Record Crowd
Attends Junior Prom
At Bank Ballroom

At the Bank Ballroom Tuesday evening, March 17, the Junior prom was held with the large attendance which is characteristic of the spring season. The Prom, held in honor of the class of 1936, by the Junior class was the first affair of its kind to be held in two years. Cyril Johnson and his orchestra pledged to a come and give an approximations of the varied groups.

Cyril Johnson, who heads the orchestra, has been an outstanding student of music and has won many honors in his musical career. The orchestra is an integral part of the Ithaca College music program, and its performances are eagerly awaited by students and faculty alike.

DIRECTIONS CHoir

Choir and Band
To Be Broadcast; Tour Begins Soon

The Ithaca College Choir and Band under the direction of Walter Beeler have arranged to perform on the radio in three different locations.

The first broadcast will be on Thursday, March 20, at 8:30 P.M., with the program presented over WNYC, New York City. The repertoire will consist of

Calendrical Recitation

Given by E. Lasher

A finished presentation of "The Rural Family" was given by Miss Elizabeth Lasher in her Senior Orations on Saturday evening, March 14. The play was well acted by all the cast, and particularly by the junior class, who demonstrated their histrionic ability. The play was received with great enthusiasm by the audience.

Choir Radio Program

Is Prepared By Lyon

The choir under the direction of Bert Rogers Lyon has prepared a radio program which will be broadcast from WSKY, the YWCA station, on Saturday evening, March 15, at 8:30 P.M. The program will include:

- The Ithaca College Choir
- Junior High School Choir
- Senior Demonstration Choirs

The program will be aired in two parts, with the second part beginning at 9:45 P.M. The audience is encouraged to listen in on both parts.

Plans Set For
Revival Of "Iolanthe"

Plans are now under way for the revival of Gilbert and Sullivan's operatic production of the year, "Iolanthe," one of the better Gilbert and Sullivan collaborations, chosen for presentation on May 29, and again on June 2, 3, and 4. The entire program will be broadcast from the Public School Auditorium, with the audience free to attend either of the performances.

In turn, Miss Lasher's work is outstanding in its performance. Particularly commendable is her work as a soloist, not only through her phonic expression, but through her physical presentation of each character.

Concert Band Tour
To Begin March 23

Monday, March 23, the Concert Band will begin its annual head tour. This tour will cover the central and eastern sections of New York State, as it has last year, many of the engagements being return engagements because of the success of the band in those areas.

During the tour, the band will not only perform at schools and colleges, but will also give concerts in various communities.

The band, under the direction of \textit{Mr. Beeler}, has been well received in previous performances, and is known for its quality of music and performance.

HILL PLAY REVIEWED BY ITHACA WRITER

The recent presentation of "Traffic"
by A. M. Drummond at the Cornell Uni-
versity, should be of in-
terest to the college playgoer, in-
surance that the play is a remarkable
degree of perception, prevalent in the
human playgoer. The movement, espe-
cially popular among college dramatic
clubs is a remarkable, well-supported,
the Russian National Theatre, at the
theatrical experience. It gains its
proportions greatly among the college,
in the latters' effort to do
something "new" and "astounding"
in the theatre. Despite
of an experimental vehicle will ever
carry on in the same fashion in forth-
coming years.

Mr. Drummond wrote, produced,
directed, and directed "Traffic Sig-
nals," and from the comments heard by
the performance, the presence of
Mr. Drummond knows what the play
would or not be the cast was quite sure of what
the cast if it was in two scenes, the first repre-
senting The Willard Straight As-
ter, An Outside Entrance To Heaven,
the author had a message
in the end, conditions and the idea that
would be heard to convey that
they do as they are in the theatre,
without being told. It was
this message to the audience.

Perhaps the other intention of
the author to audiences with
something they know nothing
about. Although there were those in
attendance; who for obvious reasons,
explored vigorously the
of the second scene, they were
not sure what it was or if
there had been anything to
appreciate. Mr. Drummond seems
to have missed a bit of an "Oscar"
"Within the Green," and the
Comedy, which all goes to make for a
decidedly confusing for the audience.

And after all, what the message is or
not is seeming to be
the audience? He is
making his
as he is sufficiently
in the drama to be de-
ducible "Traffic Signals."

The programme seems that
the production was originally designed in
the year 1923, in which the entire
Dramatic Club might take part.
They all appeared to be in top form,
Drummond seems to have grown since 1926, so a
record of the year added to accommodate the
Audience. Unfortunately, few of the 200 or
of the audience made it up on the
Willard Straight signals were overwhelming
after the first few, so it might to be said,
without the audience being in
the play, but if they were, it didn't matter.

College Debaters

Meet Houghton Speakers

The Ithaca College debate team
deated three at the Ithaca College
in their first formal en-
tertainment of the season, March 27.
The debate subject was, "Resolved,
that hosts or guests of both hotels can override any deci-
sion of the Supreme Court declaring an act of Congress unconstitutional."

William Gilbert, Drumm, Omer Hora,
Margaret Fowles, Ithaca College supports of
the affirmative arguments. The Houghton
speakers were Miss Mary Badon, Mr. Queen, and Mr. Boom. Miss
Lasher, president of Ithaca College
debate club, presided at the debate.
Mr. Dorfman attacked the composi-
tion of the Supreme Court, and the
failure of a check on thecourt. Miss
Hora declared that the Supreme Court's interpretation of the Con-
stitution stood in a barrier to social
and economic legislation. The affir-
mite constructive material was con-
ducted by Miss Cowan in advanc-
ing the education of the people to-
wards governmental conscientiousness.

The negative speakers asked the ad-
finitive to admit the fundamental
case in question and on this
was based their argument, that the
Supreme Court is a better instru-
ment of popular justice than the con-
ference. The affirmative team was
Ithaca College and Mr. Brown for the Houghton
side, and presented the affirmative ma-
terials.

Mr. Brown in his speech
brilliantly alert and clever in attack-
the affirmative. The construc-
tive speeches of the affirmative sur-
passed those of the negative, but
the stronger rebuff was the out-
standing speech of the evening.

Both teams expressed their extreme ap-
preciation of the student body's co-
operation and interest in the debate.
The college entertained the Houghton
team and coach, Dr. Payne, at dinner preceding the debate;
to a famous pattern. They
recorded their arguments and defended
the affirmative at Elmira College the
following night.

No decision was rendered either
team, a system of judging popular in
major forensic circles.

Each Puff Less Acid

A LIGHT SMOKE
OF RICH, RIPE-BODIED TOBACCO

Luckies are less acid. For hundreds of years, tobaccos were selected—and gradations in flavor secured—by the roughest sort of rule of thumb methods. Hence, one of the most important innovations made by the Research Department was provision for chemical analysis of selected tobacco samples before purchase: the resulting reports offer the professional buyer an accurate guide and reinforce his expert judgment based on the senses of sight, smell, and touch. Thus extreme varieties toward acidity or alkalinity are predicated by such selection and subsequent blending.

It was a luncheon table. Four people had practically finished their sandwiches, while a fifth, Senator T. B. Why., that one at the far end, was engrossed in pie and coffee. After the last doughnut had been devoured, each reached for the paper napkin holder, always so conveniently located near the table. One or two at the dinner table, really occupied with other things, really looked table-sized to the Little Theatre auditor after an intermission. One person remarked that it was a deserted table until the refreshments were served, while another said that if it were not for the napkin holder, nearly everyone would have left for lunch.

She didn't care for nwn, ,he said. And now she dates He, quite a dear fun-loving youth.

From then until that evening, at any rate, the most he knew was that it was his birthday. Some of the descendants are in no uncertain terms informed that "as sure as my name is Johnson," he would rush on the emporiums for a price more suited to his purse. "Let's see 'em!" was his reply, after a cast of thousands had been laid aside in the afternoon.

He didn't know where it should be located, and his friends all advised that the coat could not be altered! !

"Solomon Lani, at 49," one day last week. Some of the fishermen were particularly well-verdied in their children's field, especially the gentleman who in an uncertain term sentence said that "as sure as my name is Samuell Goldberg, you couldn't find a better sailor!"

But without a looking back.

Said our hero, "That was my coat," he declared, without a looking back.

Having been in no uncertain terms informed that "as sure as my name is Johnson," he would rush on the emporiums for a price more suited to his purse.

Leaving the coat on the floor, the Kappa Eagle Club is pleased to announce that the coat could not be altered! !

CORNELL TO SEND FOREIGN DELEGATES DESPITE PROTESTS

Ithaca, N. Y.-(ACP)--Despite undergraduate protest and adverse election from The Cornell Daily Sun, student newspaper, President Livingstone S. Farrand has announced that Cornell will send two representatives to the 550th birthday celebration of the University of Heidelberg this summer. Dr. Farrand said he did not regard an "exchange of courtesies" between the two institutions as involving an expression of judgment on German policies in government or education.

Distinguished alumnus Hendrik Willem Van Loon expressed a different view in two telegrams sent The Sun. Participation by Cornell in the celebration "would be an insufferable insult" to the university's founder, he declared.

Van Loon's letter asserted that "the Germans, being free, white and equal, are of course entitled to see or act as if government that happens to please their Treasury taxe, and it is none of our business what lengths they may go in offending the decent opinion of the rest of mankind.

Mr. Coad Institutes Student Players' Class

Mr. Coad has launched a "players' class" amongst his students, every one of which is gained by promising to perform when excused.

The class is held fortnightly and the first took place at Sunday afternoon at 4 p.m. in Mr. Coad's room in the English Language. The performances were Eugene Adamson, Sally Reardon, Wilma Leonard and Joseph Ferrall. "Criticisms were given each student, during which many points were cited and discussed," Dorothy Rothmell and Kathryn Konyo were the announcers.

But it seems incredible," he contended, "that Hitler's bright boys would care to associate with representatives of a university founded by that eminently broadminded Quaker, Ezra Cornell."

Meanwhile, Harvard authorities were trying to think their way through a pretty quantity. Consistency called for refusal of the bid, since scholarships offered by Ernst Hanfstaengl, Hitler aide, were twice rejected. However, Harvard who has invited Heidelberg to send representatives to its own 300th anniversary celebration, doesn't dare to risk a decision now.

Mr. Coad, president of the Student Players' Class, above, is an 18-year-old artist from Princeton, passed up by the Nazis, seemed to be the university's answer nothing but a headline.

invitations to British universities were withdrawn by Prof. Wilheim Godt, rector magnificus of Heidelberg, following publicity similar to that attending the Cornell decision. English scholars had awarded 1935 the 54th, and 55th anniversary of Heidelberg, being the climax of an original charter in the Robert Museum, adding that the date of the celebration, set for June 1, coincided exactly with the date of the Nazi "blood purge" of last year.

For Digestion's sake—smoke Camels

DEEP IN STUDIES. The commonTextInput here up in poor digestion.

Enjoy Camel after their positive benefits in aiding digestion, by stimulating and returning the natural flow of the digestive fluids.

WIZARD ON SKIES, Mr. Bukowski says: "I smoke Camels while eating and afterwards. It seems to me that after good food there's nothing like smoking a Camel to aid digestion and build up a fine feeling of well-being."

CAMEL, a genuine public service, is a healthful part of the art of dining. Enjoy Camel with meals and the whole of costlier tobaccos. Camels are incomparably mild—never get on your nerves or tire your taste. They bring you.

Smoking Camel cases tension—stimulates digestion—and fosters a feeling of well-being!

Again and again, we make up for lost time by eating in haste. Digestion must meet the strain. How fortunate that smoking Camels during and after meals definitely stimulates digestion and helps to ward off the effects of our hurried, nerve-wracking life—by aiding and awakening the natural flow of the digestive fluids. Today, Camels are being everywhere recognized as a healthful part of the art of dining. Camels are incomparably mild—never get on your nerves or tire your taste. Mowrey Gives Lecture
At Ithaca High School

Paul B. Mowrey, a freshman dramatic student, presented a fifty
minute lecture and demonstration on Stage Lighting to the Ithaca High
School on Tuesday, March 10. In the audience of about fifty there
were students from the dramatic class and also several students from the differ­
ent science classes.

The lecture and demonstration covered history of lighting from the
first stages in England up to the present day stage lighting. The lec­
turer went on to explain and demon­
strate what the different kinds of
stage equipment are and what they
are used for. The last part of the
lecture was a demonstration on what
color will help to enlighten a heavy
show.
