the illusions of reality I ever had

Or ever want

Shen down like a stomach of spindles

And settled, fragment remnant black

Spilt across the room at the borders

Making little black spots that emanate

Spring winds in November that's it

Open the window and well with explosions

All our little minds will vaporize up into

Clouds up in the air is way up

Up there in the blue sky high

Near that fat star

Out for a while in the afternoon

Some stars do that you know

BATTLE OF UNBEATENS

Bombers Face Hamilton At School Gym Tonight

by PETE PETERSON

The new Ithaca High School Gym will be the scene of a battle of unbeaten teams this evening. Coach Cerd Wood's I.C. cagers play host to undefeated Hamilton College.

The Bombers picked up two victories last week, downing Utica on Wednesday evening, 87 to 75, and defeating St. Lawrence, 79 to 65, Friday. Paul Mueller, senior co-captain, paced the Ithacans to both victories, with 22 points against Utica and 26 in the St. Lawrence Game. He currently leads the I.C. season, averaging over 22 points per game.

Hamilton has Five Straight Hamilton defeated Utica on Saturday evening, 97 to 72 to keep its winning streak alive. In 5 games, Hamilton has averaged better than 86 points while holding opponents to an average of 61 points per game. The Bombers are averaging 87.4 points per game. I.C. opponents have scored an average of 67 points in the 5 contests.

Joe Hamilton's Frosh, who came up with 2 victories last week to raise their season record to 4 and 3, opposes the Hamilton fresh in a 6:30 preliminary. The Frosh played at Auburn Community College last night.

Travel to Buffalo

The Bombers take the road for the second time this season on Friday, making the trip to Buffalo for two games over the weekend. On Friday they oppose the University of Buffalo, with Buffalo State Teachers the Bombers' Saturday opponent. The Bombers' Saturday evening game is at 6:30, and R. has one of the outstanding small college teams in the East and should be a tough opponent for the Bombers.

The Frosh will make the weekend trip to Buffalo for games with the U. of B. and Buffalo State Frosh teams.

Hockey Club Breaks Even In 4 Games

The Ithaca College Hockey Club's record now stands at 2 and 2. They were beaten, 4 to 2, by the Syracuse University Hockey Club on Friday evening. The Bomber skaters had previously defeated the Syracuseans, 7 to 0.

Both Ithaca goals were scored by Jeff Hibbard, a freshman from Rochester. I.C. goalie Ray Rockwell was injured and replaced early in the game.

Messina Coach

The Ithaca skaters, under the tutelage of Vincent Messina of the School of Health and Physical Education staff, have defeated the Orange at Syracuse, the Cornell Vet College, but lost to the Colgate Frosh.

They have eight games coming up, including the University of Rochester Hockey Club, Cornell Frosh, and St. Lawrence fresh away.

Rockwell Goalie

Among the best of the Ithaca guardsmen are Raymond Rockwell, goalie from Troy, who had 104 saves against the Colgate Frosh; and Marty Grant, a senior from Kenmore, who is the lead scorer. Dick Bowes of Bingham, Al Bostrom of Saranac Lake, Jack Pineda of Medfield, and Mike Gribuski of New Hartford are the other stalwarts.

Dick Bowes of Norwood, Jeff Beaudoin of Troy, and Jeff Hibbard of Rochester, are wingers. Charles Christy of Manlius and Peter Pundt of Rochester are forwards, and Tyrus Overell of Watertown, a reserve goalie.

LOOK FOR FIRST WIN

College Matmen Oppose Cortland Away Today

by JIM COHEN

Still looking for their first win of the season, coach Herb Broadwell's wrestlers traveled to Cortland today for a match with the arch-rival Red Dragons. The Bomber matmen defeated Cortland here last year, 27 to 3.

A 4-0 decision by Captain Dick Bona was all the scoring the Bombers could muster on Saturday as they were beaten by powerful Wilkes College, 29 to 3. The Bombers have yet to win in 3 matches this season.

Bona, a 130-pound senior from Trumansburg, is undefeated in the 3 matches. Jim Rafferty, unbeaten prior to Saturday's match, was pinned by Wilkes' Ted Touba in the 167-pound class.

Coach Mike Greene's Frosh matmen, who lost their only start to Syracuse, back in December, oppose the Cortland frosh in a preliminary meet.

Next home meet for the Varsity will be on February 1st., when they host Lock Haven State Teachers.

AS I.C. YOU

FOOTBALL SCHEDULE IS EXPANDED TO EIGHT GAMES

Ithaca College will expand its football schedule to eight games in 1961 for the first time in its 22-year grid history.

Carlton Wood, Ithaca graduate manager of athletics, announced that the Bombers will clash with neighboring Hobart for the first time in 1961. The two colleges, 40 miles apart, have sent their teams against each other in preseason practice scrimmages in recent years.

For the second straight year Ithaca will tangle with West Chester and Southern Connecticut, among the top 10 small college teams nominated last season for the Lambert Trophy of the Eastern College Athletic Conference.

In its third season under Coach Dick Lyon, Ithaca had a 4-3 record in 1960.

The 1961 schedule:

Sept. 25, West Chester; 30, at Hobart.

Oct. 7, at King's (Wilkes-Barre, Pa.); 14, Cortland; 21, Southern Connecticut State; 28, at C. W. Post.

Nov. 4, Alfred; 11, at Brockport.
