## DESIGN FOR LIVING

Another school year is almost over, and it is, perhaps a very good time for everyone to take personal inventory of himself and the part that he played in its success. We have all been told over and over again that by cooperation alone can any enterprise be brought to a successful conclusion. Have you done your part? Or, what is more important, have you done it willingly and cheerfully? Be honest with yourself, and if you have been guilty of promising to do jobs that were never finished or, although you have kept your promises, you have done your work in such a manner that it would have been far more pleasant for your associates to do it for you rather than hear you complain about it, then it is time now for you to resolve to change. Make up your mind to do the things that are given you to do promptly and save the time you would spend complaining and arguing to do something else more worthwhile. That way you can accomplish twice as much in the same time and create a much better atmosphere through the whole school.

You often hear it said that all society is made up of two types of people: those who do the work, and those others who sit back and let them do it, the latter is the much larger group. Such a division is not necessary in any group, especially in Ithaca College. Everyone here has a definite talent that can be put to use. Find out what your talent is and use it. Don't hide it. Both yourself and the school will benefit by your action.

This is your school; Ithaca College is what you make it. We are finishing one very successful and profitable year now. But let's all come back next fall fresh and filled with the resolution to work to our fullest capacity and make next year an even better one.

## Basketball Clinic Offered At I.C. Camp

An experimental basketball clinic will be inaugurated at the Ithaca College summer camp this year according to an announcement made recently by Coach Yavits. The clinic will have as its coaches Clair Bee, basketball coach at Long Island University; Frank Kenoe, coach for Rhode Island State; John Lauther, coach at Penn State, and Frank Cavanaugh, basketball coach at Cornell.

The clinic is open to all college and high school physical education instructors, and will offer courses and informal instruction in all phases of basketball. Frank Cavanaugh will teach courses in first aid and the care of injuries acquired on the basketball court.

The clinic will open on August 26th and run for one week.

Davis, Dorothy Teed, Charles Smereski, Chris Izzo, and Kurt Shelke.

The "Truth or Consequences" show will be presented from the green room. All wishing to witness this show and to participate are invited. Be in the green room at 12:30 sharp.

## WCC Officers Installed; Kronick New President

Newly elected officers of the WCC were installed at a ceremony held Wednesday, May 9 in the Little Theatre. Marjorie Hubbard and Joy Pisano presided.

As the result of a recent election, three members of each department were elected to the board, making a total of nine on the executive committee, there is one member from each class, freshman, sophomore, and junior.

The board members are as follows: Drama, Phyllis Gorse, Evelyn Coville, and Enid Kronick; Physical Education, Lucille Munsey, Joy Ainsworth, and Violet Shallenberg; Music, Jean Petras, Alma Burger, and Doris Ford.

Officers elected were Enid Kronick, president; Alma Burger, secretary and treasurer; and Violet Shallenberg, assistant to the president.

The installation was preceded by a program, consisting of vocal numbers by Lola Clark and piano numbers by Alice Terzian. After the installation a reception for the new officers, faculty members and the other women of the school was held in the west dining hall.

## I.C. Offers Only 4 Year Physiotherapy Course

At a meeting of the board of trustees May 10, plans were approved for the opening of a Department of Physio Therapy in the School of Health and Physical Education of Ithaca College. Plans for the opening of this department have been developed through the last year.

The course will be four years in length, the first of its kind in America. The first two years will be offered on the Ithaca campus, during which preparatory work in basic sciences and general education will be taken. The final two years will be devoted to specialization and will be given in New York City. Students graduating from this course will receive the degree of Bachelor of Science, and will be qualified to take the New York State Licensing Examination, without which it is impossible to practice Physio Therapy in this state. Although several courses varying in length from six months to two years are being offered in connection with some of the larger hospitals and universities, none of these qualify their students to try the licensing examination.

The creation of this school was prompted by the great demand for qualified Physiotherapists that is grown out of this war, and the desire of many returning veterans and women who have been connected with hospital units overseas.

## President Job Attends Governor's Luncheon

It is a far cry from peeling oranges in the Ithaca College dining hall to lunching with the Governor of the State of New York, but that is the progress made by Dr. Job, our president.

When Governor Dewey visited Ithaca on May 14 to assist in the dedication of a new frozen foods locker opened by the G.L.F., Dr. Job was among those who were entertained at a luncheon given in his honor. The luncheon was held at Willard Straight Hall. President Day of Cornell acted as toastmaster and introduced the speakers which included Professor Maynard, Mr. Babcock, chairman of the board of trustees of Cornell, and the governor.

## 1946 Cayugan Staff

Although the printers ink is not yet quite dry on this year's publication of the Cayugan, Dr. Job announced today that the new production staff for next year's issue have been appointed. Connie Conroe will lead the group as editor, and she will be assisted by Bob Juhren as Literary editor, while the position of Business Manager will be held by Al Hodgkins.

MAIL CALL

Dear Johnnie—

With this issue comes the closing of another school year and three years of our being part of the *Ithacan*.

Of course, Johnnie, no one knows better than you that a great deal has happened in those three years—that all our lives, the school, and the *Ithacan* have been changed by them.

This year in particular has been a full one—with a great many of you boys coming back to visit the old place—and to see those of us that are left that you know. In this year we have seen Bruce Flaherty, Lyman Jones, Jack Gage, Earl Twyman, Al Formichella, Ed Kelly, Skeets Gallagher, Jimmy Downey, Morty Klayman, George Charles, Dom Arcuri, and many others.

We have heard from more boys than we can name. And then there are those from whom we haven't heard and whom we shan't see, but we won't forget them or what they've done.

Part of the joy of all our work on the *Ithacan* has been writing this column and working on the *Alumni News* in keeping all of you in touch with each other and with what's happening here at school.

Recently we have heard from Norm Carter, a former Phy Ed, who is now in the Philippines doing work in the George Holse program—which is Physical Education work. Norm asks that we print his address so that he may hear from some of his friends—especially Van Snowden and Dan Hogen. Here it is: N. D. Carter, S 1/c, Naval Shore Facilities, Navy 3964, Box 22, F.P.O., San Francisco, Cal.

We also heard from "Scotty" Levine, an ex-*Ithacan* staff member. "Scotty" wants some mail from the old gang—so why don't you write to him? H.A. 2/c H.M. Levine, C-8-U, Co. 115, U.S.N.T.C., Sampson, N. Y.

T/Sgt. Judd Pratt, a '39 graduate of the Drama Department, recently flew his 35th mission over Italy. He wears the Air Medal with three Oak Leaf Clusters—Nice going!

Ben Light, a former instructor in the Phy Ed Department, and one whom we haven't heard from for a long time, took part in a recent invasion somewhere in the Pacific and his ship came through without a scratch. His latest address is: Lt. Ben Light, U.S.S. Sheljak, A.K.A. 62, F.P.O., San Francisco, Calif.

Well, Johnnie, that's about all the news and that finishes this year's series of the *Ithacan*, but next year the kids will be back again so keep in touch with the *Ithacan* so that you will continue to receive it.

It's been fun writing to you and wonderful to hear from you, Thank you—

Best wishes always,  
 Andy and Ellie

Recent Plays Successful

Record crowds have been reported for the last two productions of the Department of Drama, according to an announcement made today by Ernest B. Finch, department director.

"The policy of an admission charge for one-act plays directed by upper-classmen was an experiment," he pointed out, "and one that proved to be amply justified. Receipts from the one-acts were as large as those from some of the department's major productions in the past, and the houses on both nights of production were larger than for any other freshman presentation for several years."

Nightly receipts from *The Imaginary Invalid* were the largest on record in the department. "Considering its reception in the city and the fact that it was presented on three nights only," stated Mr. Finch, "it may be repeated as the first major production in the fall."

Taylor's Band 2nd Best

1st Lt. Harry Taylor is really making a name for himself in the music world. He is now director of music at the Greensboro Air Base in Greensboro, N. C. The camp's dance band, under the direction of Harry, is said to be the second best in the country.

The band has done much for helping the sale of war bonds, its most notable appearance being the Greensboro Camp show, "Shoot the Works."

Harry graduated in 1941, and was a member of Phi Mu Alpha while in school.

In a letter Harry said that John Ward, a former Kappa Gamma man is at the camp and singing in the glee club.

We Need a Fourth!

In one of the issue of this paper last winter you were confronted with the then pertinent question, "Are you a ghost?" The popular question now is, "Who is the dummy?" Not that anyone is casting aspersions on the mentality of his fellow students, but the pastime of playing Ghost has given way to interminable games of bridge.

It all started with a sunny day last April, remember? At that time the lawn loungers used it as

an excuse to stay out of doors, but with the coming of snow and rain bridge was still with us, only the location was different. Now in the lobby, green room, or even the class rooms wherever people congregate the cry is, "We need a fourth."

Help Wanted !!!

A glance at the masthead of this issue should be all you need to start your thinking about your being on the *Ithacan* staff next year. Several of our most faithful staff members will be graduating and leaving us at the end of this term. Our editors, Eleanor Segal and Andy Larsen and Edna Ruelke, of the news staff have all served long and well.

Their places will be difficult to fill, but we urge you, all of you, who are interested in writing and gathering news to seriously consider entering the competition for new members that will be conducted soon after the opening of the fall term.

Also Bede Miller and Sheryl Siegel will be leaving vacancies in the circulation department when they graduate, so if any of you are interested in that phase of newspaper work, watch the first issue of the *Ithacan* next fall for details.

First P.G. Enrolls

Marjorie Jones of the School of Health and Physical Education becomes the first student in the June graduating class to apply for admission to the Graduate School. Miss Jones will attend the 1945 summer school session to begin study for the Master of Science Degree. The study program that Miss Jones will pursue this summer will be in health education.
