Red's Phy. Ed. Commentaries
By TOM JONES

Not only the Phy. Ed. department but the whole school are very sorry that Ray Callaghan didn't do but last Monday. For the benefit of those few who don't know about the serious accident in the school this year Ray Callaghan was hit in the head with a 16 lb. shot. He was immediately brought to the school infirmary and now under the special care of both outside nurse and Miss Lourie he is doing very well. Hurry up and get out of the horizontal ray everyone is anxious to see you around.

Mike Canavan and Little Win Dotter are getting quite interested in the finer things in life. Both of them said that the Weeh's recital was very enjoyable. In the mock marriage ceremony Little Win acted as the minister and Mike as the usher. Jobs are flooding into the school this year. So far we have six of this year's men with positions and one of last year's class. The men with jobs are Barney Goodfellow, Whitey Bush, Lou Gregory, Bob Mair, Carl Eldridge, and Ross Herrick. The last year's men is Harry Marks. The track team is going to Trenton next week for the Invitational Physical Meet.

I haven't heard any response from the tennis challenge that was in the paper last week. If the fellows in the Phy. Ed. Dept. are willing to put up a joint challenge from the other The Ideal had better look to the Phy. Ed. Dept. are willing to pass didn't get a position in California. You'd enjoy seeing those fellows play.

Even at that it was a damn good game, the score was due to the tough breaks that Jhaha received but does not in- deed to all the ball that was played for about seven innings. Gid Hawley pitched fine ball and Ray Reynolds and Patty were outstanding in the field. The attendance was none better but it can still improve.

College Life To His
Dear Uncle Hezekiah

Between Rains

Dear Uncle Hezekiah,

Once again I have taken my quill in hand and shall now pour forth one of my spade communications to you. (Now you are what Paw didn't raise bugs for.)

I went to a baseball game the other day. Ithaca College played a college and we've sure got a good team. You'd enjoy seeing those fellows play. I had to leave after the fourth inning. Maybe Paw or Paw told you about that. I've seen the play where in the last week of all the Phy. Ed. students in the whole school. I'm sorry I've not been here to pay you a visit. I'm very well. Hurry up to see you.

There is no need for a lot of whangdoodle talk about cigarettes — just plain common-sense

When you stop to think about your cigarette—what it means to you — here's about the way you look at it—

Smoking a cigarette gives a lot of pleasure—it always has.

People have been smoking and enjoying tobacco in some form or another for over 400 years.

Of course you want a cigarette to be made right. And naturally you want it to be mild. Yet you want it to have the right taste— and plenty of it.

In other words—you want it to satisfy.
