SCAMPERS CAST CHOSEN

February 11th finds the new WNIC show schedule for the semester. A new management has been elected which includes Larry McNulty, of the faculty, who has been named as Station Manager. Paul Hadley will serve as Chief Engineer with Bruce Flaherty and Larry Goldberg as technical assistants. The Promotion department will be under the supervision of President Haupt and John Conride. Their function is to further the interests of WNIC.

Music plays an important role in every type of radio program, thus every member of the department will have an equal opportunity to participate in all of the department's productions and have the chance to work in all of the various types of music used in all kinds of shows.

Every member of the staff feels that the department will have an equal opportunity to participate in all of the semesters' productions and have the chance to work in all of the various types of music used in all kinds of shows.

Phi Delta Pi

The zone meeting of the American Association of Health, Physical Education, and Recreation will be held at Syracuse University this year. Phi Delta who will attend are Carrie Fishette, and Ann Mathews. Cornell is also using the Philadelphia College and Syracuse University area for the zone meeting.

Phi Delta's "Balloon Ball" will be on Feb. 22, so let's get busy and plan today. This will be one of the most exciting and the most fun of the things that I expect to happen during the next few weeks. Social activities will take up a greater part of the time.

On Sunday, evening from 3 to 5 a.m., the Phi Delta members are expected to see the visitors. Committees are working hard to make the reception a success. These are The Mad Hat, The Great Flirters, and The Scampers. Dance is to be held immediately following the Scampers presentation.

Other social activities will be announced later.

Sigma Alpha Iota

The sorority has added three links to its cherished sisterhood, and Patricia Catane. Their initiation was a great success. These sisters were initiated on Monday evening. Refreshments were served after the ceremony.

We are proud to announce that two of our senior sisters, Helen Davis and Alma Burger, have been chosen for the presidency of the "Who's Who in American Colleges."

Kappa Gamma Psi

The Kappas were engaged in another practice session last week at the Seneca Gym and are all indications point to great things for the future. They also arranged to make available the chapter room for section rehearsals.

The social committees for the coming term were named last week by Minier, McNaughton, Messing, and Fahnen who were appointed to carry on the social activities of the fraternity.

ARE THE AIMS MATERIALIZING?

What is your foreign neighbor policy? This may seem like a very stupid question to ask of college students, but it is taking place. More good news is the fact that the Phi E K basketball team is still leading the Big Ten with four wins and no defeats. Keep up the good work men.

Phi Mu Aluha

At the first meeting of the new semester, arrangements were made for preparations for an informal house dance to be held on Friday, Feb. 23. This was also arranged to make available the chapter room for section rehearsals.

The social committee for the coming term was named last week by Minier, McNaughton, Messing, and Fahnen who were appointed to carry on the social activities of the fraternity.

As we look back upon our activities for the past semester, we find that there were some indications of progress in the right direction by all indications. There were a number of them who were prepared to meet the trials of everyday life.

To many of the students of Ithaca, America, and many more which are in a position to change some of the fundamental principles of democracy lie in the bases of non-discrimina­tion and freedom for all.

PHILATELIC GUILD

Philadelphia local of Philatelic Society of America

By Glimpse

Quite a number of us are going from Ithaca College into the teaching profession this year, and at least one (or should be) is taking an interest in the problem of our future bread and butter, which is a matter of some concern in New York recently. To all of you, I hope you will see the question, "Do you think the present stop-pop increase in teaching is justified?"

John Hunter, PlayEd, says: "No, stop-pop must mean a reasonable increase in living. During a period of normalcy, the increase—of which we are all in favor—should naturally increase. But this is the time to start with, with the rise of living, as incomes increase, there is a sufficiently attractive salary to lure good pros­pective teachers into the field."

Delta Phi Zeta

Because of exams, Delta Phi hasn't been doing too much in the way of social activities for the next few weeks. Social activities will take up a greater part of the time.

On Sunday, evening from 3 to 5 a.m., the Phi Delta members are expected to see the visitors. Committees are working hard to make the reception a success. These are The Mad Hat, The Great Flirters, and The Scampers. Dance is to be held immediately following the Scampers presentation.

And there have you it. Appar­ently the "doom and un­happy fate" or our infatuated culture is a travesty. An important field of education are dissatisfied with the present salary arrange­ments. We believe you are not aware of the fact that at the time the state of N. Y. took some big steps for the happiness of our teachers, the current idea of a state without a salary increase was not held as a possibility.

Reflections

As I traveled across the length of our beautiful state I was not helped but observe the complete ex­tinction of all human relations. PENNSYLVANIA

Roads ritching their way between the trees.

Raiels tracktoping across the plains.

Telephone poles staggering up steep hillsides.

Christmas trees glowing the gray snow snow.

Silent rivers hierarchising beneath the living trees.

Villages, rooted in the valleys, as the crops were ripened on the winter trees on the bighills.

Houses that were grown, not built.

Hills that were being skylaid for recognition.

Silent trees, moss-bearded with age.

Eating themselves in the sunshine.

Christmas trees glistening with their natural decoration.

Bleached cottages squinting on white roads.

Sun tanned lakes sprawled with their bellies to the sun.

The transit of the lakes that were part of the Octopus feet...

Smooth, flat roads stretching to pin points between laryn swamp lands.

Warm air saturated with drying leaves.

Christmas trees, ridiculous as fur.

The feel of warm sunlight seeping into wind chipped skin...

St. Bonaventure Bows Before 9,000

Last week end the Bombers came through with a double win—taking a favored St. Bonaventure five 47-46 and then on Friday night bucking the odds against Alfred.

Up at the Buffalo Auditorium where some of the best teams in the country have been playing, the Ithacans along with Canisius put on a display for the fans that seemed to be plenty of action.

Ithacans along with Canisius put on a display for the fans that seemed to be plenty of action.

The primary aim of the wrestling matches is to prepare the student to perform successfully in the many kinds of wrestling matches that take place in college tournaments. With the Ithaca team's success, it is clear that they are well-prepared and ready for the upcoming matches.

The first match against Alfred ended with a double win, beating Alfred 41-36. The second match against St. Bonaventure ended with a hard-fought win, taking the verdict on last second efforts. Both matches were intense and exciting, with the Bombers emerging victorious.

The Ithaca team's success against both teams is a testament to their dedication and hard work. Their success also highlights the strong wrestling program at Ithaca College, which continues to produce successful teams.

Intramural Drama

Charges frequently have been heard to the effect that the March of Dimes has fallen short in presenting ideas of democracy to millions of radio listeners. The critics explained that the interest is there but the methods chosen have been unsatisfactory.

Although radio men will agree that a 30-second dining commercial is better than a 15-minute sales talk, these same men put on the air long, winding dramas giving tolerable details and emotional value to the listener.

The column is ended; it is with regret that we say goodbye to our readers.

TIME OUT

"Come on, Students, let's dance!"

A question about intelligence? Know who says it? Right, a guy named Kyser. . . no relation to Frazier. Uh huh, attribute that to the idea that education is the calling card of advancement. The important point is that scholars such practice zest if you see the typewriter works. All right, already? Now that we've got ourselves leased-in, let's get down to brass instruments, like what goes recherce at a dance? When. We done do it?

They've got an awful lot of coffee in Brazil, but there's gonna be an awful lot of dances in Ithaca, come pretty soon. Girls, you bet, better buy an extra pair of dancing slippers, and Fellows, you'd better play the contrast in rhythm of the activities of the year. The dance is being sponsored by Kappa Gamma and Delta Phi, if you receive a B.M., instead of the Golden Garten level and (with a rapidity altogether favorable to the Melbourne Paladium. "Matches" will have to suffice for "when.

Sturday afternoon. You won't believe this, there are a little extra dances in Ithaca come pretty soon. Girls, you'd better rebop at a dance. Whee! We done come to the end of our not-too controversial column. But a medieval Eugene O'Neil had a bright idea. He sat down and wrote a play all about saints. It was a good idea, and, like all other good ideas, people copied it. That, dear children, is how the miracle play was born. Dramatic humiliations on how to get to Heaven, or how not to get to Heaven, have been played in repertory throughout Christendom and part of Pagsandom.

A couple of centuries later Columbus discovered America. Almost thirty years and fifty years after Columbus' lucky find I discovered "Everman."

"Everman" was one of the miracle plays that sprang up when knighthood was in flower. It is the story of Everyman, who finds he is knighthood was in flower. It is the story of Everyman, who finds he is every dreamed up. He was dressed in black, with just a white skull make-up. The audience just saw a gleaming death's-head floating up behind him. The audience just saw a gleaming death's-head floating up behind them.

As far as other interests go, her outstanding attribute was her music teacher presented her with a piano of her own. She started playing the keyboard of the console. And thus it was through this medium that she has been able to display all of her artistic gifts. In her musical career. At any rate, Jenny Lou now bears the distinction of being one of the two students who has completed the professional music course. Through this professional course she will receive a B.M., instead of a B.S. degree.

Jenny Lou Mieras received her first corsage at the age of eight. The corsage was of sweet peas and the most important event of her life. She has been a professional music course. Through this professional course she will receive a B.M., instead of a B.S. degree.

GREEN ROOM GHOSTS
By Walt Looman

Many long years ago, before the founding of Ithaca College or the discovery of America, the theatre was in sad shape. During the hey-day of the Greeks and the Roman Sphere show business was good. Each city and town was the scene of a lively production. But the theatre was forever silenced and fell into oblivion. The old plays about heroes, gods, goddesses etc. were burned. And, since the above-mentioned works were burned, how the miracle play was born. Dramatic humiliations on how to get to Heaven, or how not to get to Heaven, have been played in repertory throughout Christendom and part of Pagsandom.

The material at hand is rich, full of the brilliance of the Italian Renaissance and Si, all have been major productions from Hollywood, as many of his novels have been screened. The complaint of many students about the newer books is that they are way below par. Perhaps it is due to the historical material, as Maugham is at his best describing social conditions and travels.
