

**Leading the Way: Creating a student organization to support those affected by breast cancer**

Veronica Griesemer '17

Physical Therapy (DPT '19)

Sponsored by Michele Lenhart

After three years of attending leadership development workshops and serving the community, the presenter of this session successfully founded and leads a new organization with a mission to help individuals in the Ithaca community navigate through breast cancer diagnoses. Unite for HER provides resources and support to promote physical and emotional wellness – and provides an outstanding opportunity for student members to learn leadership skills along the way.
