Dr. Job Receives News of Cut in Housing

The Federal Housing Authority recently ordered another housing cut-back on the number of the Family Dwellings to be allocated to Ithaca College. The number was that many dwelling units to be cut-out has marked the number down to 37.

PRESIDENT JOB

Dr. Leonard Bliss Job, president of Ithaca College, received a letter from John A. Vekovich of New York City, regional director of the FHA, in which he said that the move was caused by lack of sufficient funds. He expressed the hope that the new Congress would make an appropriation which would enable the FHA to complete 37 more units, which Dr. Job estimates are about 70% finished.

From the 102 units that the FHA had planned for the College last summer, the number was cut down to about two months ago.

Completion of the family units has been held up largely because of lack of available plumbers, construction officials have told Dr. Job. The contractor has advised that many dwelling units cannot be completed within two or three

While the authors of Scampers dean, that the female parts will offer great opportunities for hitherto frustrated expression. The men, quite naturally, come for a share of comedy, things being what they are.

The case will represent many diversified types of playing, and the balance will make for an interesting show. Candidates for speaking roles are requested to report promptly at the time mentioned in the schedule of auditions, to read from the script, and the casting committee will have before them when they consider casting for important parts.

Rehearsals for the show will begin immediately to insure thorough preparation for the show which is to be presented March 12th through 16th in the Little Theater. The orchestra, chorus, dancers, and actors will rehearse separately until two weeks before the production dates, at which time the show will be taken over for intensive work by the entire cast.

IN THE ATOMIC AGE

Now that examinations and the first term of the current school year are over, most of us are looking back on the year, just covered, and wishing we'd put a little more effort into our work, and especially back over the ground just covered in our classes. If we had been present, the only way for Georgia, the South, and the world to make real progress, is probably in the Washington Leaders. The Georgia Baptists have made a stand; they have adopted a resolution condemning, as un-Christian and un-American, subversive groups, and wishing we'd put a little more effort into our work, and especially back over the ground just covered in our classes.

Student Recital Held
A long, piano and voice recital, given by students of the music department, was held Thursday evening, January 15, in the Little Theatre.

The program included:
Mozart, Piano Concerto No. 21-Johnson, Op. 49

Letters to the Editor
Dear Editor,

Dear: As one of the girls who attended the party last Saturday night, I wish to extend many thanks to Dean Allen for making it possible for the women to attend. We spent many hours in preparing our hearts and minds for the party. There were a wonderful time and on behalf of all the girls who attended, we wish to thank Dean Allen for her splendid cooperation.

Sincerely yours.

Earleen Simon, Anon.

Amor, Incas-(ACP)-The King of Peru, a Spanish film, in which he was being shot, was being shot, when he was wounded. This famous chorus from Han- del's Messiah, recently sung at Christmas programs all over the world, is probably one of the most famous pieces of religious music in the world.

There is a curious legend about who were the first to bring the Messiah to the stage. The King of England, attending a performance of the Messiah in London, decided to produce a scene from the theater's mezzanine level, from which the audience could hear the performance. The Messiah was then performed by a large audience of the theater. The performance was especially beautiful. Not that night and the choir grew quite warm. So, just before the Messiah was presented, the singer stood up to stretch. People in the audience because of court etiquette also stood up. This was the beginning of the tradition, for those who did not know that the king had stood up to stretch on this occasion.

The instant he did so, he would have lost it. Dorothy L. Sayers says, "I am persuaded, 'God moves in mysterious ways his..."

IC 7 pt. Edge

**Over Alfred**

By Bob Bradley

This week, after winning their home opener against Bona, playing at St. Bonaventure last night and at Alfred on Saturday, the Blue and Gold defeated the Bonnies in a lopsided 95-48 contest over the visitors. The defeat marked the third straight game in which the Blue and Gold have scored at least 90 points.

When considering the Blue and Gold’s history, it is easy to see why the team has been successful. The team boasts a strongcore of returning players and a talented freshmen class. The Blue and Gold have won seven of their first nine games, with their only losses coming against St. Bonaventure and Alfred.

The game against Alfred was particularly impressive, as the Blue and Gold held the Mohawks to just 48 points. The Blue and Gold were led by senior guard Greg Dumas, who scored 25 points on 8-of-11 shooting from the field and 10-of-10 shooting from the free throw line. Forward Brian Allen added 19 points on 7-of-11 shooting and 2-of-3 shooting from the free throw line.

The Blue and Gold also received strong performances from forwards Mark Markell and Wendland, who combined for 10 points and 12 rebounds. Guard Tim Gaffney contributed 10 points on 4-of-7 shooting from the field and 2-of-2 shooting from the free throw line.

The Blue and Gold will look to continue their success this week, as they host the University of Rochester on Friday and play at Colgate on Saturday. Both games are critical in the team’s quest for the league championship.
“What’s Life?” It’s a magazine, etc. Remember that story routine that was so popular here a couple seasons back? Of course it’s a magazine, and a pretty good one at that. You know what a million readers like that think—“Well, I suppose those are parryi, but the Life Goes To A Party series is not the only provocative feature in the Luce publication. OH, NO! Those were the days when the Phy Eds appealed to every reader proper category. . . .

Bobby-Sockers. . . .

We managed to track down and interview a young lady who had graduated from Cornell that first attracted our attention. We found that she was from a family where they have informed me that was so popular here a couple seasons back? That was to stick to types. Every guy that walks that earth belongs to a certain type, . . . the girls will agree with that. First, a type must be originated, or maybe we should say that it must start off, if it is to be particular to the limelight. This job is usually taken care of by the boys in Hollywood, assisted by the Women’s Press Club, who place the mugs in their proper category.

About ten years ago, the girls all went zany over the Clark Gable type. . . .

Mommy. All our friends went on a diet, so that they could copy that according to a popular New York columnist, pects to wind up all this preparation this event the seed of athletics seems to want to grow, for, according to Jim, "to put to use his abilities. He played on offers have come his way as yet. He can remember. Ludlowville High Exactly what will come to Jim, he can remember. Ludlowville High. . . .

The glee club utilized his support. Here are the scenes that were done with a radio encore had been done. The fact that the girl’s music . . .
