Football Team Wins Last Game Of Season 14-7
Early Touchdowns Fatal To Allegheny; Summa Of Most Successful Season

In the last few minutes of the second quarter, the entire second team was substituted. The ball was run back five yards, (Continued on page three)
Frosh Lose To Cook In Hard Fought Game

Although out-weighted by the Cook Academy team, the Froshmen gave their opponents one of the toughest battles of the season's battle. The Froshmen kicked off to Acre- dont, and the ball was run back five yards. The Frosh line held, and the Academy had to kick off. Once more to Academy, a fumble recovered by Froshmen at the Ithaca's forty yard line, Frosh here Weber

Dr. Brown to Speak at Vocational Conference
Dr. Brown left this morning for Pont Yan, New York, where he will speak at a Vocational conference to be held at the high school there. The aim of the conference is to acquaint students with the careers of certain major fields, and to enable them to qualify for one participation in the different careers. The confer- ence is to be addressed by leading edu- cators in various vocations, among them from Cornell, Harvard, and other universities of this section of the country.

The meeting begins with a luncheon where the students may acquire themselves with the speakers and so make their choice to the group of professions which they wish to ad- dress. After the various speeches all those present will be divided into private interviews with the men who are best fitted to advise them in their choice of a life interest. The project is not to induce the young people to enter professions but to put the facts of the matter before them so they may be able to make a decision for themselves.

BAGATELLES
Ten minutes mean so much to one who waits...I'm thinking of the boy who left...He looked harmless, a snob.

That sign in front of Newman Hall has kept me up late...I'm thinking of the boy who left...He looked harmless, a snob.

The sun has set beautifully tonight...and the sun will rise beautifully tomorrow...but I hope you saw the sun set tonight.

Bill Van's...definition of fasting..."Being good and hungry."...I'm thinking of the boy who left...He looked harmless, a snob.

Well Nixson, the head of the high school...and reached the acme of his high school days as it was before the year stamped it as such. Thanksgiving day would be an excellent time to "shut down everything" so that we might take time to look back, to glance back, and to look ahead. As college students the time may be most advantageous to us.

We, who have been allowed to attend Ithaca college have been given an opportunity for our life's work are a fortunate group of people who take our fortune too lightly. Consider this: students you ladies in high school days who dropped out from time to time throughout the four years, and the van number who finished high school but were not able to continue, Ithaca college. Of this group the president has gone on, yet, the college is just as good, and the whole system of today is improved and ranked the same of you.

Consider again the sacrifice made by all your parents and grandparents to you that you might reap the benefits of modern education. We have here through the efforts of others, a portion of the college that you might be giving up in our time of today. Those who own might attend college, as that might be given up. We say nothing of the rest.

Have a good time at home, enjoy your rate, but when the few days have passed—all be thankful that you're coming back to college,

GOING PLACES
When you read in the herald Tribune that Navy defeated Notre Dame, it's only because of the fact that the college of Ithaca defeated Cortland University—that's news—at least in the Cortland circles. Among the alumni of the college, and other personnel, this fact is news to Music, Drama, and Physical Education.

For the past few years we have been rapidly gaining ground toward a recognized college status by the general public. We have all learned that this college has announced that he attends Ithaca College in the direction of music, drama, and physical education.

"Oh, you mean Cornell?"

"The human body realizes it or not, we all are conscious that our existence is not a machinery but a most healthy and perfect organism which is most delicate and delicate. The college of Ithaca has various cities this effort has had, and my college is the administration in developing this worth while mission. Another accomplishment of the administration was to secure such

AN OPEN LETTER FROM YOUR UNCLE
Earl Hug Hollow
This month

Dear Cousin,
This fine weather we have been trying to hunt down...we've been keeping a weather eye on the weather. The winter's got us in a real bind. We'll be surprised how green the pasture will be when the snow is gone. The winter's been a winter yet, and winter's been waiting in years. Our Ithaca is always here, but be a beaver for a few days. We give to go by and see u. We give to go down and see our horses. Turkey's been 5 cents a pound lately. Men and women, all the folk that's been wantin' the meating of Thanksgiving wherever as what are we going to do? It's all your fault. You know what the most is only the quicker to get to be thankful. What with the ways the day they are and all i suppose a great many think they might be thankful for but if they only take time to think and look around a little they'd see how much worse off they are. Be one. Everything we can be thankful for was on this side of the ocean where not one of us might want to be. We give our paper full of canvas and anyhones. We give to go down to the big dixie downtown and look around. An alse cause we saw the wrinkled thing or the streaks...the wrinkle don't like. We can be thankful for a man like Franklin D. Roosevelt at this time. In the minds of most people, there is a bunch of two-legged bugs, Ithaca, New York. With the continued cooperation of the school itself, and the students themselves, we give to go down to the local Latin sharks. We give to go down to the local Latin sharks.

About the Music, Drama, and Physical Education, which has been rated highly by well known musicians and conductors, and minds me that the local Latin sharks.

A nice evening's entertainment..."Wings Provided," by A. Pretty, has gained the attention of famous people...it was born a race which some diktater

SYDNEY LANDON TOURS MID-WESTERN STATES

Sydney Landon of the Dramatic Department has been touring the midwestern states this week presenting his well-known technical interpretations. His audiences included school assemblies and teachers' and students' bodies.

The itinerary is as follows:

Nov. 19 - Columbus, Ohio
Nov. 20 - Bloomington, Indiana
Nov. 21 - Champaign, Illinois
Nov. 22 - Indianapolis, Indiana
Nov. 23 - Chicago, Ill.

MID-WESTERN STATES

FOOTBALL TEAM WINS LAST GAME OF SEASON

Last Saturday night Ithaca handed the visiting team their first loss of the season although the score was a rather one-sided affair. Coach Fahie's team played better than they have in recent weeks. However, they were also more蚓France than in any other previous game.

Perhaps the greatest feature of the game was the defensive work of the backs. They were well guarded throughout the game and were not allowed to make many gains. The forwards were also in good form and contributed to the team's success.

The Ithaca team was led by Captain John Smith, who was named the most valuable player of the game. His performance was outstanding, and he was responsible for many of the team's touchdowns.

In addition to Smith, other players who performed well were Bob Johnson, who scored three touchdowns, and Bill Taylor, who kicked several extra points.

The game was played in front of a large crowd who showed their support for the team. The victory brought the season to a close in a satisfying manner, and the team can feel proud of their performance.

S. I. PRESENTS WELL-VARIED PROGRAM

A well-varied program was presented by S. I. last Saturday night, October 30, in the Student Center. The program included songs, skits, and other entertainments, and it was enjoyed by all those present.

The program started with a skit presented by the officers of the organization, which was followed by a song sung by the chorus. This was followed by a dance, and then the program was closed with a skit and song.

The program was well-received, and the audience enjoyed the variety of entertainments presented. The officers of S. I. are to be congratulated on their efforts in organizing such a successful event.
DELTA PHI ENTERTAINS AT TWO RUSH PARTIES

Last Saturday evening the Delta Phi house was considerably turned out while entertaining as a Backward Party. As the guests came in they were greeted by a jolly "goodnight." Everyone wore his dress back to front and pictures were played carrying out the idea of the party. Prizes for these games were awarded to Doris Letch and Janet Gaylord. Later in the evening a lunch was served buffet style, and Aunt Sue poured. A few of the Delta Phi girls presented a skit for the entertainment of their guests, after which, the girls reviewed situations and each made her bit to entertain the Delta Phi. At the time for departure came each guest one another with a "hurry" and all "hopping- they would have a good time." 

HOG CHILDREN'S PARTY

Many prance and dainty little girls ranging in the ages of two to ten, were guests of Delta Phi on Wednesday night. Adorned in socks, hair ribbons and short dresses, the children played games which all little folks enjoy. Refreshments were served, during which time, the older girls carefully guided the younger ones in table etiquettes. As a special feature, their mothers permitted them to remain out an hour later than usual, and so at eleven o'clock all happily departed for home.

FOOTBALL TEAM WINS LAST GAME OF SEASON

(Looked up to be co-captained by Muscatine and D'Orazio.

SOMEWHAT OF A SUMMARY

Monday night the Theta Alpha Phi was in progress! The aroma of simmering hot dogs couldn't you get for 5 cents: Play bingo, listen to Luke Perry and Jack Brown demonstrate what the well-versed Barker should do, and maybe win a gay necklace (?). It was a touch-up to the Friday night.
