Music School to Host Sixth Annual Spring Festival for NYSSMA May 1, 2

Festivities Slated For Junior Class Spring Weekend

Approximately 35 schools, with about 2200 students, will be represented at the New York State Music Association's 1959 Spring Festival which will be held for the sixth consecutive year at Ithaca College on May 1 and 2.

All students and faculty of the School of Music will act as hosts to the schools participating in this event. The areas between Rochester, Wellesley, Hancock, Delhi, and Homer Pyatts will be costumed with prizes going to the couples with the funniest and most original creations.

To round out the afternoon's activities the attention will shift to a baseball game at Alumni Field. South Hill, the Ithaca College Bombers, will entertain R.P.L. The game will start at 3:30 p.m.

Earle to Leave College for New GE Appointment

Robert Earle, an Ithaca College instructor and active in local radio and television, has been appointed Specialist - Communications and Information by General Electric's Advanced Electronic Center here. The appointment was announced by Alfred D. Dean, Manager of Advanced Engineering Administration of the facility.

Earle replaces Robert W. Black, who has been named to head the News Bureau for G.E.'s Light and Small Electronic Department in Ithaca. Earle's appointment was effective Monday. However, he will continue with Ithaca College until the end of the school year.

To Direct Relations

At the Advanced Electronics Center, Earle will be responsible for the publication of "Centerpiece," a bimonthly magazine for both military and the community, and of the daily student newspaper. He will also direct the Center's press, radio and television relations as well as the organization's community relations.

Earle came to Ithaca in 1954 and joined the faculty at Ithaca College as a member of the Department of Radio and Television. At the same time he joined the staff of radio station WHCU. He has been affiliated with both the college and WHCU since that time except for a brief period.

Each Ithaca editor submitted a list of ten seniors he deemed capable of the award, and from this the ten receiving the most votes were recognized as a "Top Seniors". Selection was based upon leadership qualities, extra-curricular activities, and contributions to Ithaca College, with departmental contributions taken into consideration.

This award is not to be confused with recognition by "Who's Who in American Colleges and Universities."

A pleture and a brief outline of the "Top Ten Seniors" may be found on page 4.

A faculty committee, chosen by the Student Council, will select one student from the Ithaca College's "Top Seniors", as the "Senior of the Year." This winner will be announced in the May 15 issue of The Ithacan, and will receive the "Douglas Betts Memorial Award" at the Moving Up Exercises, May 14.

The Betts award is in commemoration of a Delta Kappa Alumnus who died in an automobile accident in 1958.

The "Top Ten Seniors" as selected by the Ithaca editors were: Judith Brown, Speech; Anthony Buttingo, Radio-TV; Sandra Collins, Radio-TV; J. B. Zeltner, Physical Education; Harvey Perren, Physical Education; Frances G. Cotter, Liberal Arts; Nicholas Popiolek, Liberal Arts; Robert Mandel, Physical Education; Rose Militello, Speech; Linda Wagner, Radio-TV.

WICB-TV Outdraws Network Programs

Dear Editor:

This letter is written in appreciation of those members, editors for their help in the inauguration of our "Doggies Bette Memorial Silver Bowl" which has been established in connection with these shows. We realize that and hope that you and the students realize complications that arise from competition of this sort. However, the purpose of the award will always be the same, to give an incentive to students in doing well in the responsibilities they accept.

The award may be used to supplement the "Whos Who in American Colleges and Universities" which has a scholastic requirement. Our only scholastic requirement is that the senior be eligible for graduation. The intention is not to disregard scholarship but to award the seniors of recognition at Ithaca college.

Your undergraduate editors have seen tremendous responsibility and Delta Kappa thanks you for your cooperation.

The Ithaca College spring musical may well be worthy of the title "The Most Anticipated Event of the Entire School Year". Throughout the fall and winter months, whispers of conversation concerning the event can be heard at various places on the campus. This may be due, in part, to the fact that the annual musical is an integral part of the summer vacation is close at hand but the most significant appeal seems to stem from the degree of quality that has been established in connection with these shows.

Now, it seems to us, a very natural desire on the part of students that they should want their relatives from home to attend a performance of the spring musical because it represents an accomplishment in one area of school activities of which they are particularly proud. Equally natural is the reaction of students who, after ringing the alarm early on the first morning of ticket sales, are told to return by the telephone operator, "any hour in front of the window, are told that Saturday night has been previouly sold out to the cast and that only a few scattered seats are available for Friday night's performance. This throws a wrench into the plans of a student who is unable to attend any other but the two shows that have been established in connection with these shows. And that only a few scattered seats are available for Friday night's performance. This throws a wrench into the plans of a student whose family is unable to attend any other but the two shows..."
