That's the Spirit!!

Students at Ithaca College have felt in years gone past, and perhaps still do, that there is a lack of spirit at the various athletic activities. But there may be something lacking, however; an adequate, high-spirited cheerleading squad.

The members of the Student Council realize this need and a cheerleading organization has been set up. Now all that is needed are students, boys and girls alike, to be cheerleaders. That is why the Student Council has designated Wednesday, April 27, as the first try-out session. The try-outs will be held in the Seneca Gym from 7 to 9 P.M. There will be another such practice the following week, and a final tryout before the season opens.

Letter To The Editor

Words seem but vain and fatiguing to the mind of a man to omit to heed and obscure his deepest emotions. If experience teaches us anything, it is, when attempting to converse with your friends at the College, to be friendly to the College Station WITJ; to the Poetry and Administrators of the College Women's Club and the alumni; especially to the artistic people in general, and to the Student Council, with which Dr. Landson is so closely identified. Here is where the art lover each must participate.

ARE YOU TOUGH ENOUGH FOR THIS JOB?

If you can make the grade, the U.S. Air Force will award you a commission, your wings and pay you over $5,000 a year!

Can you "take it" 6 days a week? For 52 weeks? Can you meet the high standards required to be an Aviation Cadet? If you can — then here's a man-size opportuni- ty! An opportunity to serve your country and build a personal career that will fit you for responsible positions both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard — especially for the first few weeks. But when it's over, you'll be a pro — with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of $5,300.00 a year. And this is only the beginning — your opportunities for advancement are unlimited.

Are you eligible?

To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a minimum requirement — it's best if you stay in school and graduate. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

You can choose between pilot or aircraft observer

If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks!

Here's what to do:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination.
3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet Training Class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details: Visit your nearest Air Force Base or Air Force Recruiting Office.

The effects of cerebral palsy are more tragic than most of us realize. The victims of C.P. must live a life of achievement because of society's ignorance of this dreadful disorder in the cerebral hemisphere.

Several years ago a young cerebral palsy victim on his merits and achieved from normal activity the achievement of gaining selection to a lecture series for the year before culminating from 1952. The committee is anxious to hear the student's opinions about such a project. A suggestion box will be put on the main bulletin board this week. IDEC would like your views on the matter and any suggested topics. Also suggested were: "Living with Others" and "Sex and Marriage Relationship." In order for this project to be a success IDEC must have the cooperation and interest of the student body. Let's see that suggestion box filled!
