W.H.I.C. Broadcasts Again
March 1, In Little Theatre

ACTION!

For the second time this school year, W.H.I.C. of the College Broadcasting System will present a full day's entertainment to be broadcast in the dormitories. Under the direction of Mr. Short's Radio Class, the broadcasting activities will continue from 9 A.M. to 6 P.M. and will include a varied number of programs.

Several times during the day the station will join the C.B.S. network. Included among the programs which will come from this source are such well known stations as the American School of the Air, Harmony Lane, Broadway Matinee (starring Alfred Drake, the star of Oklahoma!), Fun with Dunn, and several newscasts.

Other features include two dramatizations by Norman Corwin, "The Odyssey of Runyon Jones," with Stainless Steel directed by Ann Rutledge, directed by Mary DiSarro with Mary Ann Reeve as Bernice Cohen, and "The Soul of a Lone Streetfighter" directed by Eugene Troobnick as Abe Lincoln. There will also be a continuation of the series "Lift With Mother" which was so favorably accepted on the first broadcast. Pleasant memories of childhood will return to many in the dramatization of "Snow White and the Seven Dwarfs." Mary DiSarro plays Snow White; Rafael Brester, Prince Charming; and children from a local seventh grade class, the dwarves.

Music fans will be interested in the Scenario from Showboat which will be played at the Columbia Masterworks Hour, and the College Dance Parade.

A complete schedule of programs for March 1 follows:

Under the direction of Mr. Short's Radio Class, the broadcasting activities will continue from 9 A.M. to 6 P.M. and will include a varied number of programs.

The editors of the Ithacan hope for more names to add to their list of volunteers to put such a plan into effect. May they have your name?

Distinguished Guest To Attend Student Recital

A recital by students of the Music Department will be presented Wednesday evening, March 1, in the Ithaca College Theatre. The program will be comprised of both instrumental and vocal numbers, the former including solos on the violin, piano, brass, and woodwinds.

In announcing the recital, Dr. V. E. Chappell, chairman of the Music Department, has announced that the program will be played to a distinguished guest at that time. We hope for a large attendance.

Dr. Grimshaw Honored

Dr. William M. Grimshaw was recently appointed Chairman of the Committee on Teacher-Training and Certification by the New York State Association for Physical Education, Recreation, and Recreation. One of the functions of the Committee will be to study implications in the post-war planning of education with a view to making recommendations for improvements in teacher preparation.

Professor Grimshaw indicated that a report of particular interest to students and teachers in health education and physical education would be made at a later date.

The present committee work is related to the larger study by Dr. Grimshaw in which a survey of teacher certification requirements was made in the forty-eight states.

Physical Education Class Holds Panel Discussion

On Friday, February 11 the members of Dr. Grimshaw's class of History and Principles of Physical Education took part in a panel discussion on the problem of modern Physical Education problems.

The panel members, Russell Stead, Mary Hilgenberg, Beatrice Rudmin, Arlene Cooper, and Harold Lovina, chose the theme of "Physical Education, Today and Tomorrow" as their theme, and the discussion brought to light present and future problems facing Physical Education teachers and methods of solving them.

The summing up discussion Mr. Lovina, chairman, made the following statement: "We as future teachers must shape our programs to meet the existing conditions and needs of children for only through a program which meets these needs of children will we curb the present problem of child delinquency. Our program should be compulsory in school, but we must make our Physical Education classes as interesting as possible."

The discussion was attended by many members of the Physical Education Department.

Ithaca College Organizes Placement Bureau

A summer camp placement bureau has been organized at Ithaca College to provide beneficial employment and good training for those who are qualified and interested. Dr. Grimshaw is in charge of the service and has made contact with a number of camps which are desirous of obtaining counselors.

The importance of this work, especially at the present time, is brought out in the following statement received from the United States Employment Commission:

"Physical fitness, character building and the development of resourcefulness and leadership qualities in the rising generation are of vital importance to a nation at war. "Outdoor life and the experiences in intimate group living provided by the camp environment are ideal for training democratic living. "America looks to its college men and women to supply the leadership to train the leaders of the future."

"If you have a genuine love for children and the ability to handle groups, you may register once with the Camp Unit of the United States Employment Service. Your college 'Camp Placement Bureau' has a supply of application cards."

"Thousands of camp counselors, doctors, nurses, and dietitians are needed. Register now!"

Interested I.C. students are urged to see their department directors or register with the Camp Placement Bureau for interviews with Dr. Grimshaw, for now is the time when the best positions can be secured.

Howard Boone Dies In Plane Crash In Germany

T. Sgt. Howard D. Boone, a member of the Ithaca College Drama Department, class of 1943, was killed in action, January 7, 1944. He was a member of a Liberator crew which had been on many bombing missions over Nazi Germany.

Howard enlisted April 1, 1942, while a Freshman at Ithaca College. He graduated from Scott Field Radio School, April 25, and went from there to a run with squad number at Laredo, Texas.

When a student to Ithaca College, he was an active member of the Drama Department. He appeared in three major productions, "Androcles and the Lion," "The Precious Stream," and "Two On An Island." As a member of the Freshman Repertory Company he played Daniel Webster in "The Devil and Daniel Webster," and the parson in "The Plattering World."

T. Sgt. Boone was a graduate of the Free Academy and Kemble School of Utica, New York.

Dear Johnnie,

Well, here goes again for another round of news and stuff, about what all you fellows are doing, and a little to let you know what gives up this a way.

Here's some news about a couple fellows who left us not too long ago. Jim Freeman is in the Medical Corps and at present is at Camp Grant, Illinois. Rison Britton has just been “altered” at Greensboro, North Carolina, but doesn't know where his next stop will be.

“Bing” Safford, who left us a while ago, reports on Monday to Williams College, Westtown, Mass. Also on Monday, Ed Dellert, who leaves this week, reports to Trinity College in Hartford, Conn.

We've also just heard that James Gambino is an Army Air Cadet at Miami Beach, Florida, and that Evan Bollinger has been promoted to a Corporal. He is a radio operator in Weather Wing, A.A.F. Ashville, N. C. Don Snyder is a “revert” at Fletcher Field, Clarksdale, Mississippi, which gives him another month.

As for news of a couple of our boys on the other side of the “big ponds” Chuck Lents is somewhere in the Pacific, and George Charles has just been shipped across the Atlantic.

**Theta Alpha Phi Plans Party For Drama Dept.**

On Thursday evening, March 2, the Drama Department will crawl into its respective red flannels and brave the blustery blasts of a sleigh ride. The party is sponsored by Theta Alpha Phi and will be offered to students free of charge.

Eleanor Segal, president of Theta Alpha Phi points out that “the men of the Drama department wishing to attend are asked to sign their names on the notice posted on the Drama bulletin board,” and other members of the organization back her with the slogan “Let's all get 'em.”
