Fund-Raising Efforts Continue For New Campus on South Hill

Ithaca College is continuing its fund-raising efforts for its new campus on South Hill, President Dillingham told alumni Saturday at the annual reunion luncheon in Alumni Hall, Valentine Place.

Brown Appointed Chairman
He announced the appointment of John P. Brown, vice president of the American Arbitration Assn., New York, as chairman and George C. Schink, president of the Marine Midland Trust Co., New York, as general chairman of a special gifts campaign among corporations. Both men are trustees of the College, and Brown is a 1933 graduate.

The drive for corporate giving will begin in the Summer. Alumni will be approached about gifts, possibly in the fall. By that time the construction program of up to $17 million for five dormitories and a student union on the new campus will be under way. It is expected.

23 Acres Purchased
President Dillingham also announced the purchase of 23 acres of land, including two houses and two barns, from Russell Miller at the corner of the Danby and Cod­dington Rds. This gives the College a total of 308 acres on South Hill, just outside the city line. Dillingham said the purchase was made for a possible future building site in the athletic fields.

Today at 5:00 p.m. the Women's Student Government will hold its installation of new members in the Annex Lounge. The officers of the new Council will be elected at this meeting.

The Ithaca College Bombers will open their home season at South Hill this afternoon with a 3 p.m. encounter with Drew University. The Ithaca last weekend gave all impression that they were the team of last year, which went to the district final at Penn State.

On Friday the Bombers combined hitting and pitching for a reason­ ing 17-0 win over St. John's in South Orange, N. J. The battery of Jim Russin and Brian Mee combined to drive in 17 runs and Russin allowed only 6 batters to hit in picking up the first win for the College this season.

The Bombers made two in a row in beating Adelphi on Saturday afternoon, by a score of 11-7. Once again it was Russin who led the C. A. attack, with a pair of three­ run homers. Don Churchill and Chuck Brady combined the pitching chores and limited the home team to just 4 hits.

Two Kinds of Work After Graduation

In five weeks, seniors will have been graduated from Ithaca College. Some of these students will go on to College for graduate work but a far greater number will seek jobs to earn their own living.

Finn: "What four years of college has meant to each individual will be shown in both the individual who goes on to school and he who obtains a job. If a student has made the most of his opportunities while in College he will find himself just that much better qualified upon graduation.

Any student may feel confident when he has conscientiously gone through College and received his diploma with satisfactory marks that he is prepared to undertake graduate work or hold a job.

Do You Possess It?

In the library the other day three students borrowed from a nearby and thoughtful student. Before a history exam a few students asked for and received blue books from fellow students. Pencils, pens, and paper... everyday students borrow materials they should have bought themselves.

No one complains, in fact, it is quite expected. The question is, should it be?

Thoughtlessness is not considered an ideal quality to possess. Do you possess it?

Home is where the Heart Is

I sat in the squash bar engrossed (George would say the other day) and he couldn’t come in and he had to wash out in the pouring rain. "Oh, I was so embarrassed... And the other night I just got so mad at our house mother (you have our house mother) that I could have just spit at something. He kept on insisting that all the girls had to be inside the house one minute before the curfew because everyone had to be clear of the door by the time of curfew. She said that in case of fire or something they had to be clear all of time by midnight. Well, I insisted that she was wrong and I gave her a piece of my mind.

I think that anyone who has never had children here..." And so it went.

As I say, being a mere male, I sat there in the squash bar listening attentively and nodding every once in a while just to assure her that I appreciated her predicament and understood what she was going through.

But then, examining all aspects of the situation, we all after all must do what we see to come to a wise decision on the matter, I came to the conclusion after the conversaion was over that dorm life isn’t really so bad as this girl said it was. After all, nothing is really all bad. I mean I for one am grateful that we have the dorms and that we have the house mothers. It’s really a great experience to live in a dorm. It’s for the better, too.

Well, almost sure anyway.

AROUND

with jim aversa

If you’ve bought your maps, lower, mugs, school chauveaus and your maps, don’t forget to stay your tickets for Spring Weekend be only 60 days remote to do so... WIGB Radio will be on the air all weekend to give a "play by play" description of the going on... shouldn’t have too much listening appeal but it sounds like fun for WIGB.

Tomorrow is election day again... this time 12 students will be voting for president and vice president of Student Council for 1960-61... the new student council officers will claim their crowns as part of moving up ceremony May 10.

If you are eating more but enjoying it less, try the Sunday Night at you know where... the first one held last Sunday met with strong approval... quantity is the key word... it seems strange that the local gentleman should take so much pleasure in ticking (and Cornell) students... One student, who dashed to the Snack Bar for the proper change, arrived back in his car just as the meter man was preparing to write out a ticket... The officer heard when he heard the magic word "student!" and rushed over... for his book... In a village that would be another Duke City without Cornell and IC one would think that students would be treated fairly... A note to students who constantly complain about the ITHACAN... Ben Franklin had better facilities... it takes three people to put together each news story... while one type, the other two hold the typewriter together... "Happy Spring Weekend!"
