Music Memories Of 1938-1939 Recalled

By Music Editor

In a few hours you're all gone—
but before you go recall these well spent hours.

The college choir's Christmas concert under the direction of Bert Rogers Lyon.

That last mass production, "The Creation" directed by our Director, Dr. Victor L. Feilmann.

The college band's playing of Tchaikovsky's sixth symphony under the baton of Walter Beeler.

The college orchestra's grand interpretation of the Rimsky-Korsakov suite Scheherazade. The result of Craig McKeen's untiring efforts.

The student recital of April 18, and the individual stars who participated.

Last, but not least—those programs by Miss Elizabeth Main, Mr. William Crow, and Mr. Morgan Smith.

And next year the choir will undoubtedly live up to its past successes, the orchestra will continue its rapid progress, the band will be as solid as ever, and the recitals will be more ambitious. Sorry to leave, but we're cramped for time and space.

On Monday, May 8 we held our annual banquet, which was held May 15. The following men were elected for the coming year: Leonard Bliss, President; Robert James, Secretary; Stuart Wooley, Treasurer; William Wellar, Editor.

The college choir's Christmas concert was held on December 18th. The program included about forty percent of the alumni and it looks as though the more events of the coming week let this be a gentle awakening of all things musical. James Beebe and Margot Fortuna will present a one-act play in the Little Theatre on May 24th.

Lately, a group of scientists ran
this interesting laboratory test on a
cigarette of costlier tobaccos,

SMOKERS all over the country are
learning what Robert S. Hend-
rickson, Jr. (right) is showing a

group of classmates. It’s a striking
way to compare cigarettes by simply
watching them burn! Bob is testing the
leading brands to find the one
that burns slowest! Which brand
won? CA-ME-L... by a wide mar-
gin! The reason? Costlier tobaccos,
expertly blended in a cigarette that
burns slowly, completely—smokes
cooler, of course!

Recently, a group of scientists ran
this interesting laboratory test on a
bigger scale. 16 of the largest-selling
cigarette brands were rated uniform-
fully. CAMELS BURNED SLOWER
THAN ANY OTHER BRAND
TESTED — 25% SLOWER THAN
THE AVERAGE TIME FOR THE
OTHER BRANDS. (CameIs were
remarkably consistent.) IN THE
SAME TEST, CAMELS HELD
THEIR ASH FAR LONGER THAN
THE AVERAGE TIME FOR ALL
THE OTHER BRANDS.

Camel is the cigarette of costlier
tobaccos... cool, mellow, appealing
in taste, so uniformly delicious!

Seeing is Believing!

HERE’S AN INTERESTING CIGARETTE
COMPARISON... See how it’s made
by college student Bob Hendrickson

WHEN you’ve enjoyed the thrill of a mellow, rip-

cuting Camel, you’ll know that NOTHING can
take the place of costlier tobaccos! What a pleasure it is to
get set with a cigarette that is really mild—a matchless
smoke. And to give you all the enjoyment in smoking.
Camels have more tobacco by weight than the average
of the 15 other brands tested. Besides, Camel burn slower
than any of those other brands. And by burning 25% slower
than the average of the 15 other of the largest-selling brands,
Camels give you the equivalent of 5 extra smokes per pack!

Camels give you even more for your money when you
count in Camel’s finer, more expensive tobacco. Buy
showably! Buy Camels... America’s first choice for a lux-
ury smoke every smoker can afford!
