King Cole's Grapplers
Murder Red Dragons 35-5

Courtmen Upset Scranton and Mansfield, Meet Tomcats In Return Engagement at Scranton Tonite

by Scotty LeVine

If you weren't one of the crowd who gawked the Seneca Gym last Saturday night to see one of the biggest upsets in collegiate wrestling, you missed one of the best matches that reporter has seen to date. The final score you have probably heard a thousand times, but here it is again: Ithaca 35, Cortland 5, and it's really true.

If you ask Clyde "The Magician" Cole, what happened to his matmen Saturday night, you're likely to get a smile. The O'Mighty Red Dragons, unbeaten over a two-year span, met a small contingent of Cortland wrestlers to their credit, finally took a backseat to a school called Ithaca College, which I predict, will in the next few years be up among the top colleges in the country.

The Blue and Gold gained 30 points on 6 pins, and 5 points was awarded while the Wizards were brought down to earth. Ithaca in the 155 lb. class by referee M. J. M. O'Brien. John Cortland's 155-pounder suffered an illegal body slam and Van Gorder was put out of the game after being hospitalized at the Memorial Hospital school cab in a most unsporting manner. With the top of Van Gorder, Cortland's wrestling was also wonderful and very cooperative.

Dick Hoover, beaten only once this year, gained revenge as he pinned Cortland's Earl again his team's victory over the Bombers.

The Ithaca College Concert Band, under the direction of Walter Loomer, will present a concert at the Dundee Music Hall in the early evening. The orchestra will be accompanied by the Ithaca women's Latin Club, who will perform all the music presented. The concert will begin at 8:15, and the program will include music by Bach, Beethoven, and Schumann. The concert is free to all students and teachers, and the event is sponsored by the music department of Ithaca College.

Radio Workshop Plans

New Schedules
For Specific Deps.

The Ithaca College Radio Workshop announces a new policy! On the dates specified below, the Workshop will dedicate its entire day's broadcasting to one of the departments.

The broadcasting day will be scheduled to include members of the department, faculty, and students. All shows will be slanted towards the interests of that department. Schedules from the department will act as guest announcers and will be featured in one of the shows.

It is hoped that through this, a greater interest will be taken in the department by both the Ithaca College students and WICR, by the student body.

The dates for "Department Day" are as follows:

March 9 ...............Physical Education
March 23 ................Music
April 3 ................Business
April 27 ...............Drama
May 18 ........................Art

Einhorn Twirls At
Hotel Astor, Sent by VFW

Mills Shirley Einhorn, baton and junior in the Pep-Ed department at Ithaca College, was invited to New York City February 13th where she was to participate in a Military Ball at the Hotel Astor. Miss Einhorn was sent by the Veteran's Foundation of New York, and was received by the officers of the organization, who presented her with a baton.

It is planned that she will journey with the VFW Drum Corps to St. Louis, New York, and other locations, to compete for the National Championship which they won two years ago.

Mills Einhorn has entered many competitions, and in 1943 she placed third in a competition in Scarsdale, N. Y. Since then she has won two championships in this competition, and in 1945 she came second in a southern N. Y. State competition.

In 1947, Miss Einhorn was asked to join the All-American Drum Majors' Association, which has a limited membership of about 500 from all over the country. Shirley Einhorn's performance is not merely a pleasant pastime, however; she has been invited to White Plains Music School this last summer. Miss Einhorn has hopes of making twirling her career.

I.C. College Students
Featured In "Pirates"

Ithaca College students and teachers are rapidly progressing in the successful production of "The Pirates of Penzance" which was performed in the Ithaca High School last Friday and Saturday nights as a community project. Mrs. Timothy Smith, I.C. was dramatic director; Carl H. Wettig, I.C. was musical director. 

The "Pirates of Penzance" was presented by the Ithaca College Music Department and Sullivan's and is a satire on the English Parlia- ment. The music is by Gilbert and Sullivan, who wrote many of the best-known comic operas.

The performance has been attended by students and faculty of the Ithaca College, directed the orchestra.

Chorus, Instrumental, One-act To Be Featured

The Twin Arts Recital which is presented annually, by the members of the Iota Chapter of Kappa Gammas Phi Fraternity, will be performed this evening in the Little Theatre, beginning at eight-fifteen. The fraternity has extended an invitation to all students and townspople who desire to attend. Admission will be charged. Kappa Gammas is made up of students of both male and female students, and the purpose of the organization is to further its activities in the field of the arts. Consequently, this evening will be devoted to the blending of both the arts.

The Kappa Gamma Glee Club, composed of the entire membership of the fraternity, will be under the conductors of Donald Brown and Bernard Rynearson. The accompanists. The new glee club will be the first to use the glee clubhouse. Donald Roudi will present a baritone solo; and Dale Zorro will furnish another fine vocal selection.

A-B-flat Clarinet Trio, composed of Charles Emery, Donald Yarter, and Harry G. Weinger, will round out the program of instrumental music.

The theater will be represented on the boards in a formal series of music written by Steinbeck Elysee. The cast of the play, composed of college and high-school students, under the direction of Richard Woods, and includes Walter Loomer, Harold Leffler, David Johnson, Robert Bishoff, Roger Coleman, and John Scudder. The subject of the play may or may not arouse some thought in the minds of the audience, but it will prove interesting and entertaining.

New Bowling League
Begun by Music Students

The Music Department has suc- cessfully launched a bowling league, that has been in progress for the last four weeks. The administration has been enthusiastic in the development of the league, and with the exception of two Drama students, the league is made up entirely of music and theatre students. It will continue until the middle of May, when prizes will be awarded to the top three teams—with pins being awarded to members of the highest scoring positions. The teams of the new Bowling League.

Band Plays at Dundee

On February 17, the Ithaca College Band performed at the Dundee High School. By way of note, Joseph Gravity, the Music Director of the High School, has just received his Masters Degree from Ithaca College.
**Thursday For Fun**

With the current membership drive of the W.A.A., we feel that it is well to present more about the organization. It seems that there is little known about it and just how it works.

The W.A.A. is an organization for girls of all departments—anyone interested in participating in athletics may join—and as such, this organization offers many opportunities.

The W.A.A. is set up on a student organization basis. Paulina Croce is President, Joan Reese is Vice-president, Mary Edgely is Treasurer, and Jean Reese is Secretary. Miss Dodson is faculty advisor. Meetings are held to plan the various activities giving the girls in the organization the best athletic opportunities.

This association is not something solely within I.C. It is statewide, with chapters in almost all the other colleges.

It follows that this is indeed a worthwhile group, in that it affords the girls of I.C. an opportunity for recreation and sportsmanship. It is, as we see it, a fine organization, built upon fine ideals, and through competent leadership, these ideals are materialized. However, the officers do not do it all alone. A group of this sort, in order to function successfully, must be numbered among the officers and members.-we, that is to say. The membership of our chapter here at Ithaca is far below that of other colleges of the same size at I.C. And we feel that it is because there is little known about the organization.

Last Thursday, Volley Ball was begun, and on March 1st, Baldinman is scheduled to start. Here's your chance, girls, to organize house teams through the Women's Athletic Association, and compete in friendly, healthy sport. Is Newman Hall better than Hilliard at Volley Ball? Is Cayuga House better at Baldinman than the W.A.A.? There's only one way to find out. See that your house has 100% representation in the W.A.A., and then go to it! Start a whisper campaign—"Thursday's the day for W.A.A. Hooray, we've got the W.A.A."

To find out more about the Women's Athletic Association, drop in to see the Seneca Gym on Monday, March 1st for their "Fun Night." See Campus Calendar.

The W.A.A.—see it, know it, join it!

---

**Campus Calendar**

**FRIDAY, FEBRUARY 27**

Twin Arts Recital — Gamma Kappa—Little Theater—8:15 P.M.

**MONDAY, MARCH 1**

**As I.C. It**

By Dave Mistryk

Everyone's still talking about Spring, and when in Ithaca, that means we can be looking forward to quite a few events of the new season. On the Sports Front, it means conditions for track and baseball as well as play Ed students taking the trek down to Percy Field and Stockwell Park... People hitching down there, out to the country on Saturday and a day of field activities with track. It means early morning from the band room with those new floating down into 132 West... It also means Drama students perched on the steps or the lawn of the Ad Building waiting for that next class in the Theater or Green Room. Spring Fever and dances and mid-terms—all rolled into one. We love it! We still see a few signs of Winter, though. People coming to the indoor courtyards and recitals are wearing their overcoats (even though we must admit the theater has never been so warm!)... And, the indoor activities have been fairly well attended. The Male Chorus deraised a capacity crowd for its initial concert and gave one of something really good in choral music. We're looking forward to their next recital and particularly to the first annual Sweetheart's Ball. Another indoor event that was outstanding was the IC-Correlated Marching Band. We heartily responded to the music and the fact that Correlated came to its feet in two years. There seemed to be more on the part of both sponsors and contributors than we've seen at any I.C. sports event. The Varsity Club deserves a big hand for its arrangements of scoring and seating. Ed Weed handled the P.A. announcements in excellent fashion and came out with a nice hit of re-creation when Captain Ed Van Gorden was invited on an illegal body slam. (Incidentally, if you want a good description and explanation of this and other illegal holds in Collegiate wrestling, get a copy of last week's "Life" magazine)... That was the final match for the team season, but we expect to see names of some of the squad when the Olym... proving to be the high point of the season. There are probably any number of mistakes that can... When in Ithaca, that means we can be looking forward to quite a few events of the new season. RADIO AT RANDOM

by Paul Hadley

There's been a lot of talk being passed around our sunny campus these days, talk of and about "The Little One," last week's Radio workshop directed by Linda Papinchak. Eventually, some of it is not in favor of it. Oh, they're not criticizing the handling of the show, the sound effects, or the characterization. No, this is the kind of criticism you don't often hear. There are those who seem to think that "The Little One" was too soft and quite "unnecessary." We've heard such remarks as: "Why did they put such a sordid story on the air?" We've also heard: "A very unhappy choice." Now, as a columnist, we're tried to stay away from controversial issues, as the nature of our interest didn't seem to warrant any suchยาวק, unless that's a special point we tell us just how bad our taste (the workshop) was becoming. How it was a "shame that persons with little or no "know how" as far as radio is concerned. So those who heard it enjoyed it. It was different. It was unusual. It was covered by Mr. Commanday, and the entire program was broadcast over WHCU-FM.

Mr. Gene Martin and Mr. Harold Kremier were piano accompanists.

Mr. CHERRY PRESENTS CONCERT

Sunday evening, February 15, Associate Professor Milton Cherry presented a violin recital in the College Theater. Among the works played was Beethoven's Violin Concerto in D Major Opus 61, by Mr. Commanday, and the entire program was broadcast over WHCU-FM.

Mr. Gene Martin and Mr. Harold Kremier were piano accompanists.

OFF OUR Radar

by Bert Loomer

Touches of unseasonal spring fever have hit the goodly burg of Ithaca lately, brought on by the westwind weather seen since Alexander the Great was a corporal. One goes to bed of an evening when snowflakes are falling, and awakens to the sound of Fine Arts fields. And as for this particular show, we thought it was an excellent choice, and with the exception of the few we've already mentioned, those who heard it enjoyed it. It was different. It was usual. It was off the beaten paths. But it was good radio.

We sincerely hope that all the hue and cry "The Little One" has brought is true. It is our belief that we're talking about and when we do criticize, let it make constructive criticism, not destructive.

We'd like to add one more item before we sign off. "The Little One" was produced, as are all such productions, for the purpose of caring for the college basketball team as guard and co-captain. He also met Miss Larson and her cohorts are going to have a course in mental telepathy. He decided to transfer to the Drama Department turns out decently for them, side of major productions they're welcome. It's hard to tell if this man aims to participate in many sports, which hitherto he had temporary concealment. Dick quite naturally returned to the life of a movie-drawn university, and made up their minds that college was a medium and a means to an end which they desired. Early in the year, the Messrs. Bennis and Ezerkzy planed to be teacher. By the second half, their plans might well have materialized.

Both Bennis, who comes from Amsterdam, and Ezerkzy, a Dodge rooter from Brooklyn, started their collegiate careers quite normally, anticipating graduation in the usual manner or other. They did not, however, initiate their collegiate tenures in the same manner or less, of course. Dick was never a Swarbie suit, and Gene was sending messages from a B-25. When the hostilities petered out, Dick quite naturally returned to the alma mater, where once more he reinforced the college basketball team as guard and co-captain. He also met Miss Blaine Schmalberger upon his return to school, and it wasn't too long after that these two Ph.D. were joined in holy matrimony.

Once these two stalwart young men had at least one arm, they were asked to leave school for awhile to serve in the armed forces, and after the war Dick was wearing a Swarbie suit, and Gene was sending messages from a B-25. While Gene was in the Air Corps, it was his good fortune to participate in many sports, which hitherto he had only been interested in while he was in school. Dick also realized this, where he might further his rapidly increasing attachment to athletics. Dick then regretted that he had not thought seriously of going in their education. They're both terribly thankful that they've been able to carry on their aspirations in this respect. With that kind of enthusiasm, they'll bound to have fun.

The teaching profession will hear another determined knock at the door very shortly for Gene Ezerkzy and Dick Bennis wish to gain admittance. Dick would like nothing better than to join a fine athletic department, where he might coach in several sports, and, as for Gene, who actually admits that he likes children, years of hard work would be the finest reward. Eventually, Dick would like to be the proud owner of a Sporting goods' store somewhere in this vicinity, although Laura has a mad plan for Hawaii... a place Dick developed a distinct taste for in the service, by the way. If Gene teaches for the rest of his life, he'll be perfectly contented, and someday would like to teach in a small college, and be a professor "sorta like Mr. Yavits." Half the time they thought they might be doing too many things to get a chance to college, and they answered rather hastily, because the rest of the time, he'll be perfectly contented, and someday would like to teach in a small college, and be a professor "sorta like Mr. Yavits." Dick was serving up for the basketball team, on which he had played for four years in one capacity or another. Right now, Bennis, who is a member of Ph. EK and the Varsity Club is reading himself for the teaching profession, and in his spare time plays a few hands of pinochle with the Messrs., usually whose white hair.

While Gene was in the Air Corps, it was his good fortune to participate in many sports, which hitherto he had only been interested in while he was in school.
