On March 20 and 21 the Physical Education Department will hold their third annual Graduate Conference at Ithaca College Gymnasium. This conference is well received by the graduates and discusses problems which are puzzling the teachers in the field of physical education.

Two main problems which will be discussed at the conference will be, namely, the finding of the recreation and entertainment program in regard to program content and the main problem of program adjustment in the need for preparation. The schedule for the conference is as follows:

**Tuesday, March 20, 1941**

- **Opening Session**: 10:00 a.m.-12:00 Noon
  - Presentation of problems in the field of physical education
  - Questions and answers
  - Address by Miss Ida Powell

- **Greeting from President Leonard B. Jobyn**: As the recent questionnaire, Director, Laureate S. H. Hoag

- **1:30 P.M.-3:00 P.M. - Problem Discussion - Room A, Gymnasium**

- **3:00 P.M.-5:00 P.M. - Practical Demonstration - Gymnasium, Miss Page, Miss Hugger, and Mr. Wuet in charge

- **6:00 P.M.-8:00 P.M. - Sports Clinic for Men - Room A, Gymnasium, Mr. Freeman and Mr. Light in charge.

- **Sports Clinic for Women - Faculty Office, Gymnasium, Miss Hugger, and Miss Page in charge

- **Friday, March 21, 1941**

- **9:00 A.M.-12:00 Noon - Problem Discussion - Room A, Gymnasium**

- **1:30 P.M.-3:00 P.M. - Problem Discussion - Room A, Gymnasium**

- **3:15 P.M.-5:00 P.M. - Sports Clinic for Women - Faculty Office, Gymnasium, Miss Hugger, and Miss Page in charge

- **3:30 P.M.-5:00 P.M. - Practical Demonstration - Gymnasium, Mr. Patten is also an alumnus of Ithaca College.**

**The Ithacan, Ithaca College, Ithaca, N. Y., March 14, 1941**
If the radio, movies, and press are to be prevented from committing economic and moral suicide, they must consider more seriously their educational responsibilities. These three are the voices of the American people and are a vital part of our civilization. Just as soon as they begin to exist, they will deteriorate and something else will have to be substituted in their place. Already bridge, bingo, and bowling are beginning to replace movies, radio, and the press for them are all excellent entertainers. Therefore, if our entertainers are to be saved, they must be more composite, more interpretive, and should have fewer "applause meters." Education must have a certain amount of entertainment as must entertainment provide education if either is to be effective.

**Spring Sports Schedule**

| June 1 | Manlius | At Ithaca, N. Y. |

Scappers Presentation

Outstanding Success

Student Scappers of 1941 was acclaimed the finest student production which has emanated from the stage of the Little Theatre. The theme for this musical comedy, which was written, arranged and enacted by students of the college, was originated by Joseph Wright. Under the direction of Harold Wise and a competent group of assistants, this principle theme was enlarged into the revue "Presentation for One Night." The musical contribution was accredited to William Daum, one of our graduates, who composed the incidental music as well as the background music. Ed Kelley and Ellen Hawver supervised the dance routines, and assisted Lucille Ellin with costumes.

The show consisted of three acts, the first of which took place on the first day of school and concerned discussion of the conscription plan. The second act portrayed a day on the campus, while the third took place in the auditorium with the emphasis on the educational value and on campus events. The entertainment will be provided by the musical humor of Harold Wise, as must entertainment provide education if either is to be effective. The clarinet obligato will be played by Evan Bolling, one of the most promising of the Ithaca College Orchestra. This will be another occasion to fully enjoy the talents of this exceptionally fine group.

"They do not like Brahms? Very well, then I shall play him again."
DIES SUDDENLY

FRANCES E. WILLIAMS

Death Takes Student

Funeral services for Frances E. Williams, a junior in the department of music, were held Wednesday at Bolivar, N. Y. where the interment took place.

Miss Williams, 22, died at 11:30 P.M., Sunday, March 9, in the Ithaca Memorial Hospital where she had been a patient for less than a week. Previous to being admitted to the institution, she had been confined to her residence for a short time by illness.

She is survived by her foster father and mother, Mr. and Mrs. Harold F. Ockey of 277 Park Ave., New York City. Her father, Dana E. Williams, resides in Bolivar, N. Y. as a member of Sigma Alpha Iota, national musical fraternity for women. Active in musical affairs at the college, she was in the casts of Pippin and of the Messiah. This past year she had been working on the vocal committee for the junior choir and was in the vocal chorus numbers of Student Scampers until forced to withdraw because of her illness.

Miss Williams was born in Bolivar on July 17, 1919, and graduated from Bolivar Central High School with the class of 1937.

Concert Band Presents Unusual Program

Sunday night, March 2, the Concert Band presented a four star performance. Not only was the concert of consistent excellence throughout, but it also had enough extra added attractions for several more programs, including, as it did, three solos and a guest conductor.

The band responded equally well to both Mr. Beeler and to the guest conductor, Mr. McHenry. All the works displayed an unusually fine precision and balance between the sections. Perhaps this was due to the new seating arrangement of the clarinets. Breaking the section up with firsts between the sections. Perhaps this was due to the new seating arrangement of the clarinets. Breaking the section up with firsts.

The rest of the program consisted of five symphonic works: the "Overture in Esaat" and "Benener" by Berlini; "The Holy" by J. S. Bach; "Wagner's Ride of the Valkyries" and an encore, Harry Arnold's march "Skyliner," conducted by Mr. Beeler, while Mr. McHenry concluded the program with the Finale of Saint-Saens Symphony No. 1 in E flat; the "Pocks and Fugue," from "Schwanza" by J. S. Bach. The concert was held in the Ithaca Memorial Hall where there will be no more at this special price when these are gone.

THE SMOKE OF SLOWER-BURNING CAMELSS GIVES YOU

EXTRA MILDNESS, EXTRA COOLNESS, EXTRA FLAVOR and

LESS NICOTINE

than the average of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself.

IT'S simple logic: You get nothing from a cigarette until you light it. For the qualities you enjoy are in the smoke itself. The smoke's the thing.

And those qualities depend considerably upon the way your cigarette burns. Camel burns slower—definitely. That's well-established scientific finding. That means Camels give you extra mildness, extra coolness, extra flavor.

Now science confirms another important advantage of slower burning—extra freedom from bitterness in the smoke. And the smoke's the thing!

Your dealer is featuring Camels at an attractive carton price. For convenience, for economy—buy by the carton.
Girls Turn "Butcher Boys" for Tournament Coin

Candy! Peanuts! Chewing gum! Have you heard that cry? It's all for the cause and a good cause too. We're preparing for the North Star Hockey Tournament next year and with seventy-five dollars in the bank we've already reached the halfway mark. Last fall, the girls who attended the matches came back with such glowing tales that the enthusiasm continued, and now the entire physical education department has decided to accept the northeast tournament trip as their project.

Much credit should go to Miss Page and her executive committee whose ideas and inspirations have kept the wheels moving. Co-operation is certainly evident.

Maybe you had a lot of fun at our informal jives. There will be more in the future, too. "Butcher Boys" Gilbert and Edna Degen have been responsible for their "shades." Maybe you've had candy flossed down your throat and maybe you've gained weight too. But what are a couple of pounds when it's all for the cause. Elaine Rutten and Betsy Banker have been in charge of the candy sale. All organized projects have publicity committees.

We're trying to—Pat and Arlene Havener. Maybe you've heard the cry—"Get your ice-cold Coca-Cola, Yes, it is!" Lyle Bernath and her committee, where you can once again at the baseball games in the spring. Well, you will certainly see all these girls again because we have many more new ideas, which only need your co-operation—Long Island, we come here!

Varsity Basketball Team Wins Final Three Games

Victorious in their last three games I. C. varsity cagers ended the 1940-41 basketball season with an impressive record of 13 victories in 17 starts. Thus a team that at one time looked weak and unimpressive, takes its place alongside of the many other great teams in the college's history and another fine record is chalked for next year's mentor, "Doc" Yavors.

The last three varsity gold club games lost only to Passen, Stroudsburg, Youngstown, and the Ithaca College team, the Pannier contest, highlight of the home season, was the outstanding game and the local squad came very close to upsetting the Jersey powerhouse.

During the past season Ithaca tallied 217 points while holding their opponents to but 777. That was an average of 42 points per game for the college and 34 points for the opposition.

The news of individual scoring, Captain Charley Baker of Hudson Falls topped the local players with 175 points scored. Big Mike Mazzotta, Club Champion for second place honors with 168 points compared to Ingerson's 103. Other individual scores were Upp, 88; Lurie, 86; Willover, 56; Gilbert, 55; R. Carlton, 31; Charbonneau, 30; and T. Carlton, 17.

Five seniors that saw service with the team graduate this June and must be replaced. They are Baker, Lurie, Ingerson, Jack Thissen, and Mazzotta, R. Mike. Next year's team will be available from this year's variety outfit providing Uncle Sam doesn't get them, and from the powerful fresh club a host of candidates will be competing for positions on next year's team.

When problems get knotty... and pause.

Take a minute to relax, and things go smoother. Ice-cold Coca-Cola adds refreshment to relaxation. Its delightful, wholesome taste has the charm of purity. Drink it... when you're tired. Fresh up at...

The house lights are dimming and once more the curtain rises on Broadway and Hollywood. It is the 42nd Street Edition, the current Broadway success which has hopped the ocean and now is riding around the world, for a vital metal which can be procured at $25 per pound. It certainly is, though industry's first assessment was that it could not go further than in Europe. Miss Gordon, who produced the film version and Miss Taylor who directed the picture, get to New York as producers, finds no difficulty in distributing the profits. A word of caution was necessary to prevent subcontracting. Certain manufacturers refuse to exchange royalties on business, and the Government has been slow to induce a 40 or more per cent. reduction. Operating under the provisions of the Excess-Profits Bill which is to be publishing a list of the prices of the government will have to take over these contracts which he signed with the firm.

There seems to be a common acceptance of the defense. "Are we young men," many of Broadway's children are being rapidly drafted by the Selective Service System, without protest. The possible passage of "The American Way" being filmed, so you had better watch carefully for that pilot's spectacle wrapped in one of movie land's special series. Commerce Secretary Japanese has been slow to induce a 40 or more per cent. reduction. Operating under the provisions of the Excess-Profits Bill which is to be publishing a list of the prices of the government will have to take over these contracts which he signed with the firm.

Hi, ya... Did you catch Scamps? Our hats off to the producers and cast... Salutes and honorary discharges to all concerned! Gossip's going 'round—rumor, everywhere—that Charles "Al" Arminger Baker is really that way about a freshman girl—Prom or no Prom. Has anyone found "Vash" since the last explosion? Has he returned to the past or is he living in the future?... FROM FLASHES: Rex Burton and wife... Miss Roosevelt and "young" Uta! Surpris! surprise!... Frank Bundy and Company made a brief, yet sweet, announcement... Jane and Al—but then they seem to be a few difficulties. We hope by press time there will be all around... Betty Arwood, busy listening to the Bm's—and we don't mean trumpets either... Black Boy" Lucarelli's dreams were still coming true. Better late than never Mike... Herb and June are still that way. Conncert in a lovely place. Miss Mc Govern... Speaking of said stars, Miss Diono and Mr. Hollin... were really—Oh, well... Luckily for Johnny P. the infiury let out in time for Prom. Nice ochre she was sporting, too... J. J. and Mr. L. Schaefer—Don't forget the old war song, John, "The Girl I Left Behind-Me"... "Randy" and Dave... "The Girl Left Behind Me."... Carol and pieces?... We Three—Max Tolias... All Comes Back To Me Now—Our last year's romantic—Practice Makes Perfect—Bernie Marker and Herb Oakly... The Same Old Story—Betsy and Armand... Walks By—Su Woolley and Neoma Donald... Now That We're Together—Dear—Alice Churchill and Paul... Do, Do You?—Jo Taylor and Dick Herford... That's For Me—Jane Hemshaw and Al Paulsey... Until the next time remember—"Carry on, there will always be a partner, perhaps I should say a mess of words like this." Keep your chin up... Everybody likes ice cream; string quartets and olives are different and you have to learn to like them. After close association with the massive tone qualities of a symphony orchestra, or even an eleven-piece dance band, the quality of a string quartet seems insubstantial... we could continue for hours. Let us music. However, just as you must close this with a toast to the Queen: eat a lot of olives to acquire a taste... with the trumpet—please, phrasing, and balance if you will... The Up-Beat... Arnold P. Rivers... Everybody likes ice cream; string quartets and olives are different and you have to learn to like them. After close association with the massive tone qualities of a symphony orchestra, or even an eleven-piece dance band, the quality of a string quartet seems insubstantial and uninteresting. In other words, the medium gets in the way of the music. However, just as you must eat a lot of olives to acquire a taste for them, so you must bear and listen to many string quartets to acquire a receptive attitude. Once that stumbling block is overcome, a whole new world of music is opened before you. This is music that can teach you form, phrasing, and balance if you will only dig into it a little. Get the scores, listen to Beethoven's "Major Opus 135," or the Schumann piano quartet, and the music will talk for itself. Quartet music is, of necessity, the clear and transparent that it must be good to hold the audience interest. That is why the Pro Arts quartet could give a whole series of the Beethoven quartets as they have just done at Cornell. Quartets are gems, warm and glowing—perfection embodied in four artists riveting the thoughts of men who will never die.
