The Norwich High Wins Long Play Contest

The Norwich High, presenting the play "Hamlet Bound" by B. L. Van Vechten, captured first prize in the long play contest yesterday. This is the third time the play has been presented at the Norwich high since the previous two years.

The play was directed by Miss Kitty Lewis, Department Head, and was put on the stage with the assistance of two of the Norwich students, George Williams and Francis M. Burbank.

Dr. Joseph R. Laskaris, who played the leading role of the prince, gave a five-star performance. He had played the part previously, and the audiences were able to empathize with his character's inner turmoil and his struggles with the weight of the crown. Miss Kitty Lewis, the director, did an outstanding job in guiding the cast through the complex plot and ensuring that each actor understood their role in the story.

Organizations Elect Officers for 1936-37

Following is a list of the recent elections held by various organizations throughout the college.

The Ithacan Staff for the year 1936-37 has not yet been completed. Application may be made to either Edward P. Flynn or William Cornell.

Lobby MSS Deplorable

The heedlessness of some members of the student body in placing the newly-decorated lobby with musical instruments and trash and in trampling on it is deplorable. A stranger looking at the corner in which is situated the telephone booth, or the space in front of the mail boxes, might think that the Cleveland Symphony was paying a visit, and momentarily dropped their parachutes there. It is not desirable that such idle business be created. This carelessness—obviously on the part of music students—makes the lobby the most unsightly. Furthermore, it makes access to the bulletin board and the mail boxes a physical impossibility.

The Ithacan advocates a movement to eliminate, by whatever means to eliminate, by whatever means are possible, such false illusions be created. A University of Wisconsin subscriber of the "GOP brain trust." A heretofore unknown 16th century scientist. A large window has been broken, and momentarily dropped their parachutes there. It is not desirable that such idle business be created. This carelessness—obviously on the part of students—makes the lobby the most unsightly. Furthermore, it makes access to the bulletin board and the mail boxes a physical impossibility.

Camp Singing Cedars To Reopen June 8

On the shores of Lake Champlain, near historic Fort Ticonderoga, is located Camp Singing Cedars. This camp is conducted every year for the Physical Education students of Ithaca College, as well as for adults who wish to spend a well directed recreational vacation.

Mr. Lawrence S. Hill started Singing Cedars twelve years ago as a recreational camp, and six years later it was instituted as part of the Physical Education curriculum of Ithaca College. It is here that the Phy Eds have a respite from classrooms during the period between Commencement Day and the next semester.

Registration Day at the camp this year is June 8. The Phy Ed girls attend the camp during the month of July. When the girls leave, the boys arrive for the month of August.

An interesting feature of the camp is the open air dining hall overlooking beautiful Lake Champlain. Living quarters, which also overlook the lake, are provided with every modern facility including hot and cold water for either tub or shower. Adults wishing to benefit from Singing Cedars' various privileges may remain until the camp closes in December.

KAPPA GAMMA PSI HOLDS MANIACS' BALL

Kappa Gamma Psi decorated the gym most appropriately for its annual Maniacs' Ball, held on Friday evening, April 24. Although the dance was not largely attended, it was a most enjoyable affair for all who were present. The fraternity's highly advertised fifteen-piece band by no means played the popular dance orchestras in and around Ithaca, but it was adequate for the occasion. However, Kappa Gamma Psi can be justly proud of sponsoring a most fitting social event at this particular time of the spring season.

DRAMA GRADUATE WITH MOTOR COMPANY

Word has been received that William Petty, graduate of the Drama Department in the class of 1934 is now associated with the Burtin Motor Company in Schenectady. N. Y. Mr. Petty was president of the drama council and the senior class; a member of Kappa Gamma Psi, and appeared in many dramatic productions throughout his four years here.

SCENE—DEWITT PARK

Scene. A park bench in the back of the West Mall in Dewitt Park, with music issuing from the band room behind. The characters sit back to back, prop up their feet on the bench.

Walking classes for Hill Students

Ithaca, New York—(ACP)—Walking classes—yes, and the latest addition to Cornell's extracurricular activities are a new feature of Cornell's curriculum for women. Every afternoon at 2:30, 3:30, and 4:30, a group of eager coed pedestrians sweeps away from the women's gym—except on Saturday, when 2:10 has been named as the official hour.

The Cornell Daily Sun, in reporting this latest education development, states only the bare facts, leaving some phrases unexplained.

For instance, the Saturday walks will be through the Taughannock and Buttermilk Gorges (both up and down), the State Park, and the Ithaca grooves. They are designed for women who wish to get out of doors, to see the flowers in bloom, and to enjoy the fresh air. The walks are open to all students, and will be led by the Resident Director of the Women's College.

A LARGEST ATTENDANCE EXPECTED AT REUNION

Indications are that the Alumni Reunion Ball planned for the weekend of May 30 will be well attended by graduates of Ithaca College as well as students who attended the pre­cursor, the Ithaca Conservatory of Music and Allied schools.

Alumni secretary John P. Brown has received definite word from many recent graduates who have signed their intention of participating in the all-school reunion. A baseball game, a play, and a dance and banquet are listed on the program to be offered the alumni, as well as the activities of the individual fraternities.

The reunion will be the first of its kind ever to be held, and it is hoped that it can be made an annual affair to take precedence over the usual fraternity reunions scattered throughout the year.

Everyone has been made by that fantastic artist who claims a divine vision (or virus) against mankind, and who consequently caused a deadly temper to blow him, to prove that the earth was on the side of the fanatic. Well, something happened—and the stock finally ran. (Oh grr!) The wind died, and they shot the snake.

Already trouble is brewing. The Pullman Fire committee has done it again! Their choice "Idiot's Delight" has raised merry hub with the critics who claim "Uncommon" is to truly exemplary of the American Merton—which is neither here nor there. Everyone else casts a vote. Why shouldn't the Ithaca Orphic vote goes once and for all for the most exemplary American player you, me?—and there—now and forever... "Chore Daveners" by Walter Charles Roberts.

Humbertone, Cornell Recital

"I should have possessed as Clements grew, not as her own daughter, but rather as that of Delia. The second act proved to be less clear than the first, the fault being the absolute limitation both in the reader's facial expression and body movement. The story of the play unfurled, but it did not reach a satisfactory conclusion, but due to some poor cutting or misinterpretation. NEW DANCE SERIES BEGUN BY KOSTELANETZ

A program of dance music and leading song hits every Friday night at ten o'clock Daylight Saving Time is replacing the Saturday night broadcast sponsored by Chesterfield Cigarettes throughout the winter season.

The new series features Andre Kostelanetz' 45-piece dance orchestra with Kay Thompson and Ray Heatherton and the Rhythm Singers. David Ross is the announcer.

The Lily Pons programs with Kostelanetz' Concert Orchestra and Chorus will continue as usual on Wednesday evenings. Just recently, on a nation-wide poll of radio editors, Miss Pons was voted the most popular singer in her field.

As to the new Friday night entertainments, Kostelanetz has selected forty-five musicians—thirty-seven of whom were chosen from famous dance bands throughout the country. "We are going to try and show there's more variety and color in dance music than people ever dreamed of," Kostelanetz states. The versatile orchestra will play fox trots, rhumba, waltzes, balbos, "swing" music and novelties from the best dance music. Considering the size and make-up of the orchestra, and the singing stars who will be featured, this new program promises to be in keeping with the Chesterfield standard of radio entertainment.
