“Ithacan” To Hold Writers’ Contest

NEW MEN’S ORGANIZATION
OPEN MEETING AGL
SUN. 4 O’CLOCK

Vol. 24 • 15
FRIDAY, FEBRUARY 13, 1953
No. 10

ATTEND THE
“BOP HOP”
CLINTON HOTEL—FEB. 28
9:30-12:30

Plants For College Student Union, Snack Bar Under Consideration

For years the students of Ithaca College has expressed the desire for a place on the campus where they could stop by for a cup of coffee and a snack. A committee was appointed and U.D.O.A. has made the first step toward making a “snack bar” possible. This organization has established a committee to investigate the possibility of creating a place where students can enjoy their coffee and conversation on campus.

To date, this committee has received the endorsement of the Administrative Board. This committee will be responsible for the operation of the “snack bar.”

Jury’s Jesters Will Play Fresh “Bop Hop”

Clinton Hotel Sat., Feb. 28, 9:30-12:30

The “Bop Hop,” the title given to the first dance sponsored by this year’s Freshman Class, will be held at the Clinton Hotel on Saturday, Feb. 15. Jury and Jury’s Jesters will be the entertainers for the evening, playing from 9:30 until 12:30. As well as dancing, an entertainment committee has arranged for Paul Hull to sing and for Joe Polansky, Denny Green and Jerry to play and sing. “I’ll Give You Money” will be the theme for the evening. An admission fee of 25c will be charged at the door. Snacks will be available for purchase.

Dr. Craig McHenry

Your Students’ Government’s co-founder, Dr. McHenry, has been chosen as an assistant to the College President. He will be responsible for the operation of the “snack bar.”

Ithaca Resident Offering Prizes For Best Student Performances at Recital

Professor Lynn Bogart of the Music Department has announced that a local friend of the Music department, who wishes to remain anonymous, has donated two sets of cash prizes for the best performances in each of the two most important categories.

The winners will be selected by a committee of four judges, who will meet to select the winners. The prizes will be awarded at the end of the evening.

Men’s Organization Being Formed, Open Meeting Feb. 15, 4 O’Clock

On Sun. afternoon, Feb. 15, at 4 o’clock, a meeting of all male students will be held in the Alumni Room. This meeting is to form a men’s organization here at Ithaca College. All male students are invited to attend.

“Frolic” Conducts Contest; Seeks New Staff Writers

The “Frolic” has announced a contest open to all members of the Freshman College for certain positions on the staff of 1953-54.

The features columns will be: “Sports News,” under the editorship of George R. McHenry, “Theater,” and “Sports Review.” There are also a need for sports news writers.

The rules of this contest are as follows:

1. To write an original story for publication in “Sport”, “Theater,” or “Sports Review.”

2. To write an article for “Sports News,” with sport news writers.

3. To write an article for “The Frolic” column.

4. For “Senior Spotlight,” interview any four people and write them up for publication.

5. For sports news, cover two names and write them up in straight sports style.

6. Place your picture, with a small neat envelope containing your name and address, in an envelope addressed to J. Coca, Managing Editor, “The Frolic.” The envelope must be delivered to the editor of the Ithaca College office in the school.

All articles must be in by March 5, 1953.
Scampers '54?

"Laying up in store for themselves a good foundation against the time to come" might well be a motto for the Scampers '54 committee to follow.

Past years have seen that everything has been left to the last minute usually causing first, second, and sometimes third night performances to be nothing more than dress rehearsals.

During the past few weeks, this has not been the case. The participants are devoting their best efforts to the presentation of a production which is associated with the production walk around haggard and ill. The cause of this is the amount of work being done then that should have been done before. It is too hard to form the committees, decide on a theme, and ready scripts, music, etc.

If it were planned now, there would be a smoother performance from beginning to end. Production headaches that could result during next year's Scampers.

True, there would always be some people who still do not know what is going on in their room, thus opening up night, but the percentage would be much smaller.

All in all, if planned now, we can expect a better Scampers '54.

Brotherhood Week

By Charles Betts
Chief Editorial Writer
New York World-Telegram & Sun

For centuries, civilization has fought to gain and preserve the basic human rights of religious freedom, tolerance and the brotherhood of mankind.

Our nation was founded upon just such principles. Devotion to them has helped build the spiritual and moral power vital to this fight. This newspaper ische...
**Tryouts Soon For “Devil’s Disciple”**

Mr. Randall has chosen as his next production “The Devil’s Disciple,” a play by George Bernard Shaw. Tryouts for this play will be held during the week following the presentation of Hamlet. Mr. Randall suggests that anyone expecting to try for a part should read the play before the audition.

**WILL THIS SUIT FIT YOU?**

If you can make the grade, you can fly the latest, hottest, fanciest jobs in the air—and do it within one year.

**IT TAKES** a good, tough, serious guy to wear the gear of an Aviation Cadet. But if you can measure up, here’s your chance to get the finest in aviation training—training that equips you to fly the most modern airplanes in the world and prepares you for responsible executive positions, both in military and commercial aviation.

It won’t be easy! Training discipline for Aviation Cadets is rigid. You’ll work hard, study hard, play hard—especially for the first few weeks. But when it’s over, you’ll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of $5,000.00 per year. And this is only the beginning—your opportunities for advancement are unlimited.

**ARE YOU ELIGIBLE?** To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a minimum requirement—it’s best if you stay in school and graduate! In addition, you must be between 19 and 26 years, unmarried, and in good physical condition.

**YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER:** If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

**New Aviation Cadet Training Classes Begin Every Few Weeks!**

**HERE'S WHAT TO DO:**

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.

2. If application is accepted, the Air Force will arrange for you to take a physical examination at government expense.

**Where to get more details:**
Rosalie Levine
Rosalie Levine first showed interest in dramatics while she was in high school. She was a member of the Tower Players, the school drama club; the Thespians, the national inter-racial club, modern dance club, and took part in most of the after-school sports.

She was a member of the chosen drama society; and in her Senior year by being treasurer on Newman Scampers, which she continued as a unit control clerk and dress model and was a member of the Delta Phi Zeta.

Rudy Conducci
Rudy Conducci is a versatile girl, Rosalie's object in coming to Ithaca College is in the fall of 1950. Both parents are graduates of the University of Buffalo in pharmacy, and two of his brothers are men. But his home-town doctor recommended Ithaca College. Rudy is now president of Pi Theta Phi, the pharmacy fraternity. He says that's where he went to high school. Al Snape, chief engineer, has been in classes with Negros are the most "tolerant."

Rudy Conducci comes from a family of physiotherapists so it is not strange that he has also chosen this field for his own. His home is in Altion, New York, and that's where he went to high school. In 1943, Rudy entered the Navy and was discharged in Jan. 1946. In May of that same year Rudy was married. Rudy was a construction worker for two years and then worked for General Electric as a repairman. He came to Ithaca College in the fall of 1950.

Campus Notes by Gloria Redimov

Several new instructors have been added to the General College's faculty. Mrs. D. Zimmerman is teaching Fundamental English Composition. Mr. G. Ademan is instructing a course in Economic Geography and The Principles of Education is being taught by Mr. W. Irvine. Mr. James Winder, who was an instructor in the Business department last year, has returned from Chicago where he was employed by U. S. Steel and is now the chairman of the business department.

**...**

A chance, a brand of smacks, eagles, and a pair of boys' gloves, articles which have been lost and found are being held in the Bursar's Office. The person who has lost any one of these articles may claim it at the Bursar's Office.

There have been two new shows added to WTVJ's network. Joel Levy and Annette Thomas are the masters of ceremonies of this show, "Date Night." Each Thurs., evening both Annette and Joel interview various students and serve as the dorms and play request records.

Music will be played and poetry will be read on Rudy Polingolod's and Jean Loom's program, "Menesthery."\*\*\*

**Physiological Facts**

by Mel Schorr

Frank Krasznag, head football trainer at Canard University and one of the most respected men in his field, addressed the physiology students at Ithaca College. His address was sponsored by Phi Theta Phi Professional Fraternity as part of their clinical conference program.

It's a physiological fact that we function while we are living on this earth. The question, however, now do we function.

Physiology can restore many physical anomalies which cause or lead to functional limitations of a physical nature, but only the individual can direct his line of thought to allow himself to function to the best of his ability, physically and mentally.

The human body is the greatest machine on earth. But like other machines, it becomes worn. However, unlike other machines, the human machine, the brain, can replace the mechanical contrivance, is housed within the framework. If any other organ besides the human one, becomes worn, the machine can replace or repair the defective part, delaying the final collapse of the machine. This point is also true in the human machine in a certain extent. Medical scientists, such as the doctor and the physiotherapists, are the human machines. They can in many cases repair the defective parts until the final end, death occurs. On the other hand, the life of an ordinary machine can be prolonged in use by changing the brain behind the running of the machine if the brain is not up to the task. The human machine, naturally, can not be replaced that way. All this can be summed up in one sentence. "The doctors and physiotherapists can repair the defective parts but only the individual can make the body last longer." There is nothing profound in this statement. It is just a physiological fact.

**Student Legislature Will Question Michigan Daily's Series of Articles**

Special to The Ithacan

The Student Legislature of the University of Michigan considered, but did not act upon, a motion to censure the Michigan Daily for its recent series of articles dealing with Communists and Communist front activity in Ann Arbor and on the campus. In the motion, the Daily was charged with using methods which "stifle discussion rather than facilitating free discussion of ideas." A careful distinction was made between "censure" and "censorship.

The Daily, in an answering editorial, pointed out that "The trauma of non-interference by government bodies with the free press is sacrosanct." It added that the series of articles has attracted "unusual and unusual discussion, and as a glance at Letters to the Editor will reveal." A college graduate was out hunting for a job. While waiting to see the manager, he struck up a conversation with the office boy. "Do you suppose there is an opening here for a college graduate?" "There certainly will be," replied the boy, "unless the boss raises my salary to $25 a week."

**Selective Service Test To Be Apr. 23**

All eligible students who intend to take the Selective Service Test (College Qualification Test) on April 23 should file applications at once for the April 23 administration. Selective Service National Headquarters advised.

An application and a bulletin of information may be obtained at any Selective Service local board. Following instructions in the bulletin, the student should fill out his application immediately and mail it in the special envelope provided. Applications must be postmarked no later than March 9, 1953. Early filing will be greatly to the student's advantage.

Results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student according to the National Testing Service, which prepares and administers the College Qualification Test.

---

**Supply of Eligible Men Dwinding...**

Hershey

Student deferments may not be here to stay, according to Lew. B. Hershey, selective service director.

"The time for action is almost here," says Hershey. "Now that the time for fathers to be called for an imminent necessity in the not so distant future, we certainly must look for a lot of college students with something more than an appealing eye." Draft boards are already beginning to dip down into the 18-year-old age group, and it appears inevitable that quite a few college students will be deprived of deferments.

The Daily Reveille, Louisiana State University, recently ran a cartoon depicting a brute labeled "Selective Service," aiming his rifle at a bird labelled "College Defeather." The caption was, "Dead Duck?"

---

**Sen. James Duff Sees Ballot For Eighteen Year Old**

Sen. James Duff (D. Pa.) last week that 15-year-olds should be permitted to vote in every state. He was interviewed by the college students on "Junior Press Conference" during his ABT-V.

"If a boy is old enough to risk his country, he said, "he should be permitted to vote. It has been my experience that, by and large, the 15-year-old is just as wise as people in other age groups are." The movement to lower the voting age has already received support from segments of the college press and from various student organizations. The National Student Association, in a recent meeting of its executive committee, voted to "put it on its national support behind the movement."

At Minnesota, a bill to lower the voting age to 18 was recently introduced in the state legislature. Supporters of the bill say it has "better than a 50-50 chance of passing."
Meet Wilkes College Tomorrow Night
Powerful Lock Haven Next Mat Foo

Ithaca College grapplers smothered the East Stroudsburg matmen, 31-3 at the foe's home stadium. The local matmen's record now stands at 4-1 for the season. The Broadwell boys have made Wilkes their next victim tomorrow night at the Sesquicentennial, 1:00.

The Blue and Gold started out in fine fashion with quick pins by Ed Manginelli, Jim Howard, Ed Pucel, Paul Thoman and speedy Merti Schlein. Don La Favor and John Dekey came through with decisions for the winners. The lone Ithaca loss came when Bill Hopkins lost a close 5-4 decision.

This match was the most decisive win of the year for the Ithicans who are having another fine season. The quirk of the match was by Paul Thoman who pinned his man with a leg cradle in one minute flat of the first period. Thomas holds the team for the quickest pin of the season so far.

Don La Favor turned in a surprising 10-4 decision over his man to give indications of his continued improvement. So far this season Jim Howard and Merti Schlein are undefeated, with both men having four pins. Howard also has the distinction of being undefeated in three years of dual competition. The Ithicans have a good chance in winding up with an 8-1 season if they can get by a powerful Lock Haven team in two weeks. A well coached young and eager team gives all indication of keeping Ithaca a wrestling power for the next few seasons.

Summarizes

123 — Manginelli (I), pinned Ruane (ES), with half nelson and body press, 4:25.
130 — La Favor (I), decisioned Wagner (ES), 10-4.
135 — Howard (I), pinned Gibley (ES), with key lock 2:46.
141 — Pucel (I), pinned Rankin (ES), with a reverse nelson 4:40.
157 — Myers (ES), decisioned Chaple (I), 9-2.
170 — Thoman (I), pinned Revello (ES), with a cradle, 1:00.
177 — De Kay (I), decisioned Cox (ES), 2:1.
Heavyweights — Schlein (I), pinned Kichen, with a half nelson and grapevine 4:15.

Layups: Athletic Director Ben Light has scheduled another game with St. Bonaventure for Feb. 12 in Olean. Jim Harden, who played varsity and freshman ball, has been ruled ineligible for the second term. Ed Byrne and Don Howard are running neck and neck for team scoring honors so far this year. The fresh record now stands at 3-4 for the year with recent losses coming at the hands of Cortland and Sampson.

John Abdoo

Sampson Overpowers Hoopsters of Ithaca;
Don Howard Paces I.C.

The powerful Sampson Sabers smothered the Bombers with height and basketed by a 55-41 score. Superior height and speed headed the contest. The airman had a 20-point lead at half time to put the game safely out of the local's reach. Five men hit double figures for the "fly boys." Don Howard paced the bombers with 18 points and a 50 percent shooting average. The remainder of the scoring punch came from Al Gilberti and Gran Roe who each had 18 and 11 points apiece. The Bomber record is now 6-6 with two victories on top with Iona and C.B.I.

Tech Editor and Staff Charged With Obscene Lit.

The editor and part of the staff of the Michigan Tech Lode have resigned after the Dec. 10 issue of the paper was confiscated by the Board of Control.

The Board took this step because it claimed to have found two items in the paper which were "pornographic" and "obscene." In its official statement, the Board said it had "no desire to interfere with the free expression of opinion on the part of the editors ... nor to dictate policies as to the type of articles."

The Student Council, reviewing the case, unanimously passed a resolution censoring the editor and calling the Lode to publicly apologize for the articles in question.

Now that they've made cigarettes less irritating, I wish they'd start working on the commercials.

Every father believes in heredity until his children start acting his foibles. In the early days in Arizona an oldtimer was elected justice of the peace. As usual, he knew no law. When cases were brought before him he would take out, with a flourish, a fine-looking book, inside of which he had fastened a mail order catalogue. One day he thumb-indexed the pages, put his finger on a point and said, "You are fined $4.38." "The defendant got up to protest, "Sit down," his lawyer cautioned. "You're lucky he turned to Pina instead of Pines."

CIGARETTE TASTE BETTER!

Ask yourself this question: Why do I smoke?

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette. Luckies taste better.

Lucky Strike taste better — cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

For the thing you want most in a cigarette — better taste — for the cleaner, fresher, smoother taste of Lucky Strike...

COLOGNE STUDENTS PREFER LUCKIES
IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained for more smokers in these colleges than the nation's two other principal brands combined.
