Recyclemania 2013!

Recyclemania is an 8-week competition promoting waste reduction across college and university campuses in the United States and Canada. During the competition our compost, recycling, and trash waste will be weighed weekly and then ranked into categories that determine which college will win the entire competition. This competition begins on February 3rd and lasts until March 30th. Start practicing the correct way to dispose of waste now so that Ithaca College can win this contest.

Compost: materials that can be composted on campus include: food, tea bags, paper napkins and plates, paper cups, and serviceware at IC Square.

Recycling (single stream): metal cans, foil, glass containers, paper milk and juice cartons, cardboard, mixed paper, #1-7 plastics, and small rigid plastics are all recyclable.

Trash: If your waste is not recyclable or compostable, then it goes into the trash containers. Plastic bags can be recycled in the plastic bag collection bin by OSCAR (near from Career Services).

HAPPY NEW YEAR!

Adopt these Green Resolutions

- Ride the bus, bike and walk more
- Use less paper.
- Eat slow, local, organic and well
- Create a compost pile
- Choose to reuse bottle, bags and cups.
- Donate to the ReUse Center
- Recycle, follow the guidelines
- Reduce the Juice, turn off and unplug
- Use green cleaning products
- Give up paper and plastic bags
- Wash clothes in cold water
- Only run the dishwasher fully loaded
- Don’t buy what you don’t need

Keep Healthy during the Winter

- Cross-country skis and snowshoes are provided through the Outdoor Recreation Equipment Center.
- NYS offers some great ski resorts that make good weekend and break trips.
- Drink fluids and continue to take in the proper amounts of vitamins.

Green Your Space

Having plants in your office and home will recycle and freshen the air and remove toxins. Some good plants to have indoors include:

- Bamboo Palm
- Boston Fern
- Pothos
- Rubber Plant
- Peace Lily
