Phi Mu Alphans Give Musicales

Delta Chapter Member Presentations

By Famous American Composers

On Tuesday, February 23, as a fitting tribute to the memory of George L. Frantz, Associate Professor of Music, the Delta chapter of Phi Mu Alpha presented its annual program of American music. For some years past this has been a custom among all the chapters of the college, each of them presenting, as nearly as possible on the birthdays of Washington, a program of this type.

The Delta chapter devoted somewhat from the traditional style of presentation the program to the memory of George L. Frantz, whose untimely death on the 17th of last month, according to the announcement of the students, was the occasion of their program. The memory of George L. Frantz was regarded by the Delta chapter with supreme reverence and for this reason the program was arranged in such a manner that it was fittingly presented.

Many Projects Occupy Time of Music Students

As usual the Band and Orchestra have been a hive of activity. Many new projects have been rapidly completed and some new and interesting programs have been in preparation for the coming spring. The Band and Orchestra are now preparing for a concert that is to be given on the 11th of April.

The Project Council considers many important items

A meeting of the Student Council was held in room 12 at 4 p.m. on Monday evening. The roll was taken and the minutes of the last meeting read and approved. The council also discussed the business of the day.

Hollywood won over Lunn and the best they could do was select a continuous film of a particular evening and give the highlights of the evening and the features of the performers who were present.

The next offering was an original composition of a student, Mr. W. S. G. Maurice, a graduate of the Institute of Education. He was a very successful student in his field and has been recognized by the school and the state as a leader in the field of education.

Among the outstanding features of the conference is the engagement of Mr. Rollo Ammon, author of The Servant in the House, and other well known political leaders to participate in the conference. The conference is the first time in the history of the college.
THERE WAS A TIME-
when a fellow writing a letter or an advertisement would start off by taking his pen in hand and keeping it there through the spaces or four pages of pupil before he got to the significant thing he had to say.

Nowadays he takes his typewriter on his lap (the machine, I mean), lights a cigar and gets right down to business.

And that’s just what I’m going to do—tell you right off the bat that SPRING CLOTHES ARE HERE.

And that means suits and top coats and stocks and shirts and hose and all.

And I’m rising up on my hind legs to remark that the quality of the things is at the same high spot you’ve always found REED things to be.

And if it’s possible to make good things better—then these are the best.

And, lest all of their styling is as modern as the headline on tomorrow’s paper.

The girls of Delta Phi are

mighty glad to announce that Mrs. Melville Brown

is to return from the West to

spend the vacation. We were surprised to receive a call

from her as soon as she reached the house-

of where she had been returning on the next train. Then

we had to go and call all of our nearest girls in the house.

Great laughter ensued when her voice was heard in the

house in Victor. Not only do we

receive visitors, but not at

all do we rejoice in the presence of your girls.

Many new and old friends in our

social circle are enjoying the

vacation at this time. All is well, and we look

forward to a busy term in the near

future.
